We have audited the financial statements of Reputation.com, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2024, and have issued our report thereon dated October 10, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Ascensus Trust Company, the custodian from January 1, 2023 through October 31, 2024 and Fidelity Trust Management Company, the trustee from November 1, 2024 through December 31, 2024, which are banks or similar institutions or insurance carriers that are regulated, supervised and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you in our engagement letter. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We have provided the necessary corrections to management.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We are not aware of any corrected or uncorrected misstatements that are material to the Plan's financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 10, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the ERISA-required supplemental schedules accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplemental schedules to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the plan administrator and those responsible for Plan governance and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Miller Kaplan Arase LLP

INDEPENDENT AUDITOR'S REPORT

Plan Administrator

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Reputation.com, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared

The following description of the Reputation.com, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

A. General

The Plan is a defined contribution plan that was established on January 1, 2010 to provide retirement benefits to eligible employees of Reputation.com, Inc. (the “Company”). The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the “Code”) and provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

B. Administration and Expenses

The Company appointed an administrative committee (the “Committee”) to direct Plan operations. The Committee appointed Ascensus Trust Company as custodian and trustee of the Plan through October 31, 2024. Effective November 1, 2024, Fidelity Management Trust Company became the custodian and trustee of the Plan. Record keeping and administrative fees are paid by the Company. Mutual funds offered contain investment management fees. Such fees are thereby factored into each investment fund as a reduction of investment return. Certain fees including withdrawal and participant loan administration fees are charged directly to participant accounts. Costs of maintaining and administering the Plan may be paid by the Plan or by the Company at the discretion of the Committee.

C. Eligibility

To be eligible to participate in the Plan, a participant must be at least age 21 and complete one month of service. The Plan specifically excludes employees covered by a collective bargaining agreement, non-resident aliens and leased employees. Interns and employees classified as part-time or temporary are excluded from the Plan, except that such employees who attain age 21 and complete 1,000 hours of service in an eligibility computation period shall be eligible to participate after the end of such period. Substantially all full-time regular employees of the Company who have attained age 21 are eligible. Plan entry is the first day of the month coincident with or next following satisfaction of eligibility requirements.

D. Contributions

Participants may elect to make pre-tax and/or Roth after-tax contributions to the Plan subject to applicable Code limits. Participants age 50 or older may elect to make additional catch-up contributions subject to applicable Code limits. Newly hired eligible employees, except those who elect not to defer pre-tax compensation to the Plan, are auto-enrolled at a deferral rate of 5% of compensation on the first day of the month following their date of eligibility. The deferral percentage for auto-enrolled participants will automatically increase 1% annually in successive years to an annual maximum of 8% of eligible compensation.

Participants are also permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are invested in accordance with participant directions and Plan provisions.

The Company may make discretionary matching contributions and non-elective contributions each plan year as provided by the Plan. There were no employer contributions made in 2024.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, rollovers, and the participant's share of Plan earnings or losses and expenses. Participants direct the investment of their accounts among a diversified menu of investment funds provided under the Plan.

F. Vesting

Participants are immediately 100% vested in their accounts attributable to their participant contributions and rollovers. Participants vest in Company matching contributions and respective earnings at the rate of 50% annually until fully vested after two years of service. Forfeitures of terminated participants' non-vested accounts may be used to pay Plan administrative expenses or reduce Company contributions. As of December 31, 2024, no Company contributions have been made; accordingly, there is no forfeiture balance.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or attainment of age 59½, a participant or beneficiary may maintain his or her account in the Plan or elect to receive benefits in a lump sum or installments equal to the value of the participant's account balance. Participants are eligible to make in-service withdrawals of their accounts under limited conditions, as defined in the Plan document.

H. Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 up to the lesser of \$50,000 or 50% of their account balance. A loan is secured by a participant's account, bears interest at 2% above the prime rate, and must be repaid to the Plan within a five-year period unless loan proceeds are used to acquire a principal residence in which case the loan term may be extended. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2024 carry interest rates ranging from 5.25% to 10.50% with various maturities through March 2031.

Notes receivable are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gain distributions are included in dividend income. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

D. Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and such changes could materially affect participant accounts and the amounts reported in the financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the plan qualifies under applicable provisions of the Code. The Company believes the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

The payment of direct and indirect fees by the Plan to service providers are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan January 1, 2023 through October 31, 2024 and Fidelity Management Trust Company, the trustee of the Plan from November 1, 2024 through December 31, 2024.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management’s estimates of assumptions that market participants would use in pricing the asset or liability.

Level 1 investments are mutual funds valued at fair value based on closing market prices for the shares held at year end in an active market. Although the plan administrator believes this valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

	2024	2023
	Level 1	Level 1
Mutual Funds	<u>\$ 24,196,235</u>	<u>\$ 21,941,512</u>

NOTE 8 - DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2024, contributions totaling approximately \$96,000 withheld from participants’ pay were not received by the trustee within the time frame established by Department of Labor regulations. Under ERISA, the failure to transmit participant deferrals to the Plan in a timely manner constitutes a prohibited transaction, for which the plan administrator is deemed responsible.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent event through October 10, 2025, the date on which the financial statements were available to be issued. There are no material subsequent events that require recognition or additional disclosure in the financial statements.
