## Independent Auditors' Report

To the Board of Trustees  
American Health Foundation  
403(b) Retirement Savings Plan  
Dublin, Ohio

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of American Health Foundation 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter —Supplemental Schedules Required by ERISA***

The supplemental schedule of Assets Held for Investment Purposes as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

##### Note 1 - Description of Plan

The following description of the American Health Foundation (the Company) 403(b) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is an amendment and restatement of a previously established qualified plan of the Company, which was originally effective October 1, 1991. The effective date of the amendments and restatements are January 1, 2009, January 1, 2013, October 15, 2020 and January 1, 2021. The Plan is a safe harbor defined contribution plan covering all eligible employees. All employees are eligible regardless of hours worked or age in accordance with safe harbor guidelines. Eligible employees enter the Plan on the first day of the month following the date that eligibility requirements have been met. Company contributions are credited to all eligible employees regardless of the amount of service they complete during the Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Contributions - Plan participants' total deferrals in any taxable year may not exceed a dollar limit, which is set by law at \$23,000 with \$7,500 catch-up in 2024 and \$22,500 with \$7,500 catch-up in 2023. The Plan allows the Company to make discretionary contributions. The Company may change the percentage for matching contributions each payroll period. In 2024, the Company matches 100% on the first 3% of compensation deferred and 50% on the next 2% deferred (a limit of 4% of earnings).

Participant Accounts - Each participants' account will be credited with (a) their salary deferrals, (b) Company matching contributions, if any, (c) earnings on directed investments, and (d) forfeitures of terminated participant's non-vested accounts. Forfeitures will reduce the required matching contribution of the Company. Company matching contributions will be allocated in the same manner as participant salary deferrals. Allocations of Company discretionary contributions and forfeitures are based upon the participant's eligible compensation for the Plan year, relative to the total of all participants' eligible compensation for the Plan year.

Vesting - The participants are 100% vested in Company contributions immediately. The participant is always 100 percent vested in their salary deferral contributions.

Forfeitures - Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan contribution portion of their accounts. Such forfeitures are first used to reduce the Plan's contributions to the Plan. Any remaining forfeitures may be used to pay administrative expenses of the Plan. At December 31, 2024 and 2023 forfeited non-vested accounts totaled \$3,117 and \$0, respectively.

Note 1 - Description of Plan— Continued

Administrative expenses - Certain recordkeeping fees are charged directly to the participants' accounts then transferred to and paid from the Plan's revenue account. Fees incurred by the Plan for the investment management services and certain participant recordkeeping fees are included in net appreciation (depreciation) in fair value of investments, because they are paid through revenue sharing, rather than a direct payment from the Plan.

Distribution of Participants' Accounts - The following schedule reflects the options available to the Administrative Committee relative to distribution of participants' accounts:

- Upon termination of services (other than retirement, disability or death), the distribution of the participant's account will normally be deferred until the next valuation date. The distribution will be made in a lump sum. If the value of the participant's account is \$5,000 or less, the account balance will be distributed as cash if another option is not chosen by the participant within a reasonable time after separation of service.
- Upon death, the participant's account will be distributed to their beneficiary in a single lump-sum, or the beneficiary may elect to receive the distribution from the Plan in the form of an annuity and the installments cannot be over a period more than the beneficiaries life expectancy; and
- Upon retirement, the distribution of the participant's account may be made in a lump sum or in equal annual installments over a period not to exceed the participant's life expectancy.
- In-service withdrawals, including hardship withdrawals, may be available as defined by the Plan document. A participant making a hardship withdrawal is ineligible to contribute to the Plan for the next six months from the date of receipt of the withdrawal.

Note 2 - Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Management's Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States of America requires the use of management's estimates. Actual results may differ from the estimates.

Note 2 - Accounting Policies— Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Fair Value Measurement section for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Fair Value Measurements

FASB ASC 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**403(b) RETIREMENT SAVINGS PLAN**  
**NOTES TO THE FINANCIALS STATEMENTS**

Note 2 - Accounting Policies— Continued

Fair Value Measurements - Continued

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the Organization at year end. These investments use Level 1 inputs.

*Money Market funds:* The carrying amount approximates fair value because the instruments are liquid in nature. This investment uses Level 2 inputs.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>2024</u>	Total	Level 1	Level 2	Level 3
Money market account		\$ 35,320	\$ -	\$ 35,320	\$ -

Note 3 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2024</u>	<u>2023</u>
Money market account	\$ 35,320	\$ 142,046
Mutual funds	7,168,597	6,785,431
Notes receivable from participants	137,403	103,206
	<u>\$7,341,320</u>	<u>\$7,030,683</u>

The net appreciation (depreciation) in fair value of investments at quoted market prices, \$596,980 and \$696,012 for the years ended December 31, 2024 and 2023, respectively, was attributed to mutual fund investments.

Note 5 - Future of the Plan

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time. Neither amendment nor termination of the Plan shall retroactively reduce the vested rights of participants or permit any part of the Plan assets to be diverted or used for any purpose other than for the exclusive benefit of the participants.

In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 – Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7 - Federal Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 9, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 8 – Concentration

For the years ended December 31, 2024 and 2023, the Plan held investments that represented 53% (3 investments) and 64% (4 investments), respectively, of net assets available for benefits.

Note 9 - Subsequent Events

Management has reviewed all events subsequent to December 31, 2024, to assess the need for potential recognition or disclosures in the financial statements. Such events were evaluated through October 13, 2025, the date these financial statements were available to be issued. Based upon this evaluation, it was determined that no other subsequent events occurred that require recognition or additional disclosure in the financial statements.

Note 10 – Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of mutual funds and a common trust fund managed by an affiliate of and Ascensus Trust Company (Ascensus). Ascensus is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest. All of these, party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Participant loans are available to participants. Related transactions qualify as party in interest transactions.

Fees paid to the Plan for record keeping services amounted to \$8,721 and \$6,664 for the years ended December 31, 2024 and 2023, respectively. The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged.
