Independent Auditor's Report

RSM US LLP

401(k) Committee of
Superior Graphite Co. Employees' Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Superior Graphite Co. Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Superior Graphite Co. Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan which covers all employees of the Superior Graphite Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees become eligible to participate in the Plan on the first of the month following completion of three months of service and upon attainment of age 18.

Contributions: Eligible employees will be automatically enrolled for pre-tax deferrals in the Plan at 5% of eligible compensation on the first day of each month, following completion of the eligibility requirements, unless the employee provides a formal election to the Plan or to opt out of the Plan. The deferral percentage automatically increases by 1% each year until it reaches a maximum of 10% on an annual basis, unless the employee elects to opt out of the automatic increase. Participants may contribute up to 60% of their eligible compensation through payroll deductions not to exceed regulatory limits according to the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Catch-up contributions for those employees aged 50 or older, bonus and after-tax employee contributions are also allowed, as defined in the plan agreement. The Plan also allows participants to make Roth contributions.

The Company may also elect to make nonelective contributions for each plan year as determined by the Company's Board of Directors. The Company has not made these contributions since 2003, and any contributions previously made vested in accordance with the Plan provisions within the participant's account in accordance with the effective Plan provisions. Participants must be employed at the end of the plan year in order to qualify for any discretionary nonelective contributions. There were no discretionary Company contributions made to the Plan in 2024. All contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and receives allocations of discretionary Company nonelective contributions, if any, plan earnings and administrative expenses. Allocations are based on participant compensation or account balances, as defined. Earnings include interest, dividends and changes in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon.

Investment options: Upon enrollment in the Plan, participants may direct their account balances in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of benefits: Upon termination of service, death, total and permanent disability, or retirement, a participant or his or her beneficiary is eligible to receive an amount equal to the value of the participant's account in the form of a lump-sum distribution, as described in the plan agreement. Under certain conditions of financial hardship, as defined in the plan agreement, participants may withdraw a portion or all of their vested account balances. The Plan also provides that vested account balances of terminated participants less than \$5,000 are automatically distributed as a lump-sum payment without participant consent.

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or one-half of the participant's vested account balance one time each plan year. Loans are to be repaid through payroll deductions over a period not to exceed five years, except for the purpose of purchasing a principal residence, in which case the term may not exceed 10 years. Interest is determined by the Plan Administrator based on prevailing market rates at the time of loan origination and is fixed over the life of the loan. As of December 31, 2024, current interest rates range from 4.25% to 9.50%.

Diversification: Diversification is offered to participants of the Company's Employee Stock Ownership Plan (ESOP) close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the ESOP may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the numbers of shares allocated to the participant's account, less any shares previously diversified. In the sixth year, the percentage changes to 50% of the number of shares allocated to the participant's account. Participants who elect to diversify shall be entitled to direct the investment to or among one or more investment funds in the Superior Graphite Co. Employees' Savings Plan, an individual IRA, or a taxable ESOP distribution. For the year ended December 31, 2024, there were no diversification transfers into the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the Company, if any, are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) on fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Subsequent events: The Plan Administrator has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (Fidelity), the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets and income:

	2024	2023
Shares of registered investment companies, at fair value	\$ 35,551,169	\$ 31,688,229
Interest in common/collective trust, at fair value	909,719	1,214,521
Notes receivable from participants	669,095	790,700
Net appreciation in fair value of investments	4,955,654	
Interest and dividends	1,511,412	
Interest income on notes receivable from participants	49,959	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Interests in common/collective trust: Valued at the total NAV utilized as a practical expedient of underlying investments held by the trust at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 35,551,169	\$ -	\$ -	\$ 35,551,169
Total assets in the fair value hierarchy	\$ 35,551,169	\$ -	\$ -	35,551,169
Investments measured at NAV (a)				909,719
Total investments at fair value				\$ 36,460,888
	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 31,688,229	\$ -	\$ -	\$ 31,688,229
Total assets in the fair value hierarchy	\$ 31,688,229	\$ -	\$ -	31,688,229
Investments measured at NAV (a)				1,214,521
Total investments at fair value				\$ 32,902,750

