INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Northwest Oncology & Hematology, S.C. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Northwest Oncology & Hematology, S.C. Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northwest Oncology & Hematology, S.C. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

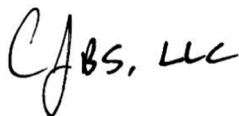

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Northwest Oncology & Hematology, S.C. Profit Sharing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and summary plan description for further details of the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan covering all qualified employees of Northwest Oncology & Hematology, S.C. (the “Plan Sponsor”, the “Company”). From time to time, the Plan has been amended and restated. On January 1, 2011, the Plan became safe harbor eligible by complying with the alternative methods of meeting nondiscrimination requirements permitted by code section 401(k)(12). The Plan has subsequently been amended. Amendments to the Plan include provisions as necessary to conform to various legislation and guidance under the Internal Revenue Code (the “Code”) and provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan became effective on August 1, 1985. The last amendment and restatement of the Plan was effective December 2, 2024.

Eligibility

To be eligible to make a salary deferral contribution or receive an employer profit sharing contribution or to receive matching contribution participants must have attained age 21 and completed one year of service. This requirement is satisfied upon working 1,000 hours during a consecutive 12-month period. Eligible employees will enter the plan on January 1 or July 1.

Contributions

Through payroll deductions, participants may contribute on a tax-deferred basis or after-tax basis (Roth deferrals) up to the maximum allowed under the Internal Revenue Code. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans, pre-tax (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The safe harbor contribution will be a match of 100% of the first 3% of salary deferral plus 50% of the next 2% of salary deferral, not exceeding 4% of compensation for the Plan year. The safe harbor match for the years ending December 31, 2024, and 2023 was \$418,023 and \$445,208, respectively. The Plan Sponsor may also make non-elective contributions. There were no non-elective contributions for the years ending December 31, 2024 and 2023.

Participant Accounts

Each participant’s account is credited with the respective participant’s contributions, employer matching, and any profit-sharing contributions, and allocated Plan earnings, as outlined in the Plan document. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and safe harbor matching contributions plus actual earnings thereon.

Vesting in the Company's contribution portion, including employer matching contributions and discretionary contributions plus actual earnings thereon, is based on years of service. A participant becomes fully vested in the employer's matching and discretionary contributions after six years of service or upon retirement, permanent disability, or death.

Notes Receivable from Participants

Participants may borrow from their accounts the lesser of \$50,000 or 50 percent of the sum of the participant's vested account balance. There is a minimum note receivable amount of \$1,000, and a maximum of two loans can be outstanding. Notes receivable are collateralized by the participant's account and bear interest at rates determined by the plan administrator. Notes receivable have a repayable term of up to five years. Principal and interest payments are made through payroll deductions.

Payment of Benefits

Distributions are payable upon retirement, age 59½, death, disability, or termination. A participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over the life of the participant, or a combination of such forms. Account balances less than \$5,000 are subject to payment in a lump-sum as soon as administratively feasible.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve of any such hardship withdrawals.

Forfeited Accounts

Forfeitures related to the Plan Sponsor discretionary contributions are determined as of the last day of the Plan Year in which the earlier of the participant's entire interest is distributed, or the 5th consecutive break in service occurs. Forfeitures may be used to cover administrative costs of the Plan or to reduce employer contributions.

At December 31, 2024 and 2023, there were no balances on the forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants become 100 percent vested in their accounts and the net assets would be distributed to the participants according to the balances in the participants' accounts.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Contribution Receivable

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Amounts due to the Plan from the employer are required to be presented separately in the financial statements. The Plan Sponsor provides a true-up matching contribution after the end of the Plan year to all employees who did not receive their full eligible match during the Plan year. The Company may elect to utilize forfeitures in their true-up matching contribution, therefore the receivable, if any, is presented net of the forfeitures utilized. The Plan has included these deferred contributions as *Contribution Receivable from Employer* in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Plan Sponsor or charged against forfeitures. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. The Plan imposes certain charges against individual participant's accounts when individual participants incur the charges. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Reclassifications

