Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ACCUITY LLP

(2) EIN: 20-5325889

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X

Report of Independent Auditors

To the Administrator of the
Non-Contributory Retirement Program for Certain Employees of
Hawai'i Medical Service Association and
Audit Compliance and Risk Committee and
Administrative Retirement Committee of
Hawai'i Medical Service Association

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Non-Contributory Retirement Program for Certain Employees of Hawai'i Medical Service Association (the "Program"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for retirement program benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for retirement program benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Program ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Program and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current program instrument, including all program amendments, administering the Program, and determining that the Program's transactions that are presented and disclosed in the financial statements are in conformity with the Program's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, no such opinion is expressed.

- 
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

- 
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Non-Contributory Retirement Program for Certain Employees of Hawai'i Medical Service Association

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Program

The following description of the Non-Contributory Retirement Program for Certain Employees of Hawai'i Medical Service Association (the "Program") provides only general information. Participants should refer to the Program agreement for a complete description of the Program provisions.

General

The Program is a defined benefit pension plan covering eligible employees or participants of Hawai'i Medical Service Association (the "Sponsor") as of December 31, 2014 who completed one year of service, reached the age of 21, and remain continuously employed (the "Covered group"). The Program was amended, effective January 1, 2015, to close participation to new entrants as of December 31, 2014. Employees who remained continuously employed on December 31, 2014 were not affected by the closure. The Program is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The custodian of the Program is The Northern Trust Company (the "Custodian" or "Northern Trust").

Program benefits are administered by the National Employee Benefits Administration of the Blue Cross and Blue Shield Association (the "Program Administrator").

In August 2022, the Program was amended for years beginning after December 31, 2024, to no longer:

- Consider any additional earnings in calculating a participant's final average earnings.
- Accrue further benefits for any covered member.
- Include additional participant years of service except for determining years of vesting service and eligibility for early or normal retirement benefit accrued as of December 31, 2024.

All expenses incurred in the administration of the Program were paid by the Program to the extent not paid by the Sponsor.

Contributions

The Sponsor makes annual contributions to the Program to fund the retirement benefits to be paid to Program participants and their beneficiaries. Annual contributions to the Program are determined by the Sponsor in consultation with the Program's actuary. The Sponsor met the minimum funding requirements of ERISA for the years ended December 31, 2024 and 2023.

Benefits

Employees who meet the criteria of the Covered group and completed three or more years of vesting service are entitled to annual pension benefits beginning at normal retirement age (as defined below) equal to the sum of the participant's basic service credits, multiplied by their final average salary, and if any, including their total excess service credits multiplied by the amount of their final average salary exceeding two-thirds of the Social Security wage base in the year of employment termination. Certain participants who were active employees of the Sponsor as of July 1, 1999 (the "conversion date") may be eligible to receive pension benefits under the formula in effect prior to the conversion date. The Program was amended to adopt an interest crediting rate for Defined Lump Sum distributions on or after January 1, 2017.

Non-Contributory Retirement Program for Certain Employees of Hawai'i Medical Service Association

Notes to Financial Statements

December 31, 2024 and 2023

Pension benefits become non-forfeitable (vested) at the completion of three years of vesting service. Normal retirement age under the Program is age 65 with provisions for early and late retirement.

Participants who have completed three years of service may elect to receive a retirement program benefit on the first day of any month on or after employment termination. The benefit is calculated using the normal retirement benefit formula. Participants whose benefit is subject to the benefit formula in effect prior to the conversion date may commence their benefit on the first day of any month on or after employment termination, provided they have attained age 55. Such benefit may be reduced for early commencement for benefits that start before age 65. Participants may elect the benefit be paid as a lump-sum, a monthly lifetime annuity (50% joint pension, if married), or as an optional form of payment available under the Program (provided written consent of the participant's spouse).

A pre-retirement death benefit is paid to a participant's spouse or designated beneficiary if the participant dies after completing three years of service and his or her pension has not commenced. The survivor pension is equal to the amount specified in the Program agreement. The spousal benefit is payable on the date the participant would have attained age 65, or, if the spouse elects, the first day of the month following the participant's death. The benefit to a non-spouse beneficiary is payable on the first day of the month following the participant's death.

Benefits under the Defined Lump Sum formula are payable at any age following termination of employment. The latest date for commencement of benefits is the 60th day after the end of the calendar year in which the latest of the following dates occurs: (1) attain age 65, (2) 10-year anniversary of a participant's first date of Program participation, or (3) employment termination date. The Program was amended on December 29, 2010 to add a simultaneous death benefit provision to the pre-retirement survivor death benefit and to clarify that participants may submit their benefit elections on the benefit commencement date (first day of the month), provided a benefit is payable beginning on such benefit commencement date, if the participant is living on such benefit commencement date.

