## Required Communications

Auditing standards generally accepted in the United States of America (GAAS) (AU-C 260, *The Auditors' Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
<b>Our Responsibilities With Regard to the Financial Statement Audit</b>	Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated May 12, 2025. As management determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.
<b>Overview of the Planned Scope and Timing of the Financial Statement Audit</b>	We have issued a separate communication regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.
<b>Accounting Policies and Practices</b>	<b>Preferability of Accounting Policies and Practices</b> Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice. <b>Adoption of, or Change in, Accounting Policies</b> Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period. <b>Significant Accounting Policies</b> We did not identify any significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Area	Comments
<b>Accounting Policies and Practices (Continued)</b>	<p><b>Significant or Unusual Transactions</b></p> <p>We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.</p> <p><b>Management’s Judgments and Accounting Estimates</b></p> <p>The Plan’s financial statements do not include any significant accounting estimates.</p>
<b>Audit Adjustments</b>	<p>Audit adjustments, other than those that are clearly trivial, proposed by us and recorded by the Plan are shown in the attached “Summary of Recorded Audit Adjustments”.</p>
<b>Uncorrected Misstatements</b>	<p>We are not aware of any uncorrected misstatements other than those that are clearly trivial.</p>
<b>Form 5500 Filing</b>	<p>GAAS require that we obtain and read a draft of the Plan’s Form 5500 that is substantially complete prior to the dating of our auditors’ report in order to identify material inconsistencies, if any, with the Plan’s audited financial statements.</p> <p>We read the Plan’s draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements.</p>
<b>ERISA-Required Supplementary Information</b>	<p>We subjected the information included in the ERISA-required supplementary information, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplementary information, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplementary information is presented in conformity with the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplementary information agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditors’ report for the ERISA-required supplementary information.</p> <p>We did not identify inconsistencies with the audited financial statements or with the certified investment information.</p>

Area	Comments
<b>Disagreements with Management</b>	We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.
<b>Consultations with Other Accountants</b>	We are not aware of any consultations management had with other accountants about accounting or auditing matters.

To the Plan Administrator and Management  
Atlas MedStaff 401(k) and PS Plan

Our audit was performed in accordance with auditing standards generally accepted in the United States of America. In planning and performing our audit of the financial statements of Atlas MedStaff 401(k) and PS Plan (the Plan) as of and for the year ended December 31, 2024, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in internal control to be significant deficiencies:

- The Plan utilizes its auditors to provide assistance in preparing its year-end financial statements and related footnotes in conformity with the accounting standards generally accepted in the United States of America as part of the annual audit. Traditionally, this is beneficial from a cost and time perspective since it has not been necessary for the Plan to prepare a full set of financial statements with related footnotes more than annually. However, this limits the Plan's ability to monitor on a regular basis, whether or not its financial statements with related footnotes are in conformity with accounting standards generally accepted in the United States of America.

This communication is intended solely for the information and use of the Plan Administrator, owners, and management, and is not intended to be and should not be used by anyone other than these specified parties.

This representation letter is provided in connection with your audits of the financial statements of Atlas MedStaff 401(k) and PS Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) sponsored by Atlas MedStaff, LLC (the Plan Sponsor). The Plan's financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodically examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and that the certified information is appropriately measured, presented and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

## INDEPENDENT AUDITORS' REPORT

Plan Administrator  
Atlas MedStaff 401(k) and PS Plan  
Omaha, Nebraska

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Atlas MedStaff 401(k) and PS Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Other Matters – Supplementary Information Required by ERISA**

The supplementary information as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 1. Plan Description

---

The following brief description of the Atlas MedStaff 401(k) and PS Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Atlas MedStaff, LLC (the Company).

Employees are eligible to make salary deferral contributions and receive safe harbor matching contributions after attaining age 21 and completing six months of service in which the employee was credited with at least one hour of service per month. Eligible employees become participants on the first day of the month following the date on which entry requirements are fulfilled.

Participants are also eligible to receive discretionary nonelective contributions after attaining age 21 and completing six months of service in which the employee was credited with at least one hour of service per month and if they are employed on the last day of the year.

#### ***Contributions***

Each year, participants may contribute up to the maximum dollar limits allowable by law of pre-tax annual compensation in connection with the 401(k) provisions of the Plan. Additionally, the Plan allows participants to designate a portion or all of their elective contributions as Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified plans. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions.

The Plan provides for a safe harbor matching contribution equal to 100% of the first 3% of the participant's eligible compensation that the employee defers as an elective deferral and an additional 50% of the next 2% of the participant's eligible compensation that the employee defers as an elective deferral. Contributions are subject to certain limitations. The Company may decide to make a discretionary nonelective contribution to the Plan. The discretionary nonelective contribution will be allocated to all employees eligible to participate in the Plan. The discretionary nonelective contribution, if made, will be allocated as of the end of each Plan year based on participant eligible compensation within the computation period. No discretionary nonelective contributions were made during the years ended December 31, 2024 and 2023.

### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's safe harbor matching contribution, b) Company's discretionary nonelective contribution and c) Plan earnings or losses. The Company's safe harbor matching contribution is allocated among participants based upon each eligible participant's elected salary deferral. The Company's discretionary nonelective contribution is allocated among participants based upon each participant's eligible compensation. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Principal Life Insurance Company and Principal Trust Company (collectively, Principal).

### ***Vesting***

Participants are immediately vested in their contributions, Company safe harbor matching contributions and earnings or losses thereon. Company discretionary nonelective contributions credited to participants' accounts are vested based on years of continuous service. A participant is 20% vested in Company discretionary nonelective contributions after two years of service and vesting increases 20% per year until a participant is 100% vested after six years of service. If a participant terminates employment due to death, disability, or attainment of age 65, the Plan's normal retirement age, the participant will be 100% vested in their total account balance.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$500 up to the lesser of \$50,000 or 50% of their vested account balance. Notes must be fully paid within five years unless the note was issued for the purchase of a primary residence. No more than one note may be outstanding for a participant at any given time and notes may not be refinanced. Notes must bear interest at a reasonable rate, determined at the time the note is issued. Principal and interest are paid through payroll deductions.

### ***Payment of Benefits***

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive either a lump sum or installment payments equal to the value of the vested funds allocated to the participant's account. If a participant's balance is less than \$5,000, the participant may only receive a lump sum payment. The Plan requires that distribution payments between \$1,000 and \$5,000 (\$7,000 effective 1/1/2025) be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

### 2. Summary of Significant Accounting Policies

---

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

#### ***Basis of Presentation***

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

#### ***Presentation of Participant-Directed Funds***

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### ***Investment Valuation and Income Recognition***

Investments, except for fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a guaranteed investment contract.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Notes to Financial Statements

December 31, 2024 and 2023

---

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

### ***Other***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related solely to a specific participant may be charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

### ***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### ***Subsequent Events***

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 13, 2025. See section "Payment of Benefits" of Note 1 for a description of a subsequent event.

### 3. Information Certified by Principal

---

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal, except for comparing such information certified by Principal to information included in the Plan's financial statements and supplementary schedule.

The following table presents the value of the participant-directed Plan assets that were certified by Principal as of December 31:

	<u>2024</u>	<u>2023</u>
Investments at Fair Value	\$ 17,316,063	\$ 15,496,659
Investments at Contract Value	55,226	100,033
Total Investments	<u>\$ 17,371,289</u>	<u>\$ 15,596,692</u>
Notes Receivable from Participants	<u>\$ 125,266</u>	<u>\$ -</u>

Principal also certified to the completeness and accuracy of the following related to the investments for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Net Appreciation in Fair Value of Investments	\$ 2,266,903	\$ 2,415,574
Interest and Dividends from Investments	19,502	21,321
Total Investment Income	<u>\$ 2,286,405</u>	<u>\$ 2,436,895</u>
Interest Income on Notes Receivable from Participants	<u>\$ 11,509</u>	<u>\$ -</u>

### 4. Fair Value Measurements

---

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

---

# Atlas MedStaff 401(k) and PS Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

---

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

*Common Collective Trusts:* The fair value of the common collective trusts has been determined by referring to the investments underlying assets, which are principally guaranteed investment contracts and short-term investments. Units held in common collective trusts are valued at the unit value as reported by the investment managers. The NAV is used as a practical expedient to determine fair value for these accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

*Pooled Separate Accounts:* Pooled separate accounts invest primarily in common stocks, commercial paper and mutual funds. The NAV is used as a practical expedient to determine fair value for these accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Each pooled separate account provides for redemptions by the Plan at reported NAV per share on a daily basis.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### December 31, 2024 and 2023

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 703,307	\$ -	\$ -	\$ 703,307

Pooled Separate Accounts**				<u>2,640,334</u>
Total Investments at Fair Value				<u>\$ 17,316,063</u>

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 654,958	\$ -	\$ -	\$ 654,958
Common Collective Trusts**				12,842,017
Pooled Separate Accounts**				<u>1,999,684</u>
Total Investments at Fair Value				<u>\$ 15,496,659</u>

\*\*The fair value of investments in the common collective trusts and pooled separate accounts are valued based on the investments NAV or equivalent, as supplied by the investments' administrator. This classification above excludes a level in line with ASU 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments using the NAV per share as a practical expedient to estimate fair value.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2024.

### December 31, 2024 and 2023

---

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2023.

<b>December 31, 2023</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Common Collective Trusts	\$ 12,842,017	None	Daily	Daily
Pooled Separate Accounts	1,999,684	None	Daily	Daily

#### 5. Investment Contract with Principal

---

The Plan has entered into an investment contract with Principal. Principal maintains the contributions in mutual funds, common collective trusts, pooled separate accounts and a guaranteed investment contract. These investments are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal.

The mutual funds, common collective trusts, and pooled separate accounts, as reported to the Plan by Principal, are included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment account. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

#### 6. Tax Status

---

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

### 7. Plan Termination

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distributions to participants of the account balances would be made as soon as practicable after the termination date.

### 8. Related Party Transactions

---

Certain Plan investments are common collective trusts, pooled separate accounts and a guaranteed investment contract managed by Principal. Principal is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions.
