REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Retirement Plans Management Committee
CVR Energy 401(k) Plan for Represented Employees

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of CVR Energy 401(k) Plan for Represented Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - PLAN DESCRIPTION

The following description of the CVR Energy 401(k) Plan for Represented Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by CVR Services, LLC, a subsidiary of CVR Energy, Inc. (“CVR”), for the benefit of the union employees of the following participating employers: Coffeyville Resources Crude Transportation, LLC; CVR Common Services, LLC and East Dubuque Nitrogen Fertilizers, LLC (collectively, the “Company”). During 2023, CVR Common Services, LLC was added as a participating employer in the Plan and Coffeyville Resources Refining & Marketing, LLC (“CRRM”) and Wynnewood Refining Company, LLC (“WRC”) were removed as participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). T. Rowe Price Trust Company (“T. Rowe Price” or “Trustee”) serves as both the trustee and the custodian.

Eligibility

Employees are eligible to participate in the Plan immediately upon hire. Eligible employees exclude those employees whose compensation is primarily paid in the form of salary, non-resident aliens, leased employees, independent contractors, and part-time employees (those who are scheduled to work less than 1,000 hours per year).

Contributions

Participants may contribute up to 60% of eligible compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may elect to classify all, or a portion, of their elective deferral as a Roth elective deferral. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions. Contributions are subject to certain limits specified by the Internal Revenue Code (“IRC”). The Plan includes an automatic enrollment feature, which automatically enrolls employees in the Plan at a deferral rate of 6% of eligible compensation 30 days after their eligibility date unless they opt out.

The Company may make matching contributions to the Plan. For the year ended December 31, 2024, the Company contributed 100% of the first 6% of eligible compensation that a participant contributed to the Plan. While additional amounts may be contributed at the option of the Company, no such contributions were made for the year ended December 31, 2024.

Participant Accounts

A separate account is established for each participant. The account is credited or charged, as applicable, with the participant’s deferral contributions, an allocation of the Company’s contributions, the participant’s share of investment earnings and losses, the participant’s distributions, and certain administrative charges. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account into the various investment options offered by the Plan. If a participant fails to direct investment of their contributions, the T. Rowe Price Retirement Fund available in the Plan with the target date closest to the year in which the participant turns age 65 will serve as their default investment. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant’s account.

for Represented Employees**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Company's contributions, plus earnings thereon, is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	34%
2	67%
3	100%

Forfeitures

Any forfeited, non-vested Company contributions may be used to reduce future Company contributions or pay Plan expenses. During 2024, there were \$64,411 of forfeitures used to offset Company contributions paid in 2024 for 2023 contributions. At December 31, 2024 and 2023, forfeited, non-vested accounts totaled \$3,581 and \$7,957, respectively.

Payment of Benefits

If participants terminate employment with account balances less than \$1,000, they will automatically receive a lump sum distribution upon termination of employment. For balances greater than \$1,000, on termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments over a specific period of time, not to exceed the life expectancy of the participant or the participant's beneficiary, whichever is longer. The Plan permits in-service withdrawals for those participants who have attained age 59½ and hardship withdrawals.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans are secured by the balance in the participant's account and bear interest at fixed rates which are based on the published prime rate plus one percent at the time the loan is initiated. Loans are repayable over a period not to exceed five years, unless the loan is for the purchase of a primary residence, and are primarily repaid through payroll deductions. Interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2024 and December 31, 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

for Represented Employees**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments represents realized gains and losses on investments sold during the year, as well as the change in unrealized appreciation (depreciation) of investments that are held by the Plan at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced to zero and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are recognized as administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Other Income

T. Rowe Price Retirement Plan Services, Inc. receives pricing credits associated with certain investments in the Plan and allocates those pricing credits to participants in proportion to their account balances invested in those options.

Transfer of Assets

Certain employees participate in the Plan or the CVR Energy 401(k) Plan (the "CVR Plan"). Participation is based on the employees' job classification. Consequently, transfers of assets between the Plan and the CVR Plan occur as participants change job classifications. Assets are transferred at fair value at the date of transfer.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

On May 27, 2025, the Retirement Plans Management Committee approved to add the after-tax contributions and in-plan Roth conversion provisions to the Plan effective January 1, 2026. This retirement plan savings strategy allows individuals such as high-income earners to contribute larger amounts to Roth accounts, by first contributing after-tax to the 401(k) plan and then electing to convert those after-tax contributions to Roth contributions.

**CVR Energy 401(k) Plan
for Represented Employees**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

In accordance with Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), the Company utilizes the market approach to measure fair value of the Plan's financial assets and liabilities. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets, liabilities or a group of assets or liabilities.

ASC 820 utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of these three levels:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Other significant observable inputs (including quoted prices in active markets for similar assets or liabilities).

Level 3 - Significant unobservable inputs (including the Plan's own assumptions in determining fair value).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of the units held by the Plan at year-end, as determined by fair value of the underlying assets. Underlying assets include commingled pools of exchange traded equity and fixed income securities.

Investments without a readily determinable fair value have been valued at NAV as a practical expedient to estimate fair value.

^(a) Withdrawals for benefit payments and participant transfers to noncompeting investment options to be paid to Plan participants shall be made 30 days after written notification has been received. All other withdrawals may be made up to one year after notification is received. The Company submitted a 12 months' advance redemption notice to the T. Rowe Price Stable Value Common Trust Fund ("SVF") on April 13, 2023 seeking to withdraw 100% of its interest from the SVF. Participants were notified in May 2024 that the assets from the SVF would be transferred to the Vanguard Federal Money Market Investment Fund on June 18, 2024.

NOTE D - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator determined that the certification received from the Trustee meets the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements are complete and accurate:

**CVR Energy 401(k) Plan
for Represented Employees**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

- Investments at fair value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Investment income, other income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

NOTE E - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are held and managed by T. Rowe Price. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

NOTE G - TAX STATUS

The Internal Revenue Service (“IRS”) issued an opinion letter dated August 19, 2020, stating that the form of prototype plan used by the Plan is acceptable under Section 401 of the IRC. Although the Plan has been amended since the opinion letter was issued, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan is exempt from federal income taxes.

U.S. GAAP requires management to evaluate tax positions taken by the Plan to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE H - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, and may be further exposed to impacts from political and economic changes caused by global market conditions and geopolitical events such as the conflicts and tensions in the Middle East and the ongoing Russia-Ukraine war. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
