INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor of Empower Pharmacy 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Empower Pharmacy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Empower Pharmacy 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Empower Pharmacy 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Empower Pharmacy 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Empower Pharmacy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Empower Pharmacy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a- Schedule of Delinquent Participant Contributions as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Empower Pharmacy 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering all eligible employees of Empower Clinic Services LLC (the Company) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2022.

Effective January 1, 2024, the Plan documents were restated, and the Plan documents were also amended to:

- Adopt basic safe harbor matching provisions with 100% matching to the first 3% of the participant's eligible compensation, plus 50% of the next 2% of the participant's compensation.
- remove discretionary matching employer contributions provisions.
- discontinue automatic deferral provisions for employees who become participants on or after January 1, 2024.

Eligibility

To be eligible to participate in the Plan, employees must have reached 21 years of age. Collective bargaining employees, nonresident aliens, residents of Puerto Rico, and directors acting solely in that capacity are excluded from participation in the Plan. Eligible employees shall enter the Plan on the first day of the calendar month immediately following the date the eligibility requirements are met.

Contributions

Participant Contributions: Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants may contribute from 1% to 99% of their plan compensation in pre-tax deferrals and Roth deferrals as defined in the Plan and by the Internal Revenue Service. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Plan includes post severance compensation as eligible compensation.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Automatic Contribution Arrangement (ACA): The Plan includes ACA provisions for participants. Employee who becomes a participant prior to January 1, 2024, and participants without an existing affirmative election shall be subject to the automatic enrollment provisions of the Plan. The employer automatically withholds 2% of eligible compensation each pay period contributed as pre-tax elective deferrals to the Plan. The initial automatic deferral amount will increase by 1% per year up to a maximum of 10%.

Employer Contributions:

- *Safe Harbor Matching Contributions:* The Company makes safe harbor matching contributions in an amount equal 100% matching to the first 3% of the participant's eligible compensation, plus 50% of the next 2% of the participant's compensation. The Company made safe harbor matching contributions in the amount of \$1,762,429 during 2024.
- *Non-Elective Contributions:* The Company may also make discretionary non-elective contributions as determined by the Company. To receive an allocation of Company non-elective contributions, participants must complete 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan Year.

All of the forgoing contributions are subject to limits as set by federal law.

Participant Accounts

Each participant's account is credited with the participant's own contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment distributions. Terminated participants whose balances are less than \$5,000 will be automatically distributed. For such balances exceeding \$5,000, subject to certain requirements, participants may leave their account balance in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts for financial hardship or after attaining the age of 59½. The distribution of the participant's account must commence no later than April 1 following the calendar year in which the participant attains age 73.

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Loans

Loans to participants consist of promissory notes received from participants in exchange for the distribution of cash from the Plan. A participant is allowed to borrow a minimum of \$1,000, up to one-half of the vested balance of their Plan account, up to a maximum of \$50,000. Loans must be repaid over no more than a five-year period. Principal and interest are paid not less frequently than quarterly or ratably through payroll deductions. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

Investment Options

Participants may direct the investment of all contributions into various investments options offered by the Plan and Empower Retirement, LLC (Empower).

Vesting

Participants are always fully vested in their own contributions, Company safe-harbor matching and nonelective contributions, and all earnings thereon.

Forfeitures

Forfeitures of non-vested employer contributions, if any, shall be used to reduce employer contributions and can be applied to reduce administrative expenses charged to the Plan, for the plan year in which they occurred or thereafter. During the year ended December 31, 2024, forfeitures totaling \$5,503 were utilized to reduce employer contributions. As of December 31, 2024, there were \$1,564 in forfeiture nonvested accounts available for future use.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain amounts in the prior period financial statements have been reclassified to conform to the presentation of the current period financial statements. These reclassifications had no effect on the previously reported net increase in assets available for benefits.

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Empower, the custodian of the Plan, has certified as being complete and accurate the following information as of December 31, 2024 and 2023, and for the year then ended December 31, 2024.

- Investments and notes receivable from participants are reflected on the accompanying statements of net assets available for benefits
- Net appreciation in fair value of investments, dividends, interest from investments, and interest income on notes receivable from participants are reflected on the accompanying statement of changes in net assets available for benefits.
- Investments are reflected on the schedule of assets (held at end of year)

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2024 and 2023.

Registered investment accounts (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based on the participant's share of the investment fund.

As of December 31, 2024, assets in the plan, as defined by ASC Topic 820, were as follows:

	<u>Assets at fair value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 14,510,112	-	-	\$ 14,510,112
Total investments, at fair value	<u>\$ 14,510,112</u>	<u>-</u>	<u>-</u>	<u>\$ 14,510,112</u>

As of December 31, 2023, assets in the plan, as defined by ASC Topic 820, were as follows:

	<u>Assets at fair value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 8,017,906	-	-	\$ 8,017,906
Total investments at fair value	<u>\$ 8,017,906</u>	<u>-</u>	<u>-</u>	<u>\$ 8,017,906</u>

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5: GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive group annuity contract with Empower Annuity Insurance Company of America in the EI Fixed Account - Series Class I which is guaranteed by Empower Annuity Insurance Company of America totaling \$26,314 at December 31, 2024. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower Annuity Insurance Company of America is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is set semi-annually and effective as of the first day of the semi-annual period. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The group annuity contract does not permit Empower Annuity Insurance Company of America to terminate the agreement prior to the scheduled maturity date. The effective rate of interest is set at least annually and no more frequently than quarterly and is based on the earnings of the underlying assets of the portion of the general accounts used to determine the interest crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield and actual average yield earned by the plan for 2023 is 1.23% and for 2024 is 1.41%.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

EMPOWER PHARMACY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 6: PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, it has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remaining Plan assets would then be distributed to participants.

NOTE 7: TAX STATUS

The Company has adopted the Empower Retirement, LLC Non-Standardized Pre-Approved Profit-Sharing/Money Purchase/CODA plan. The Internal Revenue Service ("IRS") has informed Empower Retirement, LLC in a letter dated November 14, 2022, that its non-standardized pre-approved defined contribution plan is designed in accordance with applicable sections of the IRC, and any Plan sponsor adopting this form of the non-standardized pre-approved defined contribution plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the Plan and related trust are tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower. Empower is the custodian, as defined by the Plan, therefore, these investments and investment transactions qualify as party-in-interest transactions. Any purchase and sale of investments in the custodian are open market transactions at fair market value. Fees incurred by the Plan for investment management services are included in net appreciation in the fair value of investments. These fees are paid to the investment fund manager and may include certain revenue-sharing fees that are paid to Empower, other investment custodians, and investment advisors.

Additionally, the Plan sponsor, Empower Clinic Services LLC, is also a party-in-interest to the Plan, however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2024, to the Plan's Form 5500:

Change in net assets available for plan benefits per financial statements	\$ 6,503,867	
Add: Employer contributions receivable at December 31, 2023		51,206
Add: Participant contributions receivable at December 31, 2023		77,947
Change in net assets available for plan benefits per Form 5500	\$	6,633,020

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.
