INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Participants
MP Associates, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MP Associates, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MP Associates, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MP Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MP Associates, Inc. 401(k) Profit Sharing Plan 's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MP Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MP Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held At End of Year) as of the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MP ASSOCIATES, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MP Associates, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General: The Plan is a defined contribution plan that was established September 1, 1999 by MP Associates, Inc. (the Company), to provide benefits to all full-time eligible employees, as defined in the Plan document. Employees are eligible to participate in the Plan after completing six months (at least 500 hours) of employment and attaining age 18. Employees represented by collective bargaining agreements are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration: Under the terms of the Plan, a group of designated officers of the Company act as trustee and manage the operation and administration of the Plan. The Company has contracted with a third-party administrator who processes and maintains the records of participant data and Nationwide Insurance Company (Nationwide) to act as the custodian of Plan assets.

Participant contributions: Participants may contribute the annual maximum currently allowed under the provisions of the Internal Revenue Code. Contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions. Participants may also roll over amounts distributed from other qualified plans.

Employer contributions: Annually, the Plan can be amended to make a safe harbor non-elective employer contribution of not less than 3% of eligible participants' compensation. For both years 2024 and 2023, the Company contributed 3% of participants' compensation totaling $328,085 and $299,795, respectively.

Additional Company contributions to the Plan are voluntary and at the discretion of the Company's Board of Directors. No additional employer contributions were made to the Plan during 2024 or 2023.

Vesting: Participants are immediately vested in their contributions and the Company's safe harbor contributions and the earnings thereon. Discretionary Company contributions vest as follows:

Years of Service	Percentage Vested
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits: The Plan provides for the payment to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also permitted if the participant is at least age 59 ½. Participants who qualify for retirement benefits will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have a vested account balance of $5,000 or less are subject to an administrative distribution at the discretion of the Plan administrator.

Forfeited accounts: Forfeitures of Company contributions may be used to pay administrative expenses or reduce or add to Company discretionary contributions. There were no forfeited amounts at December 31, 2024 or 2023.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Notes receivable from participants: A participant may borrow up to the lesser of $50,000 or 50% of the participant's vested account balance subject to the approval of the Plan administrator. The minimum loan amount is $1,000. All borrowings bear a fixed rate of interest commensurate with local prevailing rates as determined on the date of advance by the Plan administrator. Loans must be repaid over a period not exceeding five years, unless the loan is used to purchase a primary residence, in which case a longer repayment period is allowed. Participants may only have one outstanding loan at a time. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest participants pay on their loan will be directly credited to their account.

Risks and uncertainties: The Plan invests in a fixed guaranteed contract and pooled separate accounts with underlying assets consisting of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements have been prepared on the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment valuation and income recognition: Investments are recorded at fair value. *Fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

The net appreciation or decline in fair value of investments includes the realized gain or loss on the sale of securities and unrealized appreciation or decline arising from the differences between the fair value at the beginning of the year and at the end of the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are charged directly by the funds and are thereby factored into each fund as a reduction in investment return.

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023 and there have been no transfers between levels during 2024 or 2023.

Pooled separate accounts: The fair value of pooled separate accounts with over the counter open end mutual funds as the underlying investment is based on the participation-unit value of the shares as reported by the Plan custodian at year-end. The unit values of participation units are estimated by Nationwide Insurance Company based on the underlying assets owned by the fund, minus its liabilities, and then divided by the number of participation units outstanding (also known as net asset value or NAV). The NAV calculation is in accordance with the AICPA Audit and Accounting Guide, *Investment Companies.*

Fixed guaranteed contract: Valued at contract value, which approximates fair value. For these assets with fair value measured using Level 3 inputs, the administrative staff who administer the Plan review the fair value measurement policies and procedures of the Fixed Guaranteed Contract in consultation with the Plan's custodian. Annually, Nationwide Life Insurance Company evaluates and adjusts, as necessary, the rate of return of the Insurance Company General Account based on current market conditions. These policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate for Level 3 assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Plan Year	Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
2024	Fixed Guaranteed Contract	$422,731**	Discounted Cash Flow (income approach)	Minimum* Crediting Rate	1.00%**
				Current Rate on New Funds 12/31/24**	1.81%**
				Current Rate on Renewal Funds 12/31/24**	1.81%**

Plan Year	Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
2023	Fixed Guaranteed Contract	$883,950**	Discounted Cash Flow (income approach)	Minimum* Crediting Rate	1.00%**
				Current Rate on New Funds 12/31/23**	1.98%**
				Current Rate on Renewal Funds 12/31/23**	1.98%**

*The Nationwide Fixed Guaranteed Contract is reported at contract value which approximates fair value and is the aggregation of contributions, plus interest, less withdrawals, if any. The Fixed Guaranteed Contract investment option offered under the Plan is an insurance product that guarantees the principal and a rate of interest, declared periodically, on the account. It invests in the general assets of Nationwide Life Insurance Company.

