Plan Administrator
Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Brunswick, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions and from an agent on behalf of a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions and the agent to a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions and an agent for an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions and an agent for a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions and an agent for an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan

The following description of the Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Southeast Georgia Health System, Inc. (the Company). The Plan became effective on January 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Corebridge Retirement Services (Corebridge) and Massachusetts Mutual Life Insurance Company (MassMutual) are the issuers of the group annuity contracts, and Empower Trust Company, LLC, Empower Annuity Insurance Company of America, (together, Empower) and Corebridge serve as Custodians of the Plan.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan and subject to Internal Revenue Code (IRC) limitations. If a participant does not make an election, they are automatically enrolled at a 2% salary deferral. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Aggregate limits as prescribed by the Internal Revenue Service (IRS) were \$23,000 for participants under the age of 50, and \$30,500 for participants age 50 and older in 2024. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

Employees that have completed one year of service and reached eighteen years of age are eligible to receive Company matching contributions. For eligible participants, the Company may make a nonelective discretionary contribution. For 2024, nonelective discretionary contributions were made equal to 2.25% of eligible compensation. For eligible participants, the Company also provides a matching contribution equal to 50% of the first 5% of eligible compensation deferred for participants with six or fewer years of service, or 75% of the first 5% of eligible compensation deferred for participants with more than six years of service. Employer contributions are calculated based on eligible compensation up to the annual IRS compensation limit (\$345,000 for 2024).

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, self-directed brokerage accounts, and fixed and variable group annuity contracts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and is charged with benefit payments, plan losses, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings or losses thereon is based on years of service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%-9.50% as of December 31, 2024, which is commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Loan Escrow and Collateral Funds

Participants may borrow from Corebridge a minimum of \$1,000 up to the lesser of a maximum \$50,000 or 50% of their vested account balance. These policy loans are secured by collateral in the amount of the loan which is transferred from the participant account into a collateral fund. An additional amount equal to one quarter of interest plus all applicable surrender charges is transferred from the participant's account and held in escrow until the loan is repaid. All escrow and collateral funds are invested in group fixed annuity contracts and bear interest at contractually guaranteed rates. Principal and interest are paid directly by the participant to Corebridge. In the case of default, the note and collateral are not foreclosed on until the occurrence of a distributable event. At December 31, 2024 and 2023, approximately \$418,000 and \$469,000, respectively, of Corebridge policy loans were collateralized by Plan assets.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested participant account balances totaled approximately \$486,000 and \$264,000, respectively. Forfeited nonvested accounts are primarily invested in group fixed annuity contracts. In accordance with the provisions of the Plan, forfeitures may be used to pay administrative expenses or to reduce future employer contributions. Forfeiture account activity was not significant during the year ended December 31, 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the qualified institutions described in Note 5. See Note 3 for discussion of fair value measurements.

Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of investments measured at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the period in which participant contributions are withheld from compensation by the Company. Employer matching and nonelective contributions are recorded in the period in which participant compensation is earned, in accordance with the terms of the Plan. All contributions are recognized when due and the Company has made a formal commitment to contribute. Participant contributions are subject to Internal Revenue Code limitations.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance and accumulated interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

Effective January 1, 2025, the Plan was restated to adopt an amendment implementing hardship distribution provisions of the Bipartisan Budget Act of 2018. The restatement did not result in significant changes to the Plan. The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Self-Directed Brokerage Funds

Mutual funds and self-directed brokerage accounts are valued at quoted market prices (NAV) in active markets and are classified as Level 1.

Group Variable Annuity Contracts

Group variable annuity contracts are valued using unit NAV of the individual separate accounts as reported by Corebridge as a practical expedient. The group variable annuity contracts are not required to be classified within a level of the fair value hierarchy. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the group variable annuity contracts, the issuer reserves the right to require twelve months notification to ensure that the liquidation will be carried out in an orderly manner. These funds are not required to be classified in a level on the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31:

	December 31, 2024			
	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

(A) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value at December 31, 2024</u>	<u>Fair Value at December 31, 2023</u>	<u>Unfunded Commitments</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Group variable annuity contracts	\$ 2,247,792	\$ 1,944,283	None	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fully Benefit-Responsive Investment Contracts

The Plan has fully benefit-responsive group fixed annuity contracts with Corebridge and MassMutual. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Loan escrow and collateral funds are invested in the fully benefit-responsive contracts and act as security for policy loans made between the participant and Corebridge. As such, these accounts are valued based on the estimated demand value of the underlying fully benefit-responsive investment contracts and are reported at contract value.

The following represents the disaggregation of contract value between types of group fixed annuity investment contracts held by the Plan at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Traditional investment contract	\$ 10,277,972	\$ 12,745,354
Loan escrow and collateral funds	418,006	468,567
Total group fixed annuity investment contracts	<u>\$ 10,695,978</u>	<u>\$ 13,213,921</u>

Corebridge and MassMutual maintain the contributions in general accounts and are contractually obligated to repay the principal and specified rates of interest that are guaranteed to the Plan. The interest rate is declared monthly with interest credited on a daily basis at an annual effective rate.

Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

Note 5. Unaudited Information Certified by Qualified Institutions

The accompanying financial statements include the following unaudited information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that was obtained from data prepared and certified to be complete and accurate by or on behalf of Corebridge and Empower:

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ <u>187,464,818</u>	\$ <u>162,185,518</u>
Investments at contract value	\$ <u>10,695,978</u>	\$ <u>13,213,921</u>
Notes receivable from participants	\$ <u>5,465,157</u>	\$ <u>4,903,514</u>
Net appreciation in fair value of investments	\$ <u>17,539,778</u>	
Interest and dividends	\$ <u>8,053,118</u>	
Interest from notes receivable from participants	\$ <u>399,139</u>	

The certifications include all investment information discussed in Notes 3 and 4.

Note 6. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Southeast Georgia Health System, Inc. 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Certain plan investments are annuity products offered by Empower and Corebridge, or their affiliates. Affiliates of Empower and Corebridge provide recordkeeping services for the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for administrative services were approximately \$450,000 for the year ended December 31, 2024.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the non-standardized prototype plan that it is utilizing. The IRS made a favorable opinion in a letter dated March 31, 2017 that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the financial statements.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2024 and 2023 financial statements to Schedule H of Form 5500 as of December 31:
