Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: WIPFLI LLP

(2) EIN: 39-0758449

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator
Network Data Systems Savings and Retirement Plan
Schaumburg, IL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Network Data Systems Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Network Data Systems Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Network Data Systems Savings and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Network Data Systems Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Network Data Systems Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Network Data Systems Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Network Data Systems Retirement and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for eligible employees of Network Data Systems, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Company (other than non-resident aliens and employees covered by a collective bargaining agreement which does not provide for their participation) are eligible to participate in the Plan on the first of the month coincident with or following the completion of one month of service, as defined by the Plan, and attainment of age 18. Effective January 1, 2024, long-term part-time employees who have not previously entered the Plan, but have attained at least 500 hours of service in at least three consecutive years beginning after December 31, 2020, are eligible to participate in the Plan.

Contributions

Eligible employees may elect to make before-tax and/or Roth after-tax salary deferral contributions up to 100% of compensation, as defined by the Plan. All employees who do not affirmatively elect not to participate are automatically enrolled in the Plan at a 6% pre-tax salary contribution deferral rate.

The Plan also allows for participants to make before-tax and/or after-tax Roth salary deferral catch-up contributions in accordance with Internal Revenue Service (IRS) regulations and rollover contributions from qualified sources as defined by the Internal Revenue Code (IRC).

The Plan provides for the Company to make discretionary matching contributions to the Plan. The Company did not make any such contribution to the Plan for the year ended December 31, 2024.

The Company may also contribute a discretionary non-elective amount to the Plan allocated to eligible participants who are employed on the last day of the Plan year as a uniform percentage of participant compensation. The Company has not made any such contributions to the Plan for the year ended December 31, 2024.

Contributions are subject to certain IRS limitations.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant - Directed Investments

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers several investment fund options held within an investment contract with Voya Retirement Insurance and Annuity Company.

Vesting

All participant salary deferral contributions and rollover contributions and earnings (losses) thereon are immediately 100% vested. Participants vest in Company discretionary contributions at a rate of 33% per year of service, as defined by the Plan, beginning with the first year of service and reaching full vesting after three years of service. Any amounts forfeited by Plan participants are allocated as additional discretionary contributions in the same Plan year in which the designated forfeiture occurs.

Notes Receivable From Participants

The Plan allows each participant to borrow a maximum of \$50,000, reduced as defined in the Plan, or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate approved by the Plan Administrator comparable to commercial lending standards. The interest rate on existing loans ranged from 4.25% to 9.50% at December 31, 2024. Loans are funded by a withdrawal from the participant's own account and are payable in equal installments by payroll deduction over a period not to exceed five years, unless the participant's loan is for the purchase of the participant's principal residence which may be paid over a period not to exceed 15 years.

Payment of Benefits

A participant is entitled to the vested value of his/her account balances at the normal retirement age (65), upon termination of employment, death, or total disability. Benefits are paid to a participant or his/her beneficiary in the form of a lump sum.

In-Service Withdrawals

The Plan allows for in-service withdrawals by participants who have attained the age of 59 ½ from the vested portion of their account balances or withdrawal of employee salary deferral contributions or rollover contributions by any participant at any time. In addition, the Plan allows for hardship withdrawals subject to the terms of the Plan document.

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, rollover contributions and Company contributions, if any, and charged with withdrawals, as applicable, and administrative fees, and an allocation of Plan earnings or losses based on the participant's account balance in each investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

The Company has the right to terminate the Plan subject to the provisions of ERISA at any time, although it has expressed no intention to do so. Upon termination of the Plan, participants become fully vested in their combined accounts and entitled to a distribution from the Plan. The Plan Administrator will distribute Plan assets to participants or their beneficiaries in accordance with the Plan document.

Secure 2.0 Act

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no material impact on the Plan. Plan management will determine the optional provision to elect in the future.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from those estimates.

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan invests in an investment contract with Voya Retirement Insurance and Annuity Company. The investment contract is comprised of several funds within a pooled separate account and a guaranteed interest rate fixed account from which participants of the Plan choose for investment of their account balance. Participants hold units of participation in the individual fund or fixed account in which their account balances are invested.

The Plan's investments in the pooled separate account funds under the investment contract with insurance company are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Net appreciation in fair value of investments includes the Plan's gains and losses on pooled separate account fund investments bought and sold as well as held during the year.