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit of interest as of December 31, 2024 and 2023:

	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2024	2023	2023	2022		
Interest in common/collective trust	\$ 909,719	\$ 1,214,521	\$ -	\$ -	Immediate	12 months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Parties-In-Interest Transactions

The Plan's investments are held by and managed by Fidelity, the trustee, or an affiliate thereof; therefore, these transactions qualify as party-in-interest transactions. Fidelity also performs administrative and recordkeeping services for the Plan. The administrative expenses paid by the Plan to Fidelity were \$7,400 for 2024.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a non-standardized pre-approved plan of Fidelity. The pre-approved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2021.

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan provides options for investment in various securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2024.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements:	\$ 37,129,983	\$ 33,693,450
Shares of registered investment companies	(2,034,217)	(1,657,864)
Interest-bearing cash	2,034,216	1,657,865
Notes receivable from participants	(669,095)	(790,700)
Investments—participant loans	669,095	790,700
Shares of common/collective trust	(54,714)	(69,140)
Net assets available for benefits per the Form 5500	<u>\$ 37,075,268</u>	<u>\$ 33,624,311</u>

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2024, per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements:	\$ 3,436,533
Net investment income from common/collective trust	33,886
Dividends in registered shares of investment companies	1,491,829
Net appreciation in fair value of investments	(4,955,654)
Interest and dividends	(1,511,412)
Net investment income from registered investment companies	4,955,775
Changes in net assets available for benefits per the Form 5500	<u>\$ 3,450,957</u>

Note 10. Prohibited Transactions

During 2024, the Plan sponsor inadvertently failed to deposit approximately \$31,784 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor intends to deposit lost earnings to correct this failure in 2025. The Plan sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable will be made from the Plan sponsor's assets and not from assets of the Plan.

Independent Auditor's Report

RSM US LLP

401(k) Committee of
Superior Graphite Co. Employees' Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Superior Graphite Co. Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Superior Graphite Co. Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan which covers all employees of the Superior Graphite Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees become eligible to participate in the Plan on the first of the month following completion of three months of service and upon attainment of age 18.

Contributions: Eligible employees will be automatically enrolled for pre-tax deferrals in the Plan at 5% of eligible compensation on the first day of each month, following completion of the eligibility requirements, unless the employee provides a formal election to the Plan or to opt out of the Plan. The deferral percentage automatically increases by 1% each year until it reaches a maximum of 10% on an annual basis, unless the employee elects to opt out of the automatic increase. Participants may contribute up to 60% of their eligible compensation through payroll deductions not to exceed regulatory limits according to the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Catch-up contributions for those employees aged 50 or older, bonus and after-tax employee contributions are also allowed, as defined in the plan agreement. The Plan also allows participants to make Roth contributions.

The Company may also elect to make nonelective contributions for each plan year as determined by the Company's Board of Directors. The Company has not made these contributions since 2003, and any contributions previously made vested in accordance with the Plan provisions within the participant's account in accordance with the effective Plan provisions. Participants must be employed at the end of the plan year in order to qualify for any discretionary nonelective contributions. There were no discretionary Company contributions made to the Plan in 2024. All contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and receives allocations of discretionary Company nonelective contributions, if any, plan earnings and administrative expenses. Allocations are based on participant compensation or account balances, as defined. Earnings include interest, dividends and changes in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon.

Investment options: Upon enrollment in the Plan, participants may direct their account balances in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of benefits: Upon termination of service, death, total and permanent disability, or retirement, a participant or his or her beneficiary is eligible to receive an amount equal to the value of the participant's account in the form of a lump-sum distribution, as described in the plan agreement. Under certain conditions of financial hardship, as defined in the plan agreement, participants may withdraw a portion or all of their vested account balances. The Plan also provides that vested account balances of terminated participants less than \$5,000 are automatically distributed as a lump-sum payment without participant consent.

