INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Construction Laborers Vacation Trust
for Southern California

Opinion

We have audited the accompanying financial statements of Construction Laborers Vacation Trust for Southern California (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Construction Laborers Vacation Trust for Southern California as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Construction Laborers Vacation Trust for Southern California to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

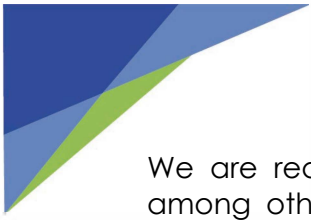

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CONSTRUCTION LABORERS VACATION TRUST FOR SOUTHERN CALIFORNIA

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The Construction Laborers Vacation Trust for Southern California (the Plan) is a multi-employer employee benefit plan. Effective 2021, contributions received by the Plan following the end of each vacation accumulation work year will be distributed to participants twice per year: once on or about June 1st, and again on or about December 1st. The June 1st distribution will include the contributions for the work months of October through March and the December 1st distribution will include the contributions for the work months of April through September.

If there are sufficient excess funds, the Trustees may vote to have a special distribution made to participants in December. This special distribution is from recontributed funds and earnings of the Plan and is subject to reporting and payment of income tax to federal and state tax agencies by the participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employers participating in the Plan are located and conduct their business activities in the Southern California area. Participants should refer to the plan agreement and any amendments regarding specific provisions of the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Employer Contributions Receivable - The Plan estimates amounts receivable from reporting employers at year-end based upon amounts collected subsequent to year-end. The Plan considers the receivables to be fully collectible; accordingly, no allowance for doubtful receivables is required. Employer records are subject to audit, and additional revenue, if any, that may arise as a result of these audits is recognized when received.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Employer Payroll Compliance Program - Employer remittance reports were accepted as submitted, without examination or verification of employers' payroll records. The system of internal control provides for examination of employers' records by the Construction Laborers Trust Funds for Southern California Administrative Company, LLC.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies by using information provided by its investment consultant, managers and custodian. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis.

Administrative Expenses - The Plan pays all administrative expenses.

Benefits - Benefit payments are recorded when paid.

NOTE 3. TAX STATUS

No provision for federal or state income tax is made. The Plan has received tax-exempt status from the federal government under Internal Revenue Code Section 501(c)(9) and the state of California under Revenue and Taxation Code Section 23701(i).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Pacific Southwest Administrators (PSWA) provided administrative services to the Plan for \$49,000 and \$46,667 per month for the years ended December 31, 2024 and 2023, respectively, plus reimbursements for postage, special mailings, and any other services requested by the Board of Trustees.

The Plan uses the Construction Laborers Trust Funds for Southern California Administrative Company, LLC, a related party, to collect non-payments or under-payments of fringe benefits.

For the years ended December 31, 2024 and 2023, the Plan's allocable share of expenses totaled \$1,149,075 and \$971,922, respectively.

NOTE 4. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS (CONTINUED)

The Plan also pays certain investment and administrative fees directly to service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 5. RECONTRIBUTION OF BENEFITS

Vacation/supplemental benefits that remain with the Plan unclaimed for one year are considered recontributed benefits and reverted to net assets available for benefits of the Plan. The Plan will maintain a reserve of \$25,000 per liability year to cover benefits later claimed. Recontributed benefits during the years ended December 31, 2024 and 2023 were \$644,760 and \$1,224,025, respectively, and are netted against benefits paid.

NOTE 6. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Money market funds: Valued based on amortized cost which approximates fair value.

The following tables set forth by level, within in the fair value hierarchy, the Plan asset's at fair value as of December 31, 2024 and 2023.

Description	Total Investments at 12/31/24	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	<u>\$ 39,763,940</u>	<u>\$ 39,763,940</u>	<u>\$ -</u>	<u>\$ -</u>

Money market fund	<u>\$ 28,344,492</u>	<u>\$ 28,344,492</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 7. PRIORITIES UPON TERMINATION

Except as may be otherwise provided by law, in the event of termination of the agreement and declaration of Trust, the Plan provides that any and all monies remaining in the Plan after payment of all expenses and obligations of the Plan shall be expended and used for the continuance of purposes of the Plan, until such monies are exhausted.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500