**Fair Value is considered contract value adjusted to take into account the value at which the contract could be exchanged for in a current transaction between parties in a liquid market. In the absence of a liquid market, fair value may best be determined by discounting future cash flows based on current yields of similar investments with comparable durations.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

December 31, 2024	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Changes in the fair value of the Plan's Level 3 assets consisted of the following for the years ended December 31:

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

	Insurance Company Guaranteed Fixed Contract	
	2024	2023
Balance, Beginning of Year	$883,950	$830,423
Interest Credited	16,101	14,629
Purchases	70,299	71,972
Sales	(547,619)	(33,074)
Balance, Ending of Year	$422,731	$883,950

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

NOTE D - INFORMATION CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Nationwide Insurance Company.

	2024	2023
Investments at fair value:		
Pooled separate accounts	$15,847,011	$13,269,234
Fixed guaranteed contract	$422,731	$883,950
Investment income:	$2,573,588	$2,643,731

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a non-benefit-responsive investment contract with Nationwide Insurance Company (Nationwide) totaling $422,731 for 2024 and $883,950 for 2023. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate is based on a formula established by the contract issuer. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract does not meet the fully benefit-responsive investment contract criteria because participants are not allowed immediate full access to the fixed guaranteed contract balance at contract value in all situations. Participant-initiated transfers between funds always occur at contract value, but only up to 20% of the contract value, may be withdrawn at one time. However, because the withdrawals when allowed are always made at contract value, contract value is the most reasonable estimate of fair value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F – INCOME TAX STATUS

The Internal Revenue Service ("IRS") ruled on June 30, 2020, that the non-standardized plan document used by the Plan is qualified, in its present form, under section 401(a) of the Internal Revenue Code (the "Code") and the underlying trust is, therefore, exempt from federal income tax under section 501(a) of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

NOTE F – INCOME TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Since the inception of the Plan, the Company has absorbed some of the administration expenses of operating the Plan.

Certain Plan investments in pooled separate accounts and fixed guaranteed contract are managed by Nationwide Insurance Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. In addition, administrative expenses paid to service providers are party-in-interest transactions.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE I – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2025 which is the date the financial statements were available to be issued and has determined that there are no additional adjustments or disclosures required.

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Participants
MP Associates, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MP Associates, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MP Associates, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MP Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MP Associates, Inc. 401(k) Profit Sharing Plan 's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MP Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MP Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held At End of Year) as of the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MP ASSOCIATES, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MP Associates, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General: The Plan is a defined contribution plan that was established September 1, 1999 by MP Associates, Inc. (the Company), to provide benefits to all full-time eligible employees, as defined in the Plan document. Employees are eligible to participate in the Plan after completing six months (at least 500 hours) of employment and attaining age 18. Employees represented by collective bargaining agreements are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration: Under the terms of the Plan, a group of designated officers of the Company act as trustee and manage the operation and administration of the Plan. The Company has contracted with a third-party administrator who processes and maintains the records of participant data and Nationwide Insurance Company (Nationwide) to act as the custodian of Plan assets.

Participant contributions: Participants may contribute the annual maximum currently allowed under the provisions of the Internal Revenue Code. Contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions. Participants may also roll over amounts distributed from other qualified plans.

Employer contributions: Annually, the Plan can be amended to make a safe harbor non-elective employer contribution of not less than 3% of eligible participants' compensation. For both years 2024 and 2023, the Company contributed 3% of participants' compensation totaling $328,085 and $299,795, respectively.

Additional Company contributions to the Plan are voluntary and at the discretion of the Company's Board of Directors. No additional employer contributions were made to the Plan during 2024 or 2023.