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or one-half of the participant's vested account balance one time each plan year. Loans are to be repaid through payroll deductions over a period not to exceed five years, except for the purpose of purchasing a principal residence, in which case the term may not exceed 10 years. Interest is determined by the Plan Administrator based on prevailing market rates at the time of loan origination and is fixed over the life of the loan. As of December 31, 2024, current interest rates range from 4.25% to 9.50%.

Diversification: Diversification is offered to participants of the Company's Employee Stock Ownership Plan (ESOP) close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the ESOP may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the numbers of shares allocated to the participant's account, less any shares previously diversified. In the sixth year, the percentage changes to 50% of the number of shares allocated to the participant's account. Participants who elect to diversify shall be entitled to direct the investment to or among one or more investment funds in the Superior Graphite Co. Employees' Savings Plan, an individual IRA, or a taxable ESOP distribution. For the year ended December 31, 2024, there were no diversification transfers into the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the Company, if any, are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) on fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Subsequent events: The Plan Administrator has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (Fidelity), the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets and income:

	2024	2023
Shares of registered investment companies, at fair value	\$ 35,551,169	\$ 31,688,229
Interest in common/collective trust, at fair value	909,719	1,214,521
Notes receivable from participants	669,095	790,700
Net appreciation in fair value of investments	4,955,654	
Interest and dividends	1,511,412	
Interest income on notes receivable from participants	49,959	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Interests in common/collective trust: Valued at the total NAV utilized as a practical expedient of underlying investments held by the trust at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 35,551,169	\$ -	\$ -	\$ 35,551,169
Total assets in the fair value hierarchy	\$ 35,551,169	\$ -	\$ -	35,551,169
Investments measured at NAV (a)				909,719
Total investments at fair value				\$ 36,460,888
	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 31,688,229	\$ -	\$ -	\$ 31,688,229
Total assets in the fair value hierarchy	\$ 31,688,229	\$ -	\$ -	31,688,229
Investments measured at NAV (a)				1,214,521
Total investments at fair value				\$ 32,902,750

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit of interest as of December 31, 2024 and 2023:

	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2024	2023	2023	2022		
Interest in common/collective trust	\$ 909,719	\$ 1,214,521	\$ -	\$ -	Immediate	12 months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Parties-In-Interest Transactions

The Plan's investments are held by and managed by Fidelity, the trustee, or an affiliate thereof; therefore, these transactions qualify as party-in-interest transactions. Fidelity also performs administrative and recordkeeping services for the Plan. The administrative expenses paid by the Plan to Fidelity were \$7,400 for 2024.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a non-standardized pre-approved plan of Fidelity. The pre-approved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2021.

Superior Graphite Co. Employees' Savings Plan

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan provides options for investment in various securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2024.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements:	\$ 37,129,983	\$ 33,693,450
Shares of registered investment companies	(2,034,217)	(1,657,864)
Interest-bearing cash	2,034,216	1,657,865
Notes receivable from participants	(669,095)	(790,700)
Investments—participant loans	669,095	790,700
Shares of common/collective trust	(54,714)	(69,140)
Net assets available for benefits per the Form 5500	<u>\$ 37,075,268</u>	<u>\$ 33,624,311</u>

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2024, per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements:	\$ 3,436,533
Net investment income from common/collective trust	33,886
Dividends in registered shares of investment companies	1,491,829
Net appreciation in fair value of investments	(4,955,654)
Interest and dividends	(1,511,412)
Net investment income from registered investment companies	4,955,775
Changes in net assets available for benefits per the Form 5500	<u>\$ 3,450,957</u>

Note 10. Prohibited Transactions

During 2024, the Plan sponsor inadvertently failed to deposit approximately \$31,784 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor intends to deposit lost earnings to correct this failure in 2025. The Plan sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable will be made from the Plan sponsor's assets and not from assets of the Plan.