401(h) Account

The Program includes a medical-benefit component in addition to the retirement and survivor benefit features to fund a portion of the postretirement obligations for retirees and their dependents or beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (the "Code"). A separate account has been established and maintained in the Program for the net assets related to the medical-benefit component ("401(h) account"). In accordance with Code Section 401(h), the Program's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their dependents or beneficiaries. The related obligations for health benefits are not included in this Program's obligations in the actuarial present value of accumulated retirement program benefits presented in Note 4. Program participants do not contribute to the 401(h) account. Employer contributions to the 401(h) account are determined annually and are at the discretion of the Sponsor.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Program have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Non-Contributory Retirement Program for Certain Employees of Hawai'i Medical Service Association

Notes to Financial Statements

December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Program administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and accumulated retirement program benefits, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Program invests in various investment securities, which are exposed to risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for retirement program benefits and the statements of changes in net assets available for retirement program benefits.

The actuarial present value of accumulated retirement program benefits is reported based on certain assumptions pertaining to interest rates, mortality rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Fair Value Measurements

For financial and nonfinancial assets reported at fair value, the Program defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants. The Program measures fair value using observable and unobservable inputs based on the following hierarchy:

- **Level 1** – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Program has the ability to access at the measurement date.
- **Level 2** – Inputs, other than quoted market prices included within Level 1, which are observable for an asset or liability, either directly or indirectly.
- **Level 3** – Unobservable inputs for an asset or liability reflecting the Program's own assumptions. Level 3 inputs are used to measure fair value to the extent that observable Level 1 or Level 2 inputs are not available.

The level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The Program measures investments in investment companies that do not have readily determinable fair values based on the investments' Net Asset Value ("NAV") as a practical expedient without further adjustment unless it is probable that the investments will be sold at a value significantly different than NAV.

Non-Contributory Retirement Program for Certain Employees of Hawai'i Medical Service Association

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value of Program and 401(h) Investments

Program and 401(h) investments are invested in common collective trusts. The common collective trusts commingle assets of participating trusts to generate income and long-term capital appreciation through strategies which mirror or outperform their correlated benchmark indices. These common collective trusts are valued using the unit values as reported by the investment managers.

The Program presents in the statements of changes in net assets available for retirement program benefits, the net appreciation in fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income are recorded when earned.

Retirement Program Benefits

Accumulated retirement program benefits are those future periodic, including lump-sum, distributions that are earned under the Program's benefit formula, subject to the Program's vesting requirements, and are based on either the service that employees have rendered or a combination of service and compensation. Accumulated retirement program benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Distributions to Retired and Terminated Employees

Benefit payments to participants are recorded when paid.

Income Taxes

GAAP requires the Program administrator to evaluate tax positions taken by the Program and recognize a tax liability (or asset) if the Program has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Program administrator has analyzed the tax positions taken by the Program, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Program is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Program administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Subsequent Events

The Program has reviewed all events that have occurred from January 1, 2025 through October 9, 2025, the date that the financial statements were available for issuance, for proper accounting and disclosure in the financial statements.

3. Program and 401(h) Investments

The Program's investments reported at fair value on a recurring basis have been categorized based on the fair value hierarchy in Note 2 at December 31, 2024 and 2023 as follows:

	Level 1	Level 2	Level 3	NAV	Total
2024					
Common collective trusts	\$ -	\$ -	\$ -	\$ 209,974,313	\$ 209,974,313
2023					
Common collective trusts	\$ -	\$ -	\$ -	\$ 213,801,932	\$ 213,801,932

The 401(h) investments reported at fair value on a recurring basis have been categorized based on the fair value hierarchy in Note 2 at December 31, 2024 and 2023 as follows:

	Level 1	Level 2	Level 3	NAV	Total
2024					
Common collective trusts	\$ -	\$ -	\$ -	\$ 22,134,133	\$ 22,134,133
2023					
Common collective trusts	\$ -	\$ -	\$ -	\$ 22,179,818	\$ 22,179,818

As of and for the years ended December 31, 2024 and 2023, the Program administrator has elected the method of compliance permitted by 29 CFR 252.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Program administrator has obtained certifications from the Custodian of the Program that all of the following information provided by the Custodian is complete and accurate:

- Investments, investments included in net assets held in the restricted 401(h) account, and accrued income presented in the statements of net assets available for retirement program benefits at December 31, 2024 and 2023.
- The net appreciation in fair value of investments and interest and dividends presented in the statements of changes in net assets available for retirement program benefits for the years ended December 31, 2024 and 2023.
- All information presented in the supplemental Schedule of Assets (Held at End of Year) and supplemental Schedule of Reportable Transactions as of or for the year ended December 31, 2024.

