## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the  
Masonite Savings Plan for Collectively Bargained Employees

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the Masonite Savings Plan for Collectively Bargained Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Masonite Savings Plan for Collectively Bargained Employees

## Notes to Financial Statements December 31, 2024 and 2023

---

### 1. Description of Plan

The following description of the Masonite Savings Plan for Collectively Bargained Employees (the Plan) provides only general information. Participants should refer to the Plan document, copies which are available from the plan administrator, for a more complete description of the Plan's provisions. Masonite Corporation, the Plan Sponsor, is owned 100% by Masonite International, Inc. (collectively, the Company). In 2024, the Company was acquired by Owens Corning (Owens). In 2025, Owens became the new Plan Sponsor of the Plan and the Plan had a change in service provider from Charles Schwab Trust Bank (Charles Schwab) to Fidelity Management Trust Company.

#### General

The Plan is a defined contribution profit-sharing plan covering employees of the Company or any of its subsidiaries covered under a collective bargaining agreement between the Company (and/or an affiliated company) and a union, where the terms of the collective bargaining agreement provide for the participation in the Plan, and the employees either work in the United States of America or are a United States citizen or resident working outside of the United States (provided a portion of the employee's compensation is United States source income). Of the Company's three existing locations, employees of the Company's Laurel, Mississippi location are eligible to participate on the first day of the month following three months of service. Employees of the Company's Vandalia, Ohio locations are eligible to participate on the first day of the month following the later of 90 days of service and attaining age 18; and employees of the Company's Marshfield, Wisconsin location are eligible to participate on the first day of the first payroll period after an employee's start date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants from the Marshfield, Wisconsin location are broken into two categories of unions: The United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union Local No. 2-0696 (Marshfield Steel) and Millmen's Local No. 1733 United Brotherhood of Carpenters and Joiners of America (Marshfield Carpenters).

The Company also sponsors the Masonite Savings Plan (the Savings Plan). If an employee becomes eligible to participate in the Savings Plan, their account under the Plan will be automatically transferred to the Savings Plan. In 2024, there were transfers of \$90,976 from the Plan to the Savings Plan.

#### Contributions

Participants may make pre-tax contributions of up to 75% of eligible compensation as defined by the Plan document. Generally, a participant's contributions may not exceed \$23,000 in 2024, plus catch-up contributions of up to \$7,500 for participants who are at least 50 years of age. Participants

# Masonite Savings Plan for Collectively Bargained Employees

## Notes to Financial Statements December 31, 2024 and 2023

---

may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

For the Laurel, Mississippi, Vandalia, Ohio, and Marshfield Carpenters union locations, the Company matches 100% of a participant's contributions up to 5% of the participant's eligible compensation. For the Marshfield Steel union, the Company will match 50% of a participant's contributions up to 5% of the participant's eligible compensation.

The Company, at its discretion, may make supplemental contributions. The Company may also make discretionary profit-sharing contributions to the various locations. There were no supplemental contributions made during 2024.

### **Participant Accounts**

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged with certain administrative expenses, and transaction expenses for services received by individual participants. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Vesting**

Participants are vested immediately in their contributions plus actual earnings and losses thereon. Vesting in the Company's contributions is based on location. Participants of the Laurel, Mississippi location are 100% vested immediately in the Company's matching contributions. Participants of the Vandalia, Ohio location and the Algoma, Wisconsin location vest in the Company's matching and supplemental contributions after three years of service.

Participants at the Marshfield location vest 10% after one year of service, another 10% after the second year, then 20% each year for the next four years and are fully vested after six years of service in the Company's matching and profit-sharing contributions.

In the event of death, total and permanent disability, or retirement, all amounts credited to such participant's account shall become fully vested.

### **Payment of Benefits**

At the time of death, disability, termination of service or retirement, the participant or the participant's beneficiary may receive payment of the balance of the participant's account in a lump-sum distribution. Participants with accumulated balances totaling less than \$1,000

---

automatically receive a lump sum distribution upon termination. The participant's contributions may also be withdrawn in certain hardship situations or on or after the age of 59½. The Plan has been amended to allow for certain hardship withdrawals relating to heavy financial need of a participant when certain requirements are satisfied.

