Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HARDING, SHYMANSKI & COMPANY, P.S.C**

(2) EIN: **34-1346211**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employee Benefits Plan of Metro United Way, Inc., which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated Plan benefits as of December 31, 2013, the related statement of changes in accumulated Plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mutual of America Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian, as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the Plan administrator by the Custodian is complete and accurate.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE BENEFITS PLAN OF METRO UNITED WAY, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

Note 1 – Plan Description

The following description of the Employee Benefits Plan of Metro United Way, Inc. (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering certain full-time employees of Metro United Way, Inc. (Organization) who have one year of service and are 21 years of age or older. Prior service with an organization in the health and social service field, within three years prior to employment with the Organization, counts towards the service requirement for eligibility. The Plan is subject to the provisions of ERISA. The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Organization's Board of Directors.

Participant Accounts

Under the Plan provisions, amounts are credited by the Organization to the participants' hypothetical accounts. The accounts are allocated compensation credits and investment credits on an annual basis. The compensation credits are allocated based on a percentage of the participants' certified compensation as defined in the Plan Document. The applicable percentage is based on the participants' age plus years of credited service (as defined in the Plan Document).

Funding Policy

The Organization has agreed to make contributions to the Plan sufficient to provide the Plan with assets with which to pay pension benefits to Plan participants. The amount of the annual contribution to the Plan and the determination of the estimated accrued obligation for pension benefits are based upon various assumptions made by independent actuaries utilizing the assumptions similar to those in Note 2.

The Organization's contributions for 2014 and 2013 met the minimum funding requirements of ERISA.

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

Pension Benefits

The benefits provided by the Plan include normal retirement, disability, and death benefits. Participants are eligible for pension benefits at retirement age; normally 65 unless early retirement is elected, equal to an amount, as defined by the benefit formula based on years of credited service and the pension multiplier.

EMPLOYEE BENEFITS PLAN OF METRO UNITED WAY, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

Note 1 – Plan Description (Continued)

Pension Benefits (Continued)

The Plan permits early retirement at a reduced benefit when a participant attains age 55. However, if a participant has completed at least 15 years of service by early retirement age, the benefit will not be reduced if the participant begins to receive benefit payments after he/she attains age 62. A participant who continues employment beyond the normal retirement date will not receive monthly retirement benefits until they are no longer employed.

If an eligible employee terminates before five years of service is rendered or before age 65, notwithstanding early retirement, the employee is not entitled to any pension benefits from the Plan.

Whenever the employment of a participant terminates for reasons other than early retirement, normal retirement, or death, the participant is entitled to the value of his/her mandatory contribution benefits account, plus a percentage, based on years of service, of his/her accrued retirement benefits account.

Eligible employees may elect to receive the value of their accumulated Plan benefits in the form of a life or joint and survivor annuity, if married. Other options are available, which modify monthly payments to be made as consideration for special provisions that are outlined in the Plan. Participants should refer to the Plan agreement for a complete description of the monthly benefit payment options available.

Death and Disability Benefits

A participant whose employment is severed due to disability prior to the earliest date on which the participant would be entitled to begin receiving benefits shall be entitled to receive retirement benefits reduced by using factors stated in the Plan agreement. Upon death of the participant, under the joint and survivor annuity and pre-retirement survivor annuity, beneficiaries will receive benefits as described in the Plan agreement.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated Plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated Plan benefits reported in the accompanying financial statements.

EMPLOYEE BENEFITS PLAN OF METRO UNITED WAY, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

Note 2 – Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian, and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on Plan compensation and years of credited service. Benefits payable under all circumstances – retirement, death, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date, which is as of the first day of the year for the Plan.

The actuarial present value of accumulated Plan benefits, as determined by an independent actuary from Mutual of America Life Insurance Company, is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2014 are as follows:

Assumed investment return	6.5%
Assumed mortality basis	UP-1994 Table for Males and Females, projected to 2004 by scale AA
Assumed asset valuation method	Averaging method
Assumed benefit commencement date	At age 63, or immediate if beyond age 63
Assumed actuarial cost method	Aggregate method

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2014. Had the valuations been performed as of December 31, 2013 there would be no material differences.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, in the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. Government agency) up to the applicable limitations (discussed subsequently).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

After all liabilities have been satisfied, the Organization is entitled to the balance of the trust fund, if any.