4. Actuarial Present Value of Accumulated Retirement Program Benefits

The actuarial present value of accumulated retirement program benefits is calculated by applying actuarial assumptions to compute the value of the retirement program benefits accumulated by participants as of the valuation date. The actuarial assumptions used to compute the accumulated retirement program benefits reflect the time value of money and the probability of benefit payments subsequent to the valuation date based on anticipated mortality, termination and retirement rates.

**Non-Contributory Retirement Program for Certain Employees of
Hawai'i Medical Service Association
Notes to Financial Statements
December 31, 2024 and 2023**

The actuarial valuation uses the beginning-of-year method. Therefore, the accumulated retirement program benefits, as of December 31, 2023, are presented using information provided by the actuary as of January 1, 2024. There has been no significant change in the Program's provisions from December 31, 2023 to January 1, 2024.

The actuarial present value of accumulated retirement program benefits at December 31, 2023 was as follows:

Vested benefits	
Retired and terminated employees currently receiving benefits	\$ 34,154,889
Other vested benefits	<u>105,503,598</u>
Total actuarial present value of accumulated retirement program benefits	<u>\$ 139,658,487</u>

The changes in the actuarial present value of accumulated retirement program benefits for the year ended December 31, 2023 were as follows:

Actuarial present value of accumulated program benefits, December 31, 2022	\$ 135,341,294
Benefit payments	(12,069,564)
Interest accumulation	6,469,006
Additional benefits earned and experience gains and losses	6,234,928
Change in actuarial assumptions	<u>3,682,823</u>
Actuarial present value of accumulated program benefits, December 31, 2023	<u>\$ 139,658,487</u>

The significant assumptions used to calculate the present value of accumulated retirement program benefits are as follows:

Discount rate	4.75%
Mortality	Aggregate 2012 base rates from the Pri-2012 mortality study projected generationally with scale MP-2021. There was no MP-2024, MP-2023, or MP-2022 table produced in 2024, 2023 or 2022, respectively.
Retirement rate	Rates ranging from 5.00% at age 55 to 100.00% at age 70 and over.
Withdrawal rate	Rates ranging from 10.00% at age 20 to 0.00% at age 55 and over.

The change in actuarial assumptions primarily resulted from a decrease to the discount rate.

5. Tax Status

The Program has been designed to meet the requirements of Section 401(a) of the Code and therefore the trusts are exempt from federal income taxes under Section 501(a) of the Code. The Program received a favorable determination letter from the IRS dated July 11, 2022, indicating that the Program is in compliance with the requirements of the Code. The Program has been amended since the date of the last determination letter; however, the Program administrator believes the Program is designed and being operated in compliance with the applicable requirements of the Code.

Notes to Financial Statements

6. Program Termination

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue contributions and modify the benefits provided to participants at any time and to terminate the Program subject to the provisions of ERISA. In the event the Program terminates, participants will become fully vested and the net assets of the Program will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (1) Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of an annuity under the Program agreement. The priority amount under this category is limited by ERISA.
- (2) Other vested benefits incurred by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limits.
- (3) All other vested benefits.
- (4) All non-vested benefits.

Certain benefits under the Program are insured by the PBGC if the Program terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits under the Program, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Program are guaranteed at the level in effect on the date of the Program's termination.

Whether all participants receive their benefits should the Program terminate at some future time will depend on the sufficiency, at that time, of the Program's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Sponsor and the level of benefits guaranteed by the PBGC.

The PBGC guarantees the payment of all non-forfeitable basic benefits subject to certain limitations prescribed by ERISA.

7. Party-in Interest Transactions

Certain Program investments include units or shares of common collective trusts managed by the Custodian. The Program paid certain expenses related to the Program's operations and investment activity to various service providers for administration costs, including the Program administrator and the Custodian. Expenses paid to the Program administrator and Custodian were not significant to the financial statements in 2024 and 2023.

