## Independent Auditor's Report

Plan Administrator  
Sunset Park Health Council Retiree Medical Account Plan  
New York, New York

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Sunset Park Health Council Retiree Medical Account Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### December 31, 2024 and 2023

#### 1. Description of the Plan

The following description of the Sunset Park Health Council Retiree Medical Account Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. Copies are available from the Plan sponsor.

##### **General**

The Plan was established effective January 1, 2017. The Plan is a non-taxable retiree medical plan available to employees of the Sunset Park Health Council, Inc. (“SPHC”) for the purpose of providing reimbursement for qualified medical care expenses to certain retirees. The Plan is funded through a Voluntary Employees Beneficiary Association. The Plan Administrator is SPHC or any individual or committee to whom SPHC has delegated the responsibility, authority and discretion to manage and direct the operations and administration of the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Participation in the Plan begins when an employee reaches age 40 and is employed in a regular position of 17.5 hours a week or more and is eligible for medical benefits. If an employee was 40 prior to January 1, 2017, he or she began participating on January 1, 2017. Employees subject to any collective bargaining agreement are not eligible for SPHC contributions under the Plan, unless and to the extent the collectively bargained agreement specifically provides for their coverage under this Plan.

The Plan assets are held by Teachers Insurance and Annuity Association of America (“TIAA”) as insurance company of the Plan. TIAA, FSB (formerly “TIAA-CREF Trust Company, FSB”) is the custodian/trustee for the non-annuity assets, including mutual funds. TIAA is a non-profit, legal reserve life insurance and annuity company. Plan assets can also be invested in mutual funds managed by The Vanguard Group (“Vanguard”). Vanguard is an investment management company that offers mutual funds and financial products and services to both individual and institutional customers.

Effective May 1, 2024, the TIAA-CREF Lifecycle Funds were renamed the Nuveen Lifecycle Funds (“Lifecycle Index Funds”). This change did not impact any of the underlying Fund’s investment strategies or portfolio management. Contributions made for participants are initially invested in the Lifecycle Index Fund of the year that is nearest to the participant’s 65<sup>th</sup> birthday. The Plan also allows participants to select their own investments and create their portfolio from its menu of investments in several asset classes. Participants can transfer their balances to other funds, or they may change the investment of their future contributions. They can also transfer funds between options.

As with all mutual funds, the principal value in a Lifecycle Index Fund, or any other mutual funds held within the Plan, is not guaranteed. Investment return is allocated to participants’ accounts based upon the number of units the participant owns in each investment and the net appreciation (depreciation) of the assets in the investment.

##### **Contributions**

SPHC contributes \$4,000 per participant annually. For all pay cycles, the contribution will appear in the first available paycheck in the month following any of these events: attaining age 40, a newly hired SPHC employee who is age 40 or above, or an employee who moved from an ineligible to eligible status (provided the employee is age 40 or over when the move to eligible status occurs). SPHC has no obligation to make contributions to participant accounts or to fund medical care expenses of retired participants in excess of the annual per participant contribution.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

Participants are not permitted to make voluntary participant contributions except at the discretion of SPHC. If permitted, eligible participants may make participant contributions pursuant to an after-tax salary deduction agreement.

The balance in each participant's account consists of SPHC's contributions made on their behalf and investment return less expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

SPHC contributions will vest:

- i) When the participant is employed by the SPHC, is at least 62 years of age and has completed 15 years of continuous service commencing on or after the participant's attainment of age 40,
- ii) If the participant dies while employed in a benefits-eligible position after having otherwise met the eligibility requirements, or
- iii) If the participant becomes totally disabled after completing 10 years of continuous service.

If participants are permitted to make contributions, their contributions will be vested immediately, subject to the provisions of the Plan Document governing entitlement of benefits.

#### **Forfeited Accounts**

Where a participant's employment with SPHC is terminated before they are 100% vested in employer contributions, the unvested portion of their employer contributions will be forfeited. The balance in the forfeiture account can be used to fund employer contributions required to be made to the Plan or to pay administrative expenses. SPHC utilized \$464,901 of forfeitures to reduce contributions and pay administrative expenses in 2024. As of December 31, 2024 and 2023, the amount available in the forfeiture account totaled \$4,983 and \$31,574, respectively.

#### **Plan Loans**

The Plan does not permit hardship withdrawals or loans.

#### **Payment of Benefits**

Funds in the participant's account will be available for payment of benefits by TIAA if the account is vested in accordance with the Plan document and the participant has satisfied each of the following requirements:

- i) The participant or participant's dependent has incurred a qualified medical care expense,
- ii) The participant is at least 62 years of age,
- iii) The participant has completed 15 years of continuous service with SPHC on or after attainment of age 40,
- iv) The participant is a retiree, and
- v) The participant was employed in a position eligible to receive medical benefits under the Plan on the last day of his or her employment with SPHC (except when a participant had transferred (whether voluntarily or involuntarily) to a position which was not eligible for participation in the Plan or which did not provide retiree medical benefits at the time the participant retired).

