INDEPENDENT AUDITORS' REPORT

To the Trustees of
Seven Hills Anesthesia, LLC Defined Benefit Plan
Cincinnati, Ohio

Opinion

We have audited the accompanying financial statements of Seven Hills Anesthesia, LLC Defined Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of accumulated plan benefits and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in accumulated plan benefits and net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Seven Hills Anesthesia, LLC Defined Benefit Pension Plan as of and for the years ended December 31, 2024 and 2023, and the changes in its financial status for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Seven Hills Anesthesia, LLC and the Seven Hills Anesthesia, LLC Defined Benefit Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Seven Hills Anesthesia, LLC Defined Benefit Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit, conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Seven Hills Anesthesia, LLC Defined Benefit Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Seven Hills Anesthesia, LLC Defined Benefit Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required for ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Schedule H, line 4i – Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4j – Schedule of Reportable Transactions for the year ended

December 31, 2024, referred to as “supplemental information” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA’s Report on the Financial Statements

INDEPENDENT AUDITORS' REPORT

To the Trustees of
Seven Hills Anesthesia, LLC Defined Benefit Plan
Cincinnati, Ohio

Opinion

We have audited the accompanying financial statements of Seven Hills Anesthesia, LLC Defined Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of accumulated plan benefits and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in accumulated plan benefits and net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Seven Hills Anesthesia, LLC Defined Benefit Pension Plan as of and for the years ended December 31, 2024 and 2023, and the changes in its financial status for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Seven Hills Anesthesia, LLC and the Seven Hills Anesthesia, LLC Defined Benefit Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Seven Hills Anesthesia, LLC Defined Benefit Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit, conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Seven Hills Anesthesia, LLC Defined Benefit Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Seven Hills Anesthesia, LLC Defined Benefit Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required for ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Schedule H, line 4i – Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4j – Schedule of Reportable Transactions for the year ended

December 31, 2024, referred to as “supplemental information” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA’s Report on the Financial Statements

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

(See accompanying financial statements and independent auditors' report)

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Seven Hills Anesthesia, LLC, Defined Benefit Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

1. General

The Plan is a cash balance defined benefit pension plan covering substantially all employees of Seven Hills Anesthesia, LLC (the Company) who have completed one year of service and attained the age of 21. The Plan, which became effective January 1, 2014, provides for pension and death benefits for its participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company through a pension committee comprised of Company officers. The Plan entry dates are the first day of each month.

2. Pension Benefits

An eligible plan participant (those employees that have completed one year of service and attained age 21) accrue benefits credited by year commencing with the year of entry and ending with the retirement year, excluding the years with less than 500 hours of paid compensation for 2024 and 1,000 hours of paid compensation for 2023.

Effective January 1, 2024, the 1,000 hours requirement is reduced to 500 hours for employees that have previously met the 1,000 hours requirement and are employed on the last day of the plan year.

Other than stated above, the Plan provides monthly retirement benefits to participating employees who have completed three years of service and have reached retirement age. The normal retirement age is 65. The plan does not provide for early retirement benefits. However, a participant who attains age 59 ½ and completes 5 years of service may request a distribution of part or all of the vested portion of the participant's benefit even though such participant has not terminated. The amount of the benefit is based upon the cash balance benefit, which is determined based upon the participant's group classification and compensation. The benefit is payable as a single life annuity, lump sum distribution or joint and survivor annuity upon termination for normal, early or late retirement.

The Plan has a death benefit equal to the present value of the participant's accrued benefit. The Plan does not provide for any death or disability benefits in excess of the participant's normal retirement benefit.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2024 and 2023

(See accompanying financial statements and independent auditors' report)

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Upon termination for any reason other than death or retirement, a participant shall be entitled to a portion of the benefit accrued in accordance with the following vesting schedule:

Vesting Schedule

<u>Credited Years</u>	<u>Vested Percent</u>
Less than 2 years	0%
2 but less than 3	20%
3 years and over	100%

3. Plan Termination

Although the Company has no intention to terminate the Plan, in the event of termination net assets attributable to benefits accumulated would be allocated among the participants and beneficiaries in the order prescribed by Section 4044 of ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Should the Plan terminate at some future time, whether all participants receive their benefits will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

2. Estimates & Assumptions

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets, liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could vary from those estimates.

