Independent Auditor's Report

The Plan Administrator
Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective on December 1, 1970 by Woodruff-Sawyer & Co. (the Company and Plan Sponsor) and was most recently amended effective May 1, 2023. The Plan is a defined contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code (IRC) Section 401(k). All employees of the Company are eligible to participate in the Plan upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively Empower) were appointed as the Plan's custodian and trustee, respectively, and acted at the direction of the Plan's administrator.

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) non-resident aliens; and (2) employees covered by a collective bargaining (union) agreement. There is no age or service requirement to enter the Plan.

Effective May 1, 2023, the Plan was amended to require that a participant must be employed on the first day of a Plan year (with an effective date of January 1, 2023) to receive a non-elective contribution allocation for that year. The amendment maintained the requirement to be employed on the last day of the Plan year in order to receive a non-elective contribution. The amendment eliminated the requirement to be employed on the last day of the Plan year to receive the employer matching contributions.

Contributions

Participants may contribute to the Plan from 1% to 100% of their annual eligible compensation, up to the IRC Section 402(g) limit. Participants who are age 50 or older may elect to defer additional amounts (called catch-up contributions) to the Plan. Participants may also contribute amounts rolled over from other qualified plans. Participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts. Contributions from all sources may not exceed 75% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective May 1, 2023, the Plan was amended to include automatic enrollment at 3% of eligible compensation with an annual increase of 1% per year up to a maximum of 100% of compensation (up to IRC Section 401(g) limits). The automatic deferral percentage increase will occur on April 1 of

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

each Plan year after which the participant has had automatic deferrals withheld for at least six months (or 180 days).

On behalf of each participant who is eligible to share in discretionary matching contributions for the Plan year, the Company provides a discretionary matching contribution. For the year ended December 31, 2024, the Company matched 100% of employee deferrals up to 3% of eligible compensation, for a maximum of \$10,350 per participant. After-tax emergency savings contributions are not eligible for a matching contribution. Effective May 1, 2023, the Company began remitting employer matching contributions to the Plan on a per pay period basis, with an annual true-up performed at year-end. For the year ended December 31, 2024, the Company made matching contributions of \$3,076,085.

In addition to the discretionary matching contribution, the Company may also provide a discretionary profit-sharing contribution. For the year ended December 31, 2024, the Company made a discretionary profit-sharing contribution in the amount of \$1,000 per participant for those who met the requirements for an allocation. For the year ended December 31, 2024, the Company made profit sharing contributions of \$569,000.

Contributions are limited under Section 415(c) of the IRC. Contributions to this Plan and the Woodruff- Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the participants through this Plan, the Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and an allocation of (1) the Company's discretionary matching contributions, (2) the Company's discretionary profit-sharing contributions and (3) Plan earnings and administrative expenses. Company discretionary matching and profit-sharing contributions are allocated based on each participant's eligible compensation. Plan earnings are allocated based upon each participant's investment election and the investment performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the participant's principal residence. Notes receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the participant's account and bear an interest at rate of prime plus one percent. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Principal and interest are paid in equal installments through payroll deductions.

Vesting

Participant contributions, rollovers and earnings on these contributions are fully vested when made or earned. Effective May 1, 2023, participants are fully vested in any Company discretionary

Notes to Financial Statements

In the event of termination of a participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the participant's account shall become vested and nonforfeitable.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments.

Participants may elect to rollover their vested balance to another qualified retirement plan or individual retirement account (IRA). Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met.

Participants with account balances greater than \$1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the Plan's administrator.

Participants with account balances below \$1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

Forfeitures

If participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the administrator. If a participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

Forfeitures that occur during a Plan year will be used to reduce employer contributions and administrative expenses. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$159,330 and \$107,738, respectively. During 2024, forfeited funds of \$113,903 and \$180,876, respectively, were used to decrease 2024 and 2023 employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the fully-benefit responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 5) is valued at contract value.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds - Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - These accounts comprise mutual funds, and cash and cash equivalents. The individual investments in the self-directed brokerage accounts are valued on the basis of readily determinable market prices.

Pooled Separate Accounts (PSA) - The pooled separate accounts are valued at the net asset value of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Empower Annuity Insurance Company of America is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. There are no unfunded commitments, advance notice, or redemption restrictions. Furthermore, the underlying investments of these pooled separate accounts consist of mutual funds, which follows the investment strategies of those underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

December 31, 2024

	Level 1	Level 2	Level 3	Total

(a) *Target Risk* - The objective of these portfolios is to provide a diversified mix of stock, bonds, and other investments to create a desired risk profile.

(b) *Growth* - This is a direct filing entity.

4. Certified Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, qualified institutions.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

5. Fully Benefit Responsive Investment Contract

The Plan entered into a fixed annuity contract with Empower Investments, held at contract value, which is a general account product of Empower Annuity Insurance Company of America. Empower Investments Fixed Account Class IV is a fixed annuity contract issued by an insurance company that provides a guarantee of principal and interest backed by a general account of the issuing company. The general account consists of all the assets of the insurance company, and participant principal and interest are backed by the entire general account assets of Empower Annuity Insurance Company of America. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting rate is based on a formula established by the contract issuer. The crediting interest rate is reviewed on a quarterly basis for resetting.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact investments, at contract value, with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Empower Annuity Insurance Company of America or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also receives revenue credits from Empower. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

As of December 31, 2024 and 2023, the Plan had a balance in their revenue credit account of \$136,637 and \$133,745, respectively. During the year ended December 31, 2024, the Plan did not use the revenue credit balance in the expense budget account to reduce plan expenses.

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

7. Tax Status

The Plan uses a pre-approved plan document sponsored by Empower Retirement, LLC. Empower Retirement, LLC received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, which states that the pre-approved prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts and distributions will be made as described in the Plan document. Refer to Note 11 for plan termination noted as part of subsequent events to the date of the financial statements for year ended December 31, 2024.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially impact the amounts reported in the financial statements and participant account balances.

10. Reconciliation of Financial Statements to Form 5500

The following table is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2024	2023
Net assets available for benefits per the financial statements	\$ 150,739,527	\$ 127,954,589

Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan

Notes to Financial Statements

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500:

<i>Year ended December 31,</i>	<i>2024</i>

Less: current year receivables	(791,131)
Add: prior year receivable	817,285
Net Income per the Form 5500	\$ 22,811,092

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 8, 2025, the date which these financial statements were available to be issued.

On April 2, 2025, the Plan Sponsor elected to terminate the Woodruff-Sawyer & Co. Profit-Sharing and Pre-Tax Savings Plan (the "Plan") effective April 9, 2025. As of December 31, 2024, the Plan was ongoing and operating in the normal course. Subsequent to year-end, the Plan Sponsor initiated the process to terminate the Plan in accordance with the provisions of the Plan document and applicable regulatory requirements.

Upon termination, participants will become fully vested in their account balances, and the Plan Sponsor will take the necessary actions to distribute assets to participants or beneficiaries as soon as administratively feasible. The ultimate distribution of assets is subject to the completion of all regulatory and administrative procedures, including the receipt of a favorable determination letter from the Internal Revenue Service, if applicable.

The accompanying financial statements do not reflect any adjustments that might result from the Plan's termination.