Schedule SB, Part V—Statement of Plan Provisions

Effective Date	The effective date of the program was October 1, 1967. The program was last amended effective January 1, 2014.
Benefit Freeze Date	December 31, 2024
Contributions	<p>The company will pay to the Trustee such sums of money as the enrolled actuary shall certify as the amounts necessary to meet the minimum required contribution within the meaning of IRC section 430. The company may also provide, from time to time, additional sums of money to the Trustee as deemed appropriate.</p> <p>Employee contributions are neither required nor permitted under the program.</p>
Expenses	All expenses incurred in connection with the administration of the program and the Trust are paid by the fund to the extent they are not paid by the company.
Benefit and Compensation Limits	Benefits are limited by the applicable annual dollar limit, and compensation is limited by the applicable annual compensation limit. Each year, the program automatically recognizes the higher limits resulting from inflation adjustments.
Employees Eligible for Participation	<p>Employees age 21 with one year of service with a Blue Cross and/or Blue Shield organization are eligible to participate. An employee becomes a participant on the January 1 or July 1 coincident with or next following the completion of the age and service participation requirements. Employees hired on or after January 1, 2014 are ineligible to participate.</p> <p>Employees of a subsidiary that participates in this program are treated as employees of the sponsoring employer for purposes of this program.</p>
Definitions	
Vesting Service	The number of full and partial years of employment with any Blue Cross and/or Blue Shield organization. Service includes Blue Cross and/or Blue Shield employment prior to hire with the employer and Blue Cross and/or Blue Shield service subsequent to termination with the employer. For employees hired on or after January 1, 2012, only service with the employer is counted for vesting purposes.

Plan and Association Service

The number of full and partial years of employment with any Blue Cross and/or Blue Shield organization as of the employee's date of termination with the employer. For employees hired on or after January 1, 2012, service with another Blue Cross and/or Blue Shield organization will be recognized only to the extent the employee is vested and such service is counted by the prior organization toward benefit accruals under its own defined benefit program, and to the extent offset under this program.

Employer Service

The number of full and partial years of employment with the employer as of the earlier of employee's date of termination with the employer or December 31, 2024. In addition, in the event a participant terminates, receives a lump sum, and subsequently is rehired, the participant will not receive service credit for the years which were included in the lump sum benefit.

Final Average Earnings

The highest average annual earnings from any five calendar years out of the last 10 years. Unless a participant terminates employment on December 31, the earnings in the year of termination are excluded. Each year's earnings are limited to \$200,000 (as indexed). For purposes of calculating final average earnings for participants who are employed on or after January 1, 2002, the \$200,000 limit applies retroactively to the 1994 program year.

Final average earnings are frozen as of December 31, 2024.

Total Basic Credits

A graded schedule of credits based on age and years of service at the earlier of termination or December 31, 2024. Basic age credits start at 2% for participants under age 30, and beginning at age 30 increase to a maximum of 16% at age 60. Basic service credits start at 2% for years of service over 10 years, and increase to 4% for years of service over 20 years.

Total Excess Credits

One half of the total basic credits.

Points

The sum of age and years of vesting service at the earlier of termination or December 31, 2024.

Primary Social Security Benefit	The estimated benefit payable from Social Security at age 65 based on the law in effect on the earlier of January 1 of the year of termination or January 1, 2024.
Benefit Formulas	
Defined Lump Sum (DLS) Benefit	Actuarial equivalent of the sum: <ul style="list-style-type: none">▪ Final average earnings, multiplied by total basic credits; plus▪ The excess, if any, of final average earnings over two-thirds of the Social Security wage base, multiplied by total excess credits.
Prior HMSA Benefit Formula	Single life benefit equal to the following: <ul style="list-style-type: none">▪ 2.0% of final average earnings multiplied by Plan and Association Service up to 30 years; minus▪ 1.6667% of primary Social Security benefit multiplied by Plan and Association Service up to 30 years; plus▪ 1.25% of final average earnings for each year of service over 30 years (for participants on March 31, 1971 only); minus▪ Prior program benefit (if any).
Grandfather Benefit at June 30, 1999	For employees who were active participants as of June 30, 1999, the following minimum applies: <ul style="list-style-type: none">▪ The accrued benefit determined under the prior HMSA benefit formula as of June 30, 1999.
70 Points Grandfather Benefit at June 30, 1999	For employees who were active participants as of June 30, 1999, with 70 or more points, the following minimum applies: <ul style="list-style-type: none">▪ The greater of the benefits calculated at the earlier of termination or June 30, 2009, under the prior HMSA benefit formula or the DLS benefit formula; plus▪ A DLS benefit calculated based on credits earned on or after July 1, 2009. <p>The accrued benefit cannot be less than the benefit calculated considering employer service only.</p>
Deferred Vested Benefit	
Eligibility	Termination of employment after completing three years of vesting service.
Benefit	The accrued benefit at normal retirement date is reduced for early retirement. The DLS formula portion of the accrued benefit uses full actuarial equivalent reduction, and the prior HMSA benefit formula portion of the accrued benefit is reduced by 4% per year from age 65 to age 60 and 6% per year from age 60 to age 55.

