Fronius USA 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Fronius USA 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Fronius USA 401(K) Plan's 2024 and 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fronius USA 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fronius USA 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fronius USA 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fronius USA 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FRONIUS USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024

Note 1 - DESCRIPTION OF PLAN

The following description of the Fronius USA (“Company”) 401(K) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company and its affiliates who have completed one year of service and have also attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Each year participants may elect to defer an amount of pretax compensation or post tax compensation (Roth deferral) as defined in the Plan subject to various limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

During the year ended December 31, 2024, the Company began making a safe harbor matching contribution. The Company safe harbor matching contribution is an amount equal to 100% of the matched employee contributions that are not in excess of 3% of the matched employees plan compensation, plus 50% of the matched employee’s contribution that exceed 3% of the matched employees plan compensation but do not exceed 5% of the compensation. The employer safe harbor matching contribution for the year ended December 31, 2024, was \$364,320. The Company may also make a discretionary profit-sharing contribution at the option of the Company’s board of directors. Since the inception of the Plan, the Company has not made any profit-sharing contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company safe harbor matching contribution plus actual earnings thereon. Vesting in the Company’s discretionary contribution portion of their accounts (if applicable) is based on years of continuous service. A participant is 100% vested after six years of credited service.

(Continued)

Note 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator at the time loans are made. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

At the time a participant is entitled to receive a distribution under the Plan, the participant will receive a lump-sum payment equal to the value of the participant's vested account balance.

Administration

The Company is the Plan sponsor and is responsible for the administration of the Plan. The investment custodian is Lincoln National Life Insurance Company (Lincoln). The custodian holds all the Plan's assets and executes all the Plan's transactions.

Note 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment custodian and investment advisers. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FRONIUS USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024
(Continued)

Note 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024, and 2023. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Company has evaluated events through September 30, 2025, which is the same date the financial statements were available to be issued.

Note 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in quoted markets that the Plan has the ability to access.
- Level 2 inputs to the methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

FRONIUS USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024
(Continued)

Note 3 – FAIR VALUE MEASUREMENTS (Continued)

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables summarize the Plan's investments at December 31, 2024 and 2023, based on the inputs used to value them.

FRONIUS USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024
(Continued)

Note 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts are valued based on the net asset value of units as determined by the Lincoln National Life Insurance Company. The values of the participant units in the pooled separate accounts are based on the value of the underlying assets owned by the Plan. Net asset value is a readily determinable fair value and is the basis for current transactions.

Note 4 – GUARANTEED STABLE VALUE ACCOUNT

The Plan has available an investment option that is a Guaranteed Stable Value Account, which is a traditional fully benefit-responsive contract with Lincoln totaling \$135,830 for 2024 and \$272,297 for 2023. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest is credited at a rate not less than the guaranteed minimum interest rate, as shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. The average credited rate for 2024 and 2023 was 2.77% and 2.54%, respectively.

The Guaranteed Stable Value Account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for these contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is based on Lincoln's ability to meet its financial obligations. Lincoln's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Lincoln may terminate the contract under the following conditions: (1) if the contract owner breaches the contract in some way, such as failure to pay any charges, failure to furnish requested information, or discovery the contract owner has misrepresented any material information, (2) if the Plan ceases to meet the requirements of the appropriate code sections, (3) if, after a reasonable amount of time, the account has not grown sufficiently. Those guidelines are, after the third contract year the account value is less than \$15,000 or there is no deposit activity for 24 consecutive months and the value is less than \$50,000.

FRONIUS USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024
(Continued)

Note 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, if applicable.

Note 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Lincoln National Life Insurance Company the Plan's custodian. Indirect compensation is paid to this entity and is netted against net appreciation of assets. Transactions involving these investments and services are considered party-in-interest transactions; however, they are not considered prohibited transactions under the ERISA regulations.

Note 7 – TAX STATUS

The Plan is an adoption of a volume submitter defined contribution plan that the Internal Revenue Service (IRS) has issued a favorable determination letter on dated June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is designed, and is currently operating, in compliance with applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified and is exempt from Federal income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. As of December 31, 2024, the Plan Sponsor believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no examinations currently in progress. The Plan Sponsor believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 8 – RISKS AND UNCERTAINTIES

The participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
