Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at year of end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined-contribution 401(k) plan available to employees of Pathfinder Communications Corporation; Jam Communications, Inc.; Talking Stick Communications, LLC; Federated Digital Solutions, LLC; and Partnership Radio, LLC (collectively, the Companies). The Plan covers substantially all full-time employees of the Companies who are not a member of a collective bargaining agreement, a leased employee, or a nonresident alien. All full-time employees are eligible to participate in the Plan the first day of the month following their hire date if they are age 21 or older. Part-time employees, who work at least 1,000 hours in their first year of employment or any subsequent calendar year, are also eligible to participate if they are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable, not to exceed the allocation limits allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2024, the Companies contributed a discretionary matching contribution of 50% of the participant's qualified contributions to the Plan year up to 6% of deferrals but limited to 3% of eligible compensation. There were no additional profit-sharing contributions during the year ended December 31, 2024. The Companies' contributions are invested into the various investment options in a manner consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of: (a) the Companies' contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service. A participant is fully vested after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly or annual installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant or beneficiary. If the participant's account balance does not exceed $1,000, the participant will receive a lump-sum distribution as soon as practicable following termination of employment. If the account balance is greater than $1,000, but less than $5,000, and the participant does not elect to receive the distribution directly, then the trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions and the vested employer contributions while still employed.

Note 1. Plan Description (Continued)

Forfeitures: At December 31, 2024 and 2023, there were no forfeited nonvested accounts. These accounts can be used to reduce future employer contributions or to pay administrative fees. During the year ended December 31, 2024, approximately $6,700 of forfeited nonvested accounts were used to pay administrative fees.

Notes receivable from participants: Participants may borrow from their account balance, a minimum of $1,000 up to the maximum equal to the lesser of 50% of their vested account or $50,000. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The note repayment schedule can be no longer than 60 months, unless proceeds are used for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties for investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Significant Accounting Policies (Continued)

Fair value measurements: The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

***Registered investment companies*:** Valued at the quoted market price of the fund as reported on public exchanges.

***Common collective trust fund*:** Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

	2024	2023
Investments, at fair value:		
Registered investment companies	$ 13,169,118	$ 11,075,173
Common collective trust	268,287	350,900
	$ 13,437,405	$ 11,426,073

Fidelity also certified to the completeness and accuracy of net appreciation in fair value of investments of $1,253,329 as well as $466,887 of dividends and interest related to the aforementioned investments, and $2,712 of interest income on notes receivable from participants for the year ended December 31, 2024.

In addition, Fidelity certified the completeness and accuracy of $47,960 and $16,473 of notes receivable from participants as of December 31, 2024 and 2023, respectively.

Note 4. Fair Value Measurements

The following tables set forth by level within the fair value hierarchy, the Plan's assets as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,169,118	$ -	$ -	$ 13,169,118
Investments measured at NAV				268,287
				$ 13,437,405

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,075,173	$ -	$ -	$ 11,075,173
Investments measured at NAV				350,900
				$ 11,426,073

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2024 and 2023:

Investment	Fair Value 2024	Fair Value 2023	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 268,287	$ 350,900	$ -	Daily	1 Year

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although it has not expressed any intend to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Party-in-Interest and Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity performs services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were approximately $15,000 for the year ended December 31, 2024.

Note 7. Income Tax Status and Uncertain Tax Positions

The Plan has adopted a preapproved plan document that has received an opinion letter from the IRS dated
June 30, 2020, stating that the form of the preapproved plan document was in compliance with the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to before 2021.

Independent Auditor's Report

Plan Administrator
Truth Publishing Company, Inc. and
Pathfinder Communications Corporation
401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at year of end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined-contribution 401(k) plan available to employees of Pathfinder Communications Corporation; Jam Communications, Inc.; Talking Stick Communications, LLC; Federated Digital Solutions, LLC; and Partnership Radio, LLC (collectively, the Companies). The Plan covers substantially all full-time employees of the Companies who are not a member of a collective bargaining agreement, a leased employee, or a nonresident alien. All full-time employees are eligible to participate in the Plan the first day of the month following their hire date if they are age 21 or older. Part-time employees, who work at least 1,000 hours in their first year of employment or any subsequent calendar year, are also eligible to participate if they are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable, not to exceed the allocation limits allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2024, the Companies contributed a discretionary matching contribution of 50% of the participant's qualified contributions to the Plan year up to 6% of deferrals but limited to 3% of eligible compensation. There were no additional profit-sharing contributions during the year ended December 31, 2024. The Companies' contributions are invested into the various investment options in a manner consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of: (a) the Companies' contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service. A participant is fully vested after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly or annual installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant or beneficiary. If the participant's account balance does not exceed $1,000, the participant will receive a lump-sum distribution as soon as practicable following termination of employment. If the account balance is greater than $1,000, but less than $5,000, and the participant does not elect to receive the distribution directly, then the trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions and the vested employer contributions while still employed.

Note 1. Plan Description (Continued)

Forfeitures: At December 31, 2024 and 2023, there were no forfeited nonvested accounts. These accounts can be used to reduce future employer contributions or to pay administrative fees. During the year ended December 31, 2024, approximately $6,700 of forfeited nonvested accounts were used to pay administrative fees.

Notes receivable from participants: Participants may borrow from their account balance, a minimum of $1,000 up to the maximum equal to the lesser of 50% of their vested account or $50,000. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The note repayment schedule can be no longer than 60 months, unless proceeds are used for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties for investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Significant Accounting Policies (Continued)

Fair value measurements: The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

***Registered investment companies*:** Valued at the quoted market price of the fund as reported on public exchanges.

***Common collective trust fund*:** Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

	2024	2023
Investments, at fair value:		
Registered investment companies	$ 13,169,118	$ 11,075,173
Common collective trust	268,287	350,900
	$ 13,437,405	$ 11,426,073

Fidelity also certified to the completeness and accuracy of net appreciation in fair value of investments of $1,253,329 as well as $466,887 of dividends and interest related to the aforementioned investments, and $2,712 of interest income on notes receivable from participants for the year ended December 31, 2024.

In addition, Fidelity certified the completeness and accuracy of $47,960 and $16,473 of notes receivable from participants as of December 31, 2024 and 2023, respectively.

Note 4. Fair Value Measurements

The following tables set forth by level within the fair value hierarchy, the Plan's assets as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,169,118	$ -	$ -	$ 13,169,118
Investments measured at NAV				268,287
				$ 13,437,405

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,075,173	$ -	$ -	$ 11,075,173
Investments measured at NAV				350,900
				$ 11,426,073

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2024 and 2023:

Investment	Fair Value 2024	Fair Value 2023	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 268,287	$ 350,900	$ -	Daily	1 Year

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although it has not expressed any intend to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Party-in-Interest and Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity performs services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were approximately $15,000 for the year ended December 31, 2024.

Note 7. Income Tax Status and Uncertain Tax Positions

The Plan has adopted a preapproved plan document that has received an opinion letter from the IRS dated
June 30, 2020, stating that the form of the preapproved plan document was in compliance with the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to before 2021.