### **Forfeitures**

As of December 31, 2024 and 2023, forfeited accounts totaled \$10,910 and \$138,330, respectively. Forfeitures may be used to reduce future employer contributions or to pay expenses of the Plan. During 2024, \$168,833 was used from forfeited non-vested accounts to reduce the Company contributions or to pay Plan expenses.

### **Notes Receivable from Participants**

The Plan allows notes receivable from participants at the Laurel, Mississippi location. Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable interest rate that is commensurate with the market for similar notes. During 2024, the interest rate on the outstanding participant notes ranged from 5.25% to 10.50%. Notes must be repaid in 5 years unless used for the purchase of a primary residence, in which case the term may be up to 20 years. Principal and interest are paid through payroll deductions.

### **Administrative Expenses**

Participants pay administration fees on a pro rata basis through the participant accounts. In addition, certain participant transaction fees, such as note fees and distribution fees, are charged directly to the participant. Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing, rather than a direct payment. Certain administrative expenses of the Plan are paid by the Plan in accordance with the Plan's provisions. These expenses are paid to service providers of the Plan and therefore qualify for party-in-interest transactions.

The Plan has an ERISA account where the qualified institution, Charles Schwab Trust Bank (Charles Schwab), deposit revenue sharing amounts to pay for administrative expenses. During 2024, there were no monies deposited to the account. The account had investment earnings of \$37,793 and expenses totaling \$48,890 were paid from the account. Payments from this account are included in administrative expenses for the year ended December 31, 2024. The account had an available balance of \$42,104 and \$53,201 as of December 31, 2024 and 2023, respectively, which are included in the stable value fund on the accompanying statements of net assets available for benefits.

### 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

#### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Supplemental and profit-sharing contributions are recognized upon authorization from the Plan Sponsor. Any unfunded participant or employer matching contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024 and 2023.

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 326, *Financial Instruments – Credit Losses*, the Plan estimated the current credit risk associated with the employer contribution receivable. After giving consideration to the risk characteristics, historical payment experience, current conditions, and reasonable forecasts, the Plan determined that no allowance for credit losses was necessary and there was no current year activity in the allowance for credit losses.

#### Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments, and fees charged for investment management services on those investments. Interest income is recorded when received.

# Masonite Savings Plan for Collectively Bargained Employees

## Notes to Financial Statements December 31, 2024 and 2023

---

### Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

### Payment of Benefits

Benefits paid to participants are recorded when paid.

### Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

### 3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), including investments held and notes receivable from participants at December 31, 2024 and 2023, and the net change in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab, the Plan's qualified institution.

### 4. Fair Value Measurements

Plan investments include a mutual fund managed by Charles Schwab. Charles Schwab is a service provider of the Plan; therefore, transactions in this investment qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair

# Masonite Savings Plan for Collectively Bargained Employees

## Notes to Financial Statements December 31, 2024 and 2023

---

values will occur in the near term and that such changes could materially affect participants' account balances.

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

The stable value fund invests primarily in synthetic guaranteed investment contracts and guaranteed investment contracts. The stable value fund trades daily at the net asset value (NAV) of the fund, which is based on the contract value of the underlying investments (Level 1). There are no restrictions on withdrawal of these funds except that if the Company were to remove this investment option from the Plan, they would have to provide twelve months' notice prior to liquidating this investment.

# Masonite Savings Plan for Collectively Bargained Employees

## Notes to Financial Statements December 31, 2024 and 2023

The following tables summarize the Plan’s investments based on the inputs used to determine their fair values as of December 31, 2024 and 2023:

	Level 1	
	2024	2023
Mutual funds	\$ 19,263,679	\$ 34,943,032
Stable value fund	8,706,125	9,493,894
<b>Total</b>	<b>\$ 27,969,804</b>	<b>\$ 44,436,926</b>

### 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

### 6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is in the process of applying for a new determination letter. The Plan’s income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

### 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 28,861,154	\$ 45,437,657
