SUPPLEMENTAL INFORMATION

YEARS ENDED DECEMBER 31, 2024 AND 2023

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Myers Power Products, Inc. 401(k) Savings Plan
Ontario, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Myers Power Products, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The Form 5500, Schedule H, Line 4i – Schedule of assets (held at end of year) is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MYERS POWER PRODUCTS, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

1. Description of Plan:

The following description of Myers Power Products, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Myers Power Products, Inc. and M&I Electric, LLC who have adopted the Plan (collectively referred to as the "Plan Sponsor"). The Plan covers substantially all employees who have completed three months of service, have completed no less than 250 hours of service during a consecutive three-month period, are age eighteen or older, and are not a member of a union collective bargaining unit or a nonresident alien. If a participant fails to complete the months of service requirement, they will be eligible if they complete no less than 1,000 hours during either the 12-month period beginning on the participant's hire date or the Plan year beginning within the 12-month period beginning on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustee.

Contributions

Participant Contributions: Each year, participants in the Plan may defer a portion of their pre-tax annual compensation, as defined, subject to certain statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions: The Plan Sponsor may elect to make qualified matching contributions and/or profit-sharing contributions that are determined each year by the Plan Sponsor. The Plan Sponsor has elected to not make any qualified matching or profit sharing contributions for the years ended December 31, 2024 and 2023.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's pre-tax contribution, the Plan Sponsor's qualified matching contribution, an allocation of the Plan Sponsor's profit-sharing contribution, if any, the Plan's earnings and losses, and an allocation of administrative expenses, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participant Contributions: Participants are immediately vested in their voluntary contributions, rollover contributions, plus earnings thereon.

Employer Contributions: Participants are not vested in employer contributions, plus earnings thereon, until they have attained two years of credited service, at which time they become 20% vested. After three years of service, participants become 50% vested in employer contributions. After four years of service, participants become 100% vested in employer contributions. Participants will also fully vest in the Plan Sponsor's qualified matching contributions and profit sharing contributions upon reaching normal retirement age, disability, or death.

MYERS POWER PRODUCTS, INC. 401(K) SAVINGS PLAN

 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2024 AND 2023

1. Description of Plan (continued):

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the date on which the loan was made, or 50% of the vested interest in the participant's Plan account. Loan repayments may not exceed five years. Loans are secured by the balance in the participant's account and bears interest at the prime rate as published in The Wall Street Journal, plus 2%. Principal and interest are paid ratably through payroll deductions.

Benefits Paid to Participants

Upon termination of service, participants may elect to receive a lump-sum amount or direct rollover equal to the value of their vested account. Active participants may make withdrawals of funds from their account under hardship conditions, as defined in the plan document.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. These accounts will be used to offset administrative expenses or may be used to reduce employer contributions of the Plan. At December 31, 2024 and 2023, and for the years then ended, forfeited non-vested accounts and forfeited non-vested balances used to pay administrative expenses were:

	<u>2024</u>	<u>2023</u>
Forfeited non-vested accounts	\$ -	\$ 58
Forfeited non-vested accounts used for administrative expenses	\$ 156	\$ 7

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued):

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit loss has been recorded. If a participant does not make loan repayments, and the plan administrator considers the participant note receivable to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan agreement.

Benefits Paid to Participants

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expense are included in the net appreciation (depreciation) in fair value of investments. Other expenses paid by the Plan, primarily advisory fees, are recorded as a deduction of net assets on the accompanying statements of changes in net assets available for benefits. Fees for distributions as well as the administration of notes receivable from participants are included in the administrative expenses and charged directly to the participants' accounts.