To the extent that funds are available, benefits will be paid in full in each of the above distribution categories. If sufficient funds are not available to pay all the benefits in a category, then benefits in that category will be paid on a pro rata basis.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of the individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency of, at that time, the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 5 – Summary of Financial Data Certified by the Custodian

The following is a summary of the Plan's financial information as of December 31, 2014 and 2013, and for the years then ended, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the Custodian and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Custodian that the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets.

<u>Net Assets Available for Benefits Held by Custodian</u>	<u>2014</u>	<u>2013</u>

Pooled separate accounts	<u>\$ 605,414</u>	<u>\$ 1,227,087</u>

Note 7 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

EMPLOYEE BENEFITS PLAN OF METRO UNITED WAY, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

Note 7 – Fair Value Measurements (Continued)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Primarily valued at net asset value (NAV) per share based on quoted market prices of underlying investments.

Interest accumulation account: The interest accumulation account is credited with interest at a rate determined by the Custodian. The Custodian reserves the right to change the interest rates applicable to the amounts held in the interest accumulation account at their discretion, but not below the minimum guaranteed interest stated in the contract for the account.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013:

Investment	2014 Fair Value	2014 Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Equity funds (a)	\$ 5,526,767	\$ 0	Daily	None
Fixed income funds (b)	<u>2,885,685</u>	<u>0</u>	Daily	None
Total	<u>\$ 8,412,452</u>	<u>\$ 0</u>		
Investment	2013 Fair Value	2013 Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Equity funds (a)	\$ 5,056,729	\$ 0	Daily	None
Fixed income funds (b)	<u>2,750,309</u>	<u>0</u>	Daily	None
Total	<u>\$ 7,807,038</u>	<u>\$ 0</u>		

- (a) This category includes high quality, short-term securities. Investments in this category can be redeemed immediately at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the NAV per share of the investments.
- (b) This category includes several bond funds whose objective it is to provide as high a level of current income over time as is believed to be consistent with prudent investment risk. A secondary objective is preservation of capital. Its strategy seeks to invest primarily in investment-grade, publicly traded debt securities, such as bonds, U.S. Government and agency securities, including mortgage-backed securities, and zero coupon securities. The fair value of investments in this category has been estimated using the NAV per share of the investments.

Note 8 – Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments consist of shares of pooled separate accounts and an interest accumulation account managed by Mutual of America Life Insurance Company (Mutual of America). Mutual of America is the Custodian and recordkeeper as defined by the Plan as well as the actuary for the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to Mutual of America of \$31,128 and \$39,574 for the years ended December 31, 2014 and 2013, respectively, which was not covered by revenue sharing.

The Organization pays directly any other fees related to the Plan's operations.

Note 9 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 10, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and; therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

-----------	---

Assumptions selected by actuary

Inflation	<p>2.40% increase per year.</p> <p>Our long-term inflation assumption considered the current economic environment, recent and historical data, and forecasts from Federal Reserve Bank FOMC, Congressional Budget Office, and Survey of Professional Forecasters. See Long-Term Capital Market Assumptions link.</p>
Asset return	<p>6.50% for the current plan year.</p> <p>The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link.</p>
Expected expense	<p>The expected expense included in target normal cost is an estimate based on expected expenses paid from plan assets. This is the best estimate available of upcoming year's expenses.</p>
Retirement	<p>Active and inactive participants are assumed to retire at normal retirement age as defined in Plan provisions.</p> <p>Due to limited experience, we are using the assumption that was used by Mutual of America Financial Group.</p>
Upcoming year salary increase	<p>The preceding year's salary is increased by 3.50% at each age. Note: not used for Plan accounting calculations.</p> <p>This reflects company salary increase philosophies.</p>
Disability	<p>None. Due to the size of the plan, there is no disability assumption prior to retirement.</p>
Marriage	<p>80% married; husbands are 3 years older than wives.</p> <p>Due to limited experience, we are using the assumption that was used by Mutual of America Financial Group.</p>
Withdrawal	<p>2003 Society of Actuaries Small Plan Age Table, multiplied by 1.00.</p> <p>We rely on a publicly published table due to the limited size of the plan. The SOA Small Plan Age Table is the most recent withdrawal experience table published by the Society of Actuaries. A multiplier of 1.00 is applied to this table to reflect the results of the most recent experience analysis and anticipated future experience.</p>

