INDEPENDENT AUDITORS' REPORT

To the Pension Plan Committee of
KMH LLP 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KMH LLP 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate to the best of their knowledge.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KMH LLP 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KMH LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KMH LLP 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KMH LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of: 1) Schedule H, line 4i - Schedule of Assets (Held at End of Year) and 2) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the KMH LLP 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. General

The Plan was established effective August 1, 2002 and is a contributory 401(k) and profit sharing plan covering substantially all employees of KMH LLP (the “Employer”) under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA. Lincoln Financial Group Trust Company, Inc. (“Lincoln Financial”) is the trustee and The Lincoln National Life Insurance Company (“Lincoln National”) is a custodian. Lincoln Retirement Services Co., LLC (LRSC) is the recordkeeper of the Plan.

3. Eligibility

Employees are eligible to participate in the Plan on the first day of the quarter coinciding with or following the attainment of age 18 and completion of the earlier of 90 consecutive days of service or a year of service, as defined. Employees who are covered by a collective bargaining agreement, interns, non-resident aliens who receive no earned income from sources within the U.S., and leased employees are not eligible to participate in the Plan.

A participant is eligible for employer matching and profit sharing contributions on the first day of the quarter upon completion of one year of service with at least 1,000 hours, and is employed on the last day of the plan year.

4. Contributions

Participants are eligible to make pre-tax contributions and after-tax Roth contributions, not to exceed the maximum deferral limit per Section 402(g)(1) of the IRC. The Employer may limit highly compensated employees’ deferral election in certain circumstances. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan contains an automatic enrollment provision that allows the Employer to withhold 3% from an eligible employee’s compensation, unless the employee elects not to participate or to defer a different percentage.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Contributions (Continued)

The Employer may make a discretionary profit sharing contribution or a discretionary matching contribution to the Plan as determined by the Employer annually. During the year ended December 31, 2024, the Employer made a discretionary profit sharing contribution which equaled a percentage of each eligible participant's compensation. Discretionary matching contributions are based on a uniform percentage of deferrals for each participant up to an annual limit established by the Employer. There were no matching contributions during the year ended December 31, 2024.

5. Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer discretionary matching contributions and allocations of the Employer discretionary profit sharing contribution, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on plan compensation or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Investment Options

Participants may elect to invest their accounts in any of the investment options offered by Lincoln Financial, as approved by the Employer or into self-directed brokerage accounts. Participants may change their investment options daily.

7. Notes Receivable from Participants

Participants may borrow from their account up to 50% of their vested account balance not to exceed \$50,000 (reduced by the highest outstanding loan balance during the previous twelve months). Loans are secured by the balance of the participant's account and are charged a rate of interest equal to the prevailing rate charged by lending institutions under similar circumstances. Loans must be repaid within five years of the date of issuance. The plan administrator may extend loan repayments over a longer reasonable period if the loan is for the purchase of a primary residence and determines the maximum number of loans a participant may have outstanding at one time.

8. Benefit Payments

Upon termination of employment, a participant may receive a lump-sum amount equal to the value of his or her vested account balance. When a participant attains normal retirement age, incurs permanent disability, or dies while employed, the participant or beneficiary is entitled to 100% of the participant's account balance. Additionally, participants may receive distributions upon attaining age 59 ½ or for financial hardship if certain criteria are met.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay reasonable plan expenses or to reduce future Employer contributions at the Employer's discretion. As of December 31, 2024 and 2023, outstanding forfeitures available were \$28,276 and \$24,024, respectively, and are included in net assets available for benefits.

10. Vesting

Participant contributions and actual earnings thereon are fully vested at all times. Vesting of the discretionary Employer matching contribution and Employer profit sharing contribution portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service with the Employer as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

11. Plan Termination

Although it has not expressed such intent, the Employer reserves the right, at any time, to terminate the Plan by action of its Pension Plan Committee, subject to the provisions of ERISA. Upon termination of the Plan, all participants would become fully vested and contributions to the Plan would cease. The assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The interest rate on loans outstanding at December 31, 2024 ranged from 4.25% to 9.25%, with maturity dates through 2028. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

7. Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Employer contributions are based on the same compensation.

DECEMBER 31, 2024 AND 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Reclassifications

Certain reclassifications have been made to the December 31, 2023 disclosures to conform to the current year presentation.

9. Subsequent Events

Plan management has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

NOTE C - CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial (the trustee of the Plan), a qualified institution.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

KMH LLP 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

Collective investment trusts: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, interest-bearing cash, bonds, unit investment trusts, and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

KMH LLP 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE E - GROUP ANNUITY CONTRACT WITH THE LINCOLN NATIONAL LIFE INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive investment contract with Lincoln National totaling \$1,460,718 and \$1,113,676 as of December 31, 2024 and 2023, respectively. Lincoln National maintains the contributions in a general account and is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals. Participant initiated withdrawals to a competing fund, as defined by the contract, are not permitted.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. Failure of the Plan to pay fees due to Lincoln National
2. The Plan ceases to meet the requirements of the IRC for purchasers of this contract
3. At any time following the end of the third contract year, the Plan's account balance is less than \$15,000
4. At any time following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the Plan's account balance is less than \$50,000
5. The Plan fails to furnish requested information or other documentation
6. Lincoln National discovers any misrepresentation of material information
7. Lincoln National discontinues offering this contract form to the public
8. The Plan terminates its recordkeeping agreement with Lincoln National or an affiliate of Lincoln National

The Plan may terminate the contract at any time by giving notice of such termination at least 90 days in advance of the termination date and election of one of the available payment options in the contract specifications. One payment option allows for the contract to be paid out at contract value over five years and another option allows for a lump sum payment with a market value adjustment. Upon notification of termination, no further contributions will be allowed to the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

KMH LLP 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Investments are managed and held by Lincoln Financial, the trustee and Lincoln National, a custodian. LRSC is the record-keeper of the Plan. Transactions with these entities qualify as exempt party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

During the year ended December 31, 2022, the Employer failed to remit employee contributions totaling \$20,799 to the Plan on a timely basis in accordance with Department of Labor Regulations. As a result, lost earnings on these untimely contributions were remitted to the Plan and allocated to participant accounts in 2025.

NOTE G - TAX STATUS

The Employer adopted a non-standardized pre-approved profit sharing plan (“non-standardized plan”) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the non-standardized plan is designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature are handled by the administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan years from December 31, 2021 are open for examination for federal tax purposes.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