Date of Management's Review of Subsequent Events

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Ascensus Trust Company:

As permitted by ERISA Section 103(a)(3), the Plan Sponsor has instructed the plan's independent qualified public accountant not to perform auditing procedures with respect to investment information prepared and certified by Ascensus Trust Company, the custodian of the Plan's assets (the "custodian"). The custodian has certified, as of December 31, 2024 and 2023, both the completeness and accuracy of the information summarized below regarding the investment assets and notes receivable from participants held by the institution on behalf of the Plan. Accordingly, the scope of the audit did not extend to the investment information certified by the custodian.

	2024	2023
Investments at fair value	\$ 5,505,946	\$ 5,448,722
Notes receivable from participants	38,310	94,697
Net appreciation in fair value of investments	756,992	710,557
Dividends	124,978	129,338
Interest income on notes receivable from participants	3,468	8,426

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements:

Fair value measurement guidance under GAAP defines fair value, establishes a consistent framework for measuring fair value, and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy under are described as follows:

- | | |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date. |
| Level 2 | Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring use of Level 3 inputs for the periods presented. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements:

Mutual Funds:	Valued at the daily closing price as reported by the fund. Net asset values ("NAV") are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.
---------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<i>Assets at Fair Value as of December 31, 2024</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,505,946	\$ -	\$ -	\$ 5,505,946
Total assets at fair value	<u>\$ 5,505,946</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,505,946</u>

	<i>Assets at Fair Value as of December 31, 2023</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,448,722	\$ -	\$ -	\$ 5,448,722
Total assets at fair value	<u>\$ 5,448,722</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,448,722</u>

5. Tax Status:

The Internal Revenue Service ("IRS") has determined and informed the trustee by a letter dated June 30, 2020 that the prototype plan on which the Plan is based and the related trust, as then designed, was in accordance with applicable regulations of the Internal Revenue Code ("IRC"). The prototype plan has been amended subsequent to that date. However, the Plan Sponsor believes that the Plan was, at all times during the years ended December 31, 2024 and 2023, designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continued to be tax-exempt.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS and/or the U.S. Department of Labor. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the accounts of each participant would continue to be fully vested.

7. Partial Plan Termination:

During the year ended December 31, 2024, the Plan experienced a partial plan termination as a result of the closure of the Beaumont, Texas manufacturing facility, effectively ceasing manufacturing operations at this facility. The plant closure resulted in the involuntary termination of approximately 34% of the Plan's participants.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

7. Partial Plan Termination (continued):

As required by the Internal Revenue Code Section 411(d)(3), all affected participants who were terminated due to the plant closure became 100% vested in their account balances as of the date of their termination. The Plan Sponsor identified the affected participants as those employees whose employment was involuntarily terminated in connection with the plan closure during the year.

Any forfeitures that would have otherwise occurred as a result of these terminations were restored to the affected participants' accounts in accordance with the Plan's provisions and applicable regulations.

The Plan's Form 5500 for the year ended December 31, 2024, reflects the impact of the partial plan termination, including the change in participant accounts and vesting status.

As a result of the partial plan termination, outstanding loans to participants whose employment was terminated became immediately due and payable. For those participants who did not repay their loans, the outstanding loan balances were offset against their vested account balances, resulting in distributions equal to the unpaid loan amounts. These loan offsets reduced the notes receivable from participants by \$42,055 during the year ended December 31, 2024. The loan offsets are reported as distributions in the financial statements and on Form 5500, Schedule R.

Management has evaluated the impact of the partial plan termination and determined that there were no other significant changes to the Plan assets, liabilities, or funding as a result of this event.

8. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

9. Related-Party Transactions and Party-in-Interest Transactions:

Certain plan investments are mutual funds managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions. The custodian administers the Plan and receives fees from the Plan for these services. The Plan had notes receivable from participants as of December 31, 2024 and 2023. These notes, as well as all related transactions, qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

10. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of participants who were terminated prior to year-end but had not yet received payment. At December 31, 2024 and 2023, the vested account balances of terminated participants were:

	<u>2024</u>	<u>2023</u>
Vested account balances of terminated participants	\$ 1,834,981	\$ 1,441,774
