INDEPENDENT AUDITOR'S REPORT

To John Ring, Trustee
Keystone-Kemlon 401(k) Profit Sharing Plan
Pearland, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Keystone-Kemlon 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Keystone-Kemlon 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keystone-Kemlon 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keystone-Kemlon 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keystone-Kemlon 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keystone-Kemlon 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KEYSTONE-KEMPLON 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN

The following description of Keystone-Kemlon 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide employees of Kemlon Products and Development Group, Inc, and Keystone Engineering Group, Inc. (collectively, Company) the opportunity to save for retirement on a tax advantaged basis. The Plan is the type of qualified retirement plan commonly referred to as a 401(k) plan. The Plan Trustee is responsible for the oversight of the Plan and American United Life (AUL) has been contracted to administer the Plan. The Plan also uses the services of Advizrs, Inc. (a retirement plan consulting firm) to ensure it is offering the best, cost effective, and most appropriate investments to its participants. Currently, there are 45 options that are reviewed by Advizrs, Inc. and recommended to plan management.

Eligibility

Employees of the Company will become eligible to participate in the Plan for purposes of salary deferrals and rollover contributions on the first day of January or July after they have attained an age of 21 years or older and have completed 1 year of service.

Contributions

Participants in the Plan may elect to reduce their compensation by a specified percentage or dollar amount not to exceed 85 percent of their compensation and subject to a maximum as determined in Section 402(g) of the Internal Revenue Code. For 2024 and 2023, the maximum contribution limit allowed under Section 402(g) is \$23,000 and \$22,500, respectively. Additionally, participants who have attained the age of 50 by the end of the Plan year are eligible to make an additional catch-up contribution as determined under Section 414(v) of the Internal Revenue Code. For 2024 and 2023 the maximum catch up contribution allowed is \$7,500.

In addition to any deferrals elected by participants, the Company may make a discretionary matching contribution equal to a uniform percentage of the participants' salary deferral. The Company may also elect to make a discretionary profit sharing contribution for each participant. For 2024 and 2023 the Company elected to match 50 percent on the first two percent and 25 percent on the second two percent of each participants' salary deferral. The Company did not make any discretionary profit sharing contributions for 2024 or 2023.

At the discretion of the Plan Administrator, eligible participants may be permitted to deposit into the Plan distributions received from other eligible retirement plans (rollover contributions).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN (continued)

Participant Directed
Investments

The Plan is intended to comply with Section 404(c) of ERISA and allow for participant directed investment decisions on each individual participant account established under the Plan. If the Plan complies with this Section of ERISA, the fiduciaries of the Plan, including the Company, the Trustee and the Administrator are all relieved of the legal liability for any losses which are the direct and necessary result of investment decisions made by the Plan participants. While Plan participants are ultimately responsible for their own investment decisions, the fiduciaries must provide a suitable range of investment options, allowing participants to invest in accordance with their own retirement goals, risk tolerances and savings/investment horizons.

Earnings or Losses

To accommodate participant directed investments, the Plan has established segregated accounts for each participant for the purpose of determining the earnings and losses on each account. Participants do not share in the investment performance of other participants who have directed their own investments and thus the amount of benefits ultimately available for each participant will depend in part on the participants' individual investment choices.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus earnings thereon is based on years of continuous service. The vesting schedule is as follows:

0 - 1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from
Participants

Historically, the Plan has not allowed participants to borrow against their accounts, but in October 2024, the Plan was amended to allow new participant loans. A participants may borrow a maximum amount equal to the lesser of \$50,000 or 50 percent of his or her account balance. The loans are secured by the balance of the participant's account and bear interest determined to be commensurate with local prevailing rates by the plan administrator. Principal and interest is paid ratably through payroll deductions. The loan generally must have a term greater than one year and not more than five years.

KEYSTONE-KEMLON 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or in installments over a period of not more than the assumed life expectancy, or the purchase of a different form of annuity. For termination of service due to other reasons, or for hardship distributions, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants who have attained the age of 59½ are also allowed in-service distributions up to the value of their vested accounts.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,498 and \$3,211, respectively. These accounts will be used to reduce plan expenses. In 2024, plan expenses were reduced by \$0 from forfeited nonvested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment
Valuation and
Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the insurance company. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess
Contributions
Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. 2024 excess contributions totaled \$7,018.

KEYSTONE-KEMPLON 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan, including independent auditor fees, are paid directly by the Company and are excluded from these financial statements. AUL is paid via a wrap fee of 0.64% on the first \$5 million and 0.54% on the next \$5 million. Any funds held by AUL above \$10 million are charged a rate of 0.44%.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

NOTE C - CERTIFIED INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the custodian of the Plan's assets has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

KEYSTONE-KEMPLON 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE D – FAIR VALUE MEASUREMENTS (continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Separate account: Assets held in the AUL separate account are valued using observable Level 2 inputs, specifically, the net asset value of the shares of the underlying mutual fund or other investment entity.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as reported in the accompanying statements of net assets available for benefits at December 31, 2024 and 2023.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Separate account (underlying mutual funds), December 31, 2024	\$ <u> -</u>	\$ <u>23,500,147</u>	\$ <u> -</u>	\$ <u>23,500,147</u>
Separate account (underlying mutual funds), December 31, 2023	\$ <u> -</u>	\$ <u>20,232,755</u>	\$ <u> -</u>	\$ <u>20,232,755</u>

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan is entered into fully benefit-responsive investment contracts with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rates guaranteed to the Plan, and the issuer may not terminate the agreement prior to the scheduled maturity date.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

The crediting rate for funds in the AUL Fixed Account is based on a formula established by the contract issuer but could not be less than 4.00 percent. The crediting rate was reviewed on a quarterly basis for resetting. The crediting interest rates at December 31, 2024 and 2023 were 4.00 percent. The average crediting rate for the years then ended was 4.00 percent.

The crediting rate for funds in the AUL Stable Value Fund is based on a formula established by the contract issuer but may not be less than 1.00 percent. The crediting rate is reviewed on a quarterly basis for resetting. The crediting interest rates at December 31, 2024 and 2023 were 1.75 percent and 1.00 percent, respectively. The average crediting rate was 1.75 percent for 2024 and 1.00 percent for 2023.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger into another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

NOTE F – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are backed by mutual funds managed by AUL. AUL is a service provider and the custodian of the trust assets and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

KEYSTONE-KEMPLON 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the employer contributions and associated earnings in their accounts.

NOTE H - TAX STATUS

On August 19, 2020, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - RISKS AND UNCERTAINTIES

Participants in the Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - AMOUNTS ALLOCATED TO WITHDRAWING PARTICIPANTS

Benefit amounts requested by participants but not distributed by December 31, 2024 totaled \$0.

NOTE K - CHANGE IN CUSTODIAN

In September 2024, it was announced that AUL would be selling its retirement plan business to Voya Financial, Inc. After performing its due diligence, the Plan's management made the decision to move to Charles Schwab rather than Voya. That transition was made in early 2025.