Wage base increase	3.50% per year. Our Wage Base increase assumption are based on inflation and the real wage differential forecast from Social Security Trustee Report. Based on average annual real wage growth forecast from the Social Security Trustee report and historical averages, our best estimate places this assumption at 3.50%.
Retirement cost of living adjustment (COLA)	2.00% per year for benefits accrued prior to 01/01/1998. 2.00% represents the maximum COLA increase in a given year, so this assumption is meant to provide a conservative estimate of future increases.
Form of benefit	Participants are assumed to receive their benefits on the normal form at the assumed retirement age. Due to limited experience, we are using the assumption that was used by Mutual of America Financial Group.

Methods prescribed by law

Liability measure	Funding target is the present value of the benefits accrued on the valuation date. Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.
-------------------	--

Methods selected by plan sponsor

Asset method	The asset valuation method is prescribed by law for plans that elect to use a value other than market value. For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years. The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value. When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.
Segment rates	24-month average with no weighting to prior law basis. Use rates where December is the last month included in the average.
PBGC premium basis	Variable rate premiums are calculated using census, market value of assets and the one-month average of corporate bond rates in effect on the valuation date. You elected this Standard interest method for the 01/01/2023 plan year and the method must be used for five years before a change can be made.

Segment 1 years 0-5	Segment 2 years 5-20	Segment 3 years 20+
5.01%	5.13%	5.15%

Methods elected by actuary

Retirees	Assets and liabilities for current and future retirees are included.
Vested benefits	<p>A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.</p> <p>The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.</p>

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

Mortality Based on Pri-2012 Total dataset base rate mortality table projected generationally using MP-2021.

Mortality base rates

Before benefit payment period
Employee amount-weighted, male and female

During benefit payment period
Retiree amount-weighted, male and female

The Society of Actuaries (SOA) is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Total dataset base rate table was selected based on information provided by the plan sponsor.

Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan.

Mortality improvement MP-2021 is the most recent improvement scale published by the SOA in October 2021.

In selecting this assumption, we considered the other parameters available in the MIM-2021-v4 application tool issued by the SOA in October 2023 and consider the selections in MP-2021 reasonable. Based on the sponsor's input, plan experience does not show a need for long-term excess death or Covid death load adjustments.

Interest rate used to value liabilities

6.00%

The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.

Treatment of administrative expenses

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan document with Adoption Agreement 1, signed 03/12/2020.

Plan eligibility

Age	Attained age 21.
Service	One year of service.
Eligible participants	Employees hired or re-hired on or after 01/01/2018. Employees who are not participants on 12/31/2017 and all employees whose combined completed years of age and completed years of service (years and fractions of a month) is less than 45 as of 01/01/2018 are no longer eligible to participate in the plan.

Normal retirement benefit

Age	Attained age 65.
Form	Monthly annuity payable for life (optional forms may be elected in advance of retirement).
Amount (accrued benefit)	<p>The sum of A) and B):</p> <p>A) The participant's frozen accrued benefit as of the fresh-start date (01/01/1998) multiplied by the ratio of final average earnings as of normal retirement date and the final average earnings as of the fresh-start date.</p> <p>B) The sum of 1.25% of the participant's final average earnings multiplied by projected accrual service completed after the fresh-start date to normal retirement age and 0.50% of the excess of final average earnings over the social security average monthly wage multiplied by the lessor of (1) accrual service after the fresh-start date or (2) 35 years reduced by accrual service completed before the fresh-start date.</p> <p>The portion of the retirement benefit based on accrual service after the fresh-start date (part B) is multiplied by a fraction equal to accrual service after the fresh-start date divided by projected accrual service after the fresh-start date to normal retirement age (not to exceed one).</p>

Early retirement benefit

Age	Attained age 55.
Form	Same as normal retirement benefit.
Amount	Accrued benefit on early retirement date reduced by 6 2/3% for each year up to five and 3 1/3% for each year between five and ten that the early retirement date precedes normal retirement date.

Special early retirement benefit

Eligibility	The participants have attained their early retirement age and completed 15 years of vesting service with the employer or any United Way of which the last 10 years are with the employer.
Form	Same as normal retirement benefit.