(See accompanying financial statements and independent auditors' report)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Funding

The Plan's actuary performs a valuation as of the first day of the Plan year, which is January 1st, to determine the minimum Company contributions required to satisfy IRS minimum funding requirements based upon the benefits to be provided by the Plan. Funding is based on a required Pension Protection Act funding method which consists of a target normal cost based upon the value of benefits expected to be accrued during the year plus an amortization over 7 years of any excess of the funding target based upon the value of benefits accrued in prior years over the value of the Plan assets. The Company follows a policy of funding an amount equal to the cash balance allocations for the year which is sufficient to satisfy the "Minimum Funding Standards" of ERISA.

Eligible participants receive an interest credit each year. The interest credit is equal to the actual rate of return on the Plan's assets as determined on the first day of the Plan year. However, the cumulative rate of return may not be less than zero or above 8.5% for 2023. Effective January 1, 2024 the Plan was restated removing the 8.5% cap interest credit rate of return. The January 1, 2024 and 2023 market value return on assets were 13.81% and 12.23%, respectively.

4. Interest Crediting Rate

Accounting standards codification (ASC) 715 requires the disclosure of a cash balance plans interest crediting rate. The Plan removed the 8.5% cap interest credit rate effective January 1, 2024 and still maintains a cumulative rate of return that may not be less than zero. Therefore, the plan defines the interest credit based on the plan's asset returns. The company contributes the principal credits to the trust based on a specific dollar amount by category and a 2.5% of compensation for all others (credit given by the employer contributions to the defined contribution plan). The participant at retirement (or termination) receives the principal credits and the actual investment returns on those contributions. As a result, the fair value of the projected benefit obligation equals the fair value of the plan assets at each measurement date after January 1, 2024.

5. Administrative Fees

The costs and expenses of administering the Plan are paid by the Company.

6. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan invests in a variety of mutual funds and ETFs which have quoted market prices which are used to value the investments. Purchases and sales are recorded on a trade-date basis. Interest and dividend income are recorded on an accrual basis. The change in the unrealized difference between cost and fair value of investments held is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Gains and losses on disposition of investments are included with the net appreciation (depreciation) in fair value of investments.

NOTE C - ACTUARIAL COST METHOD & ASSUMPTIONS

The actuarial present value of accumulated Plan benefits is determined by an enrolled actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The actuarial assumptions used to determine employer contributions to the Plan are as follows:

	For PPA Funding	For 417(e)	For Actuarial Equiv.
Interest Rates	Segment 1 4.75%	Pre-retirement no mortality and 5.45%	Pre-Retirement 5.5%
	Segment 2 4.96%	Post-Retirement the 417(e) applicable mortality table and 5.52% interest	Post-Retirement 5.5%
	Segment 3 5.59%	5.43%

NOTE C - ACTUARIAL COST METHOD & ASSUMPTIONS (Continued)

Assumed Benefit Form for Funding 100% Lump Sum/0% Normal Form

Assumed Spouse's Age for both PPA Funding and Actuarial Equivalent Spouse assumed to be the same age as participant. Participant is assumed to be married to current spouse at retirement if spouse's date of birth is known.

Calculated Effective Interest Rate 5.23%

Cash Balance Projected Interest Crediting Rate 4.25%

Cash Balance Post-Retirement Conversion Assumptions 5.50% interest utilizing 2024 Applicable Mortality Table from Notice 2023-73

Actuarial Cost Method: The Unit Credit funding method was used as prescribed by the Pension Protection Act. This method sets the funding target equal to the present value of accrued benefits, and sets the normal cost equal to the present value of the benefit accrued in the current year.

Asset Value: An actuarial value of assets is used for funding purposes. This year the actuarial value of assets is 100.0% of the market value of assets.

NOTE D - TAX STATUS OF THE PLAN

The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The United States generally accepted accounting principles provide a framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**SEVEN HILLS ANESTHESIA, LLC DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2024 and 2023**

(See accompanying financial statements and independent auditors' report)

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Exchanged Traded Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and exchange traded funds held by the Plan are deemed to be actively traded (Level 1).

The following tables set forth by level, within the fair value hierarchy, the Plan's investments:

Financial Assets/Liabilities Measured at Fair Value on a Non-recurring Basis

There were no financial assets/liabilities measured at fair value on a non-recurring basis.

Fair Value of Financial Instruments

The carrying amounts of the Plan's financial instruments, including the employer contributions receivable, approximate fair value due to the short maturities of these financial instruments.

NOTE F – DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through October 13, 2025, the date on which the financial statements were available for issue. No material events have occurred subsequent to January 1, 2025 thru October 13, 2025.
