## INDEPENDENT AUDITOR'S REPORT

To the Participants of  
Labcon, Inc.  
Employees' Stock Ownership Plan and Trust

### *Opinion*

We have audited the accompanying financial statements of Labcon, Inc. Employees' Stock Ownership Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Labcon, Inc. Employees' Stock Ownership Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Labcon, Inc. Employees' Stock Ownership Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Labcon, Inc. Employees' Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and

disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Labcon, Inc. Employees' Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Labcon, Inc. Employees' Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**Note 1**                    **PLAN DESCRIPTION**

The following brief description of the Labcon, Inc. Employees' Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Labcon, Inc. (the Company) established the Labcon, Inc. Employees' Stock Ownership Plan and Trust effective as of January 1, 1995. The Company provides staff leasing services for several different companies (Employers).

The Plan is an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an ESOP Committee appointed by the Company's Board of Directors. Mr. W. Matthew Shepherd is the Plan's trustee.

The Plan purchased Labcon, Inc. common shares using contributions by the Company, and holds the stock in a trust established under the Plan. The Trustee oversees governance of the Plan.

**Eligibility**

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

**Contributions**

The Company may make contributions to the Plan to enable it to make distributions and purchase additional stock from the Company. Employees are not permitted to make contributions.

**Payment of benefits**

Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence no later than the fifth Plan year following separation from service, and are made in no more than five annual installments. Notwithstanding the above, distributions of small vested balances (under \$1,000) are generally made as soon as practicable. Anticipated future distributions for employees terminated prior to December 31, 2024 are approximately \$1,000,000.

**LABCON, INC. EMPLOYEES' STOCK OWNERSHIP PLAN AND TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

---

**Note 1**            **PLAN DESCRIPTION – (continued)**

Distributions are made in cash or, if a participant elects, in the form of Labcon, Inc. common shares plus cash for any fractional share. Under the provisions of the Plan, the Company is obligated to repurchase participant shares that have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. (See Put option below.) During 2024, the Company repurchased approximately 222,839 shares at prices determined from the independent appraisal.

Distributions are also available to allow certain employees to diversify their investments. The amounts above include potential diversification exposure. See “Diversification” below.

**Voting rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant.

**Termination**

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon a full or partial termination of the Plan, the interest of each affected participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the ESOP Committee should direct the Trustee to pay any liabilities and expenses of the trust fund.

**Participant accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. All investments are nonparticipant-directed. Each participant’s account is credited as of the last day of each plan year with an allocation of shares of the Company’s common stock purchased with an employer contribution and from forfeitures of terminated participants’ nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant’s eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant’s account based on the ratio of the participant’s beginning of the year account balance to all participants’ beginning of the year account balances.

**LABCON, INC. EMPLOYEES' STOCK OWNERSHIP PLAN AND TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

---

**Note 1**            **PLAN DESCRIPTION – (continued)**

Substantially all shares of Labcon, Inc. are owned by the Plan. Additional Labcon stock is issued when the Employers make contributions to the Company. The price of the additional stock is determined based on an appraisal of the existing stock.

**Vesting**

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants are 100% vested after three years of service; they are 0% vested before that time.

**Put option**

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end. The Plan's exposure to potential diversification was approximately \$226,000 at December 31, 2024.

**Forfeitures**

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2024 and 2023 were \$0 and \$0, respectively.

---

**Note 2**            **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Subsequent events**

The Plan has evaluated subsequent events through October 9, 2025, which is the date the financial statements were available to be issued.

**Basis of accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition**

The common shares of the Company are valued at estimated fair value. See Note 3 for discussion of fair value measurements.

Dividend income (if any) is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

**Operating expenses**

All expenses of maintaining the Plan are paid by the Company.

---

**Note 3**            **FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial investments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. There were no Level 1 or Level 2 investments at December 31, 2024 or 2023.

**Level 3 Fair Value Measurements**

The fair value of Labcon, Inc. common stock was determined by annual independent appraisals, done December 31, 2024 and 2023. These appraisals used two approaches: discounted cash flow analysis (70% at December 31, 2024 and 2023) and guideline company approach (30% at December 31, 2024 and 2023). The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

The ESOP Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables present fair value measurement information for the Plan's investments in Company common stock. The carrying values of receivables included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2024 and 2023, and thus are not included in the following table.

December 31, 2024	(198,041)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net unrealized appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value of the hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant changes between different levels of the fair value hierarchy.

**Note 4**            **TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated July 2, 2013, that the Plan, as designed, was qualified and the trust established under the Plan was tax-exempt, under the appropriate sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2021.

**Note 5**            **ADMINISTRATION OF PLAN ASSETS**

The Plan's assets, all of which consist of Labcon, Inc. common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, who invests cash received, interest, and dividend income, and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

**Note 7**            **REPORTABLE TRANSACTIONS**

There were no reportable transactions in 2024.

**Note 8**            **RISKS AND UNCERTAINTIES**

The Plan's investments consist of primarily Labcon, Inc. common stock, which is exposed to various risks, including interest rate, market and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**Note 9**            **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in Labcon, Inc. common stock, and the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. These are exempt party-in-interest transactions.