Certain comparative amounts have been reclassified to conform with the current presentation with no effect on previously reported net increase in net assets available for benefits.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

For the year ended December 31, 2023, and for the eleven-month period ending November 30, 2024, Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company held the Plan's investments and execute all investment transactions. Certain information in the accompanying financial statements and ERISA-required supplemental_schedule related to investments and notes receivable from participants held as of December 31, 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the eleven-month period ending November 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company (the trustee of the Plan), a qualified institution.

For the one-month period ending December 31, 2024, Charles Schwab Trust Bank held the Plan's investments and execute all investment transactions. Certain information in the accompanying financial statements and ERISA-required supplemental_schedule related to investments and notes receivable from participants held as of December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the one-month period ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan), a qualified institution.

DECEMBER 31, 2024 AND 2023

NOTE D – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan assets were in investment funds managed by Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company, the custodians of the Plan for the year ended December 31, 2023, and for the eleven-month period ending November 30, 2024; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. As of December 31, 2023, the Plan investments managed by the custodians totaled \$4,385,920.

Certain plan assets are in investment funds managed by Charles Schwab Trust Bank, the custodian of the Plan as of December 31, 2024; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. As of December 31, 2024, the Plan investments managed by the custodians totaled \$124,355.

Participants covered under the Plan are considered to be parties in interest. Participant loans in the amount of \$354,565 and \$275,968 at December 31, 2024 and 2023, respectively, are considered to be party-in-interest investments.

Certain employees of the Company perform administrative services for the Plan. These employees receive no compensation from the Plan for these services. The Company pays certain administrative fees of the Plan.

NOTE E – FAIR VALUE OF MARKET INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE E – FAIR VALUE OF MARKET INVESTMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value at December 31, 2024			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual Funds	<u>\$ 29,825,048</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,825,048</u>

	Assets at Fair Value at December 31, 2023			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual Funds	<u>\$ 23,152,338</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,152,338</u>

NOTE F – FIXED INSURANCE CONTRACT

In 2014, the plan entered into a benefit-responsive investment contract with Nationwide Life Insurance Company (Nationwide) totaling \$4,385,920 for 2023. The contract was terminated during 2024. The contract was an unallocated guaranteed fund fixed dollar annuity with market value adjustment, non-participating. The contract did not pay dividends resulting from any of the surplus or earnings of Nationwide. Unallocated contracts are contracts under which payments to the insurance company are not allocated to specific individual plan participants but are held in an undivided fund for investment until they are used to pay benefits or to buy annuities for plan participants who retire or terminate employment with vested benefits. The unallocated contract is an investment vehicle and does not transfer any benefit obligation or related risk from the plan to the insurance company.

Nationwide maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and are reviewed on a quarterly basis for resetting. The crediting interest rate was 2.45% as of December 31, 2023.

NORTHWEST ONCOLOGY & HEMATOLOGY, S.C.
PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE F – FIXED INSURANCE CONTRACT (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore was reported at contract value. The contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract does not have a maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to fulfill its contractual obligations may be affected by future economic and regulatory Developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the Plan to transact at contract value with the participants.

Also, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE G – TAX STATUS

The Plan is a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax exempt status. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of December 31, 2024 and 2023, respectively. The Plan has not individually sought its determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2021.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. Late transmissions of salary deferrals constitute a prohibited transaction under the ERISA section 406, regardless of materiality. The Organization is in the process of remitting lost earnings on late remittances estimated to be cumulative under \$1,000.

NOTE J – SUBSEQUENT EVENTS

The management of the Plan has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2024, through October 10, 2025, the date the financial statements were available to be issued. It has concluded that, there are no effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the 2024 financial statements or related note disclosures in accordance with FASB ASC 855, Subsequent Events.