The Plan's investment in the fixed account under the investment contract with insurance company is stated at contract value. Contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Interest income on the Plan's investments in the fixed account is recorded on the accrual basis.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Determination as to when participant notes are considered in default and reclassified as distributions is based on the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Excess Contributions Payable

At December 31, 2024, amounts payable to participants totaling \$27,978 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Company distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025. The Plan distributed the 2023 excess contributions totaling \$18,588 to the applicable participants prior to March 15, 2024.

Benefit Payments

Benefits are recorded when paid.

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses of the Plan are comprised primarily of investment advisor fees, accounting service fees and fees charged to the Plan by the third party administrator for distributions and/or loans. Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Allowable expenses are allocated pro-rata to participant accounts as a reduction of returns on investment. Fees charged to the Plan for distributions and/or loans are allocated to the account of the individual participant.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants at December 31, 2024 and 2023, and total investment income and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies as of December 31, 2024 and 2023.

The pooled separate account funds are valued at the net asset value (NAV) per unit, as provided by the custodian, as a practical expedient to estimate fair value. The NAV per unit is based on the fair value of the underlying investments adjusted by a daily asset charge as determined by the contract issuer.

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As the investments in the Plan valued at fair value are all measured using NAV as a practical expedient as provided by ASU 2015-07, none of the investments are required to be included in the fair value tables. Therefore, these tables have been omitted.

The following table sets forth the additional required disclosures for the Plan's investments whose fair value is measured using NAV per unit as a practical expedient as of December 31, 2024 and 2023.

	Fair Value December 31, 2024	Fair Value December 31, 2023	Redemption Frequency (If Currently Eligible)	Unfunded Commitments	Redemption Notice Period
Pooled Separate Account D:					
Investment Funds:					
Asset Allocation Funds (a)	\$ 3,962,987	\$ 3,545,091	Daily	\$ -	None
Fixed Income Funds (b)	502,381	615,606	Daily	-	None
Equity Funds (c)	7,482,464	5,437,265	Daily	-	None
Balanced Funds (d)	1,059,455	879,182	Daily	-	None
	\$ 13,007,287	\$ 10,477,144		\$ -	

(a) Asset allocation funds are designed to seek returns based on the risk tolerance of the individual investor.

(b) Fixed income funds are seeking income or growth of income, with less emphasis on capital appreciation.

(c) Equity funds include large, mid, and small cap growth and income funds both domestic and international and seek to provide opportunities for capital appreciation and dividend income while providing a diverse mix of options for participant asset allocation preferences.

(d) Balanced funds seek to balance growth of principal and current income by investing in a combination of stocks and bonds. The investment style used is either moderate allocation or conservative allocation.

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 5: Guaranteed Interest Account with Voya Retirement Insurance and Annuity Company

The guaranteed interest rate fixed account ("Fixed Account") investment option under the investment contract with Voya Retirement Insurance and Annuity Company ("Voya") qualifies as a fully-benefit responsive investment contract. Voya maintains the contributions of the Fixed Account in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fixed Account. Contract value, as reported to the Plan by Voya, represents contributions made to the Fixed Account under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Fixed Account at contract value. However, transfers from the Fixed Account to a competing investment option cannot be made.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is determined at the discretion of the issuer, but may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

The ability of the Plan or its participants to transact at contract value with the issuer could be limited if the Plan decides to withdraw from the investment contract. The Plan Administrator has indicated there is no intent to withdraw from the contract in the near term. The investment contract, entered into in April 2013, permits the issuer to terminate the agreement after five contract years have been completed with 90 days written notice to the Plan. The Plan has not received any such written notice from the issuer as of UPDATE DATE, the date the financial statements were available to be issued.

Note 6: Income Tax Status

The Company has adopted a non-standardized pre-approved prototype document with an IRS determination letter which states the prototype document is in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Network Data Systems Savings and Retirement Plan

Notes to Financial Statements

Note 7: Risks and Uncertainties

The Plan provides for investment in investment funds held in a pooled separate account and a guaranteed interest rate fixed account under an investment contract with an insurance company. The underlying investment securities of the pooled separate account and guaranteed interest rate fixed account are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities and the level of the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Related-Party Transactions and Party-in-Interest Transactions

The investment assets of the Plan are invested in an investment contract with Voya. Voya is the record keeper and custodian of the Plan. Therefore, transactions with respect to these assets qualify as party-in-interest transactions. Administrative fees paid by the Plan to Voya were \$4,609 for the year ended December 31, 2024.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