Death Benefit
Eligibility

Spouse or another named beneficiary of an active or terminated participant who has completed at least three years of vesting service in the event of the participant's death before benefit payments commence.

Benefit

100% of the DLS formula portion of the lump sum benefit and 50% of the prior HMSA benefit, if applicable, payable to the participants as of the date of death. The surviving spouse (or other named beneficiary) may elect an actuarially equivalent annuity.

Forms of Payment

The normal form is a straight life annuity. The automatic form of payment for a single participant is the normal form and for a married participant at the benefit commencement date is a reduced qualified joint and survivor annuity, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant.

In lieu of the automatic form of payment, a participant may elect, with the proper spousal consent, one of the optional forms of annuity payment or, alternatively, a single lump sum payment.

Program Changes Since the Prior Year

The valuations reflect the following change:

- No changes since prior year.

Schedule SB, Line 24—Change in Actuarial Assumptions

The assumptions were changed to better reflect anticipated program experience. IRS approval for these assumption changes is not required since the unfunded vested benefits do not exceed \$50,000,000.

The funding valuation reflects the following assumption changes:

- The GATT lump sum payment form conversion interest rates changed from 3.75 percent in 2023, 3.50 percent in 2024, 3.25 percent in 2025, and 3.00 percent in 2026 and after in the 2023 valuation to 4.50 percent in 2024, 4.00 percent in 2025, 3.75 percent in 2026, and 3.25 percent in 2027 and after in the 2024 valuation.
- A change the Social Security Wage Base increase assumption from 3.55 percent to 3.45 percent.
- A change in the interest crediting rate from 3.00 percent to 3.25 percent.
- A change in the salary increase assumption to 4.00 percent through December 31, 2024.
- A change in the unlimited expected return on assets from 5.25 percent to 5.75 percent.

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2023), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor under the American Rescue Plan Act
1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2023), without regard to interest rate stabilization
1st Segment Rate	3.62%
2nd Segment Rate	4.46%
3rd Segment Rate	4.52%
Salary Increases	
Minimum Funding Target Normal Cost	4.00% through December 31, 2024
Maximum Tax Expected Benefit Increase	4.00% through December 31, 2024
Social Security Wage Base Increases	Future wage indices are based on a national wage increase of 3.45% per year.
Optional Payment Form Election Percentage	For inactives receiving payments and participants with pending lump sums, we use the actual elected form of payment. For terminations prior to age 55, we assume 60% elect an immediate lump sum and 40% elect a lump sum deferred to age 65. For retirements after age 55, we assume 25% elect an annuity and 75% elect a lump sum.
Optional Payment Form Conversion Interest Rate GATT Methodology	2024: 4.50% 2025: 4.00% 2026: 3.75% 2027+: 3.25%
417(e) Minimum	Set equal to the interest rates used for Minimum Funding Purposes or Maximum Tax Purposes, if relevant.

Optional Payment Form Conversion Mortality GATT Methodology	IRS Applicable Mortality Table per Revenue Ruling R2001-62
417(e) Minimum Interest Crediting Rate	Current IRC section 417(e) table for lump sums 3.25%
Retirement Age Active Participants Terminated Vested Participants	See Table 1 For participants with pending lump sums, we assume immediate commencement. For all others, see Table 2.
Mortality Rates Healthy and Disabled	2024 static mortality table for annuitants and non- annuitants per §1.430(h)(3)-1(e)
Withdrawal Rates	See Table 3
Disability Rates	None
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 60% of males and 60% of females have an eligible spouse, and that males are one year older than their spouses and females are one year younger than their spouses.
Valuation Compensation	Actual 2023 pension compensation increased for one year by the salary scale
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000.
Valuation of Program Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

Valuation of Program Assets (Continued)	A characteristic of this method is that the expected distribution of the value of program assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2022 Program Year	4.75%
2023 Program Year	5.25%
2024 Program Year	5.75%, limited to 5.59%
Trust Expenses Included in Target Normal Cost	Trustee, investment management fees, and certain other administrative expenses are to be paid directly from the trust. For ERISA, assumed expenses charged to the trust are estimated using the prior year's administrative expenses rounded to the nearest \$1,000.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