## Notes to Financial Statements

### December 31, 2024 and 2023

---

At the time of retirement, part of the participant's account will be liquidated by TIAA and the monies made available to the participant through a debit card which can be used to pay for allowable medical expenses for the participant and eligible family members.

Participants direct the investment of contributions made on their behalf into various investment options offered by the Plan in accordance with the Plan Document. The Plan currently offers numerous TIAA-CREF and Vanguard mutual funds.

## 2. Summary of Significant Accounting Policies

### **Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### **Use of Estimates**

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates and such differences could be material.

### **Valuation of Investments and Income Recognition**

The Plan's investments are held by TIAA and are stated at fair value. Shares of mutual funds are valued at the daily closing price as reported by the fund. These funds are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Lifecycle Index Funds seek high total return over time through a combination of capital appreciation and income. Each of the Lifecycle Index Funds is designed to provide a single diversified portfolio managed with a target retirement age in mind. The target date is the approximate date when investors expect to begin withdrawing money from the fund. Each portfolio invests in several underlying equity and fixed-income index funds offered by TIAA-CREF. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023. See Note 4 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net depreciation in the fair value of its investments, which consists of the realized and unrealized gains or losses, less expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income (when applicable) is recorded on the accrual basis.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Expenses of the Plan**

All direct expenses of the Plan will be paid by SPHC, except that, at the Plan Administrator's discretion, direct expenses of the Plan may be paid with forfeited funds.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

Fees that are related to a particular participant account may be assessed against that account. Such fees will be the responsibility of the participant unless SPHC, in its sole discretion, determines that it will pay certain fees assessed against the account.

#### Risks and Uncertainties

The Plan invests in various types of mutual funds or investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

### 3. Certified Financial Data

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

The following is a summary of the Plan's financial information included in the Plan's financial statements as of December 31, 2024 and 2023, and for the year ended December 31, 2024. Refer to the accompanying supplemental schedule included within the financial statements for the certified schedule of assets held at end of year as of December 31, 2024.

	<u>2024</u>	<u>2023</u>
<b>Statements of net assets available for benefits</b>		
Investments, at fair value	\$ 11,139,723	\$ 9,148,295

Net investment income for the year ended December 31, 2024 consisted of the following:

#### Statement of changes in net assets available for benefits

Net investment income		
Dividend income		\$ 406,821
Net appreciation in fair value of investments		<u>706,483</u>
Net investment income		<u>\$ 1,113,304</u>

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

### 4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The levels of the fair value hierarchy are described below. Authoritative guidance on fair value measurements, Accounting Standards Codification Topic 820, *Fair Value Measurement*,

# Sunset Park Health Council Retiree Medical Account Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

---

establishes a hierarchy of valuation methodologies based on the extent to which asset valuations are observable in the marketplace. The following describes the hierarchy of methodologies used to measure the fair value of investments:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table provides a summary of investments measured at fair value, by classification within the fair value hierarchy, at December 31, 2024 and 2023:

	<b>Active Markets (Level 1)</b>	<b>Observable Inputs (Level 2)</b>	<b>Unobservable Inputs (Level 3)</b>	<b>Total 2024</b>
Mutual funds	\$11,139,723	\$ -	\$ -	\$11,139,723
Total investments, at fair value	<u>\$11,139,723</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$11,139,723</u>

	<b>Active Markets (Level 1)</b>	<b>Observable Inputs (Level 2)</b>	<b>Unobservable Inputs (Level 3)</b>	<b>Total 2023</b>
Mutual funds	\$ 9,148,295	\$ -	\$ -	\$ 9,148,295
Total investments, at fair value	<u>\$ 9,148,295</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,148,295</u>

#### 5. Plan Termination

Although the Plan has not expressed any intent to do so, SPHC has the right to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, the assets will be distributed to the plan participants.

## **Notes to Financial Statements**

### **December 31, 2024 and 2023**

---

#### **6. Tax Status**

The IRS has determined and informed SPHC by letter dated April 18, 2019 that the Plan is intended to qualify pursuant to Section 501(c)(3) of the Internal Revenue Code ("IRC") and, accordingly, the Plan's related trust is exempt from income taxes. The Plan Administrator and the Plan's internal legal counsel believe that the Plan is qualified and the related trust is tax-exempt in accordance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been made.

#### **7. Party-In-Interest and Related-Party Transactions**

Certain of the Plan's investments are managed by Nuveen, a TIAA Company, and, therefore, these qualify as party-in-interest transactions. The total fair value of investments managed by Nuveen was \$10,534,512 at December 31, 2024 and by TIAA was \$8,776,748 at December 31, 2023. The Plan Administrator and the Plan's counsel believe that the Plan's transactions with related parties are permitted by the U.S. DOL's prohibited transaction exemptions.

#### **8. Subsequent Events**

SPHC has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued and has determined that no events occurred that would require recognition or disclosure in the financial statements.