Vesting: Participants are immediately vested in their contributions and the Company's safe harbor contributions and the earnings thereon. Discretionary Company contributions vest as follows:

Years of Service	Percentage Vested
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits: The Plan provides for the payment to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also permitted if the participant is at least age 59 ½. Participants who qualify for retirement benefits will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have a vested account balance of $5,000 or less are subject to an administrative distribution at the discretion of the Plan administrator.

Forfeited accounts: Forfeitures of Company contributions may be used to pay administrative expenses or reduce or add to Company discretionary contributions. There were no forfeited amounts at December 31, 2024 or 2023.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Notes receivable from participants: A participant may borrow up to the lesser of $50,000 or 50% of the participant's vested account balance subject to the approval of the Plan administrator. The minimum loan amount is $1,000. All borrowings bear a fixed rate of interest commensurate with local prevailing rates as determined on the date of advance by the Plan administrator. Loans must be repaid over a period not exceeding five years, unless the loan is used to purchase a primary residence, in which case a longer repayment period is allowed. Participants may only have one outstanding loan at a time. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest participants pay on their loan will be directly credited to their account.

Risks and uncertainties: The Plan invests in a fixed guaranteed contract and pooled separate accounts with underlying assets consisting of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements have been prepared on the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment valuation and income recognition: Investments are recorded at fair value. *Fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

The net appreciation or decline in fair value of investments includes the realized gain or loss on the sale of securities and unrealized appreciation or decline arising from the differences between the fair value at the beginning of the year and at the end of the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are charged directly by the funds and are thereby factored into each fund as a reduction in investment return.

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023 and there have been no transfers between levels during 2024 or 2023.

Pooled separate accounts: The fair value of pooled separate accounts with over the counter open end mutual funds as the underlying investment is based on the participation-unit value of the shares as reported by the Plan custodian at year-end. The unit values of participation units are estimated by Nationwide Insurance Company based on the underlying assets owned by the fund, minus its liabilities, and then divided by the number of participation units outstanding (also known as net asset value or NAV). The NAV calculation is in accordance with the AICPA Audit and Accounting Guide, *Investment Companies.*

Fixed guaranteed contract: Valued at contract value, which approximates fair value. For these assets with fair value measured using Level 3 inputs, the administrative staff who administer the Plan review the fair value measurement policies and procedures of the Fixed Guaranteed Contract in consultation with the Plan's custodian. Annually, Nationwide Life Insurance Company evaluates and adjusts, as necessary, the rate of return of the Insurance Company General Account based on current market conditions. These policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate for Level 3 assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Plan Year	Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
2024	Fixed Guaranteed Contract	$422,731**	Discounted Cash Flow (income approach)	Minimum* Crediting Rate	1.00%**
				Current Rate on New Funds 12/31/24**	1.81%**
				Current Rate on Renewal Funds 12/31/24**	1.81%**

Plan Year	Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
2023	Fixed Guaranteed Contract	$883,950**	Discounted Cash Flow (income approach)	Minimum* Crediting Rate	1.00%**
				Current Rate on New Funds 12/31/23**	1.98%**
				Current Rate on Renewal Funds 12/31/23**	1.98%**

*The Nationwide Fixed Guaranteed Contract is reported at contract value which approximates fair value and is the aggregation of contributions, plus interest, less withdrawals, if any. The Fixed Guaranteed Contract investment option offered under the Plan is an insurance product that guarantees the principal and a rate of interest, declared periodically, on the account. It invests in the general assets of Nationwide Life Insurance Company.

**Fair Value is considered contract value adjusted to take into account the value at which the contract could be exchanged for in a current transaction between parties in a liquid market. In the absence of a liquid market, fair value may best be determined by discounting future cash flows based on current yields of similar investments with comparable durations.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value				$14,153,184

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Changes in the fair value of the Plan's Level 3 assets consisted of the following for the years ended December 31:

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

	Insurance Company Guaranteed Fixed Contract	
	2024	2023
Balance, Beginning of Year	$883,950	$830,423

NOTE D - INFORMATION CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Nationwide Insurance Company.

	2024	2023
Investments at fair value:		
Pooled separate accounts	$15,847,011	$13,269,234
Fixed guaranteed contract	$422,731	$883,950
Investment income:	$2,573,588	$2,643,731

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a non-benefit-responsive investment contract with Nationwide Insurance Company (Nationwide) totaling $422,731 for 2024 and $883,950 for 2023. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate is based on a formula established by the contract issuer. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract does not meet the fully benefit-responsive investment contract criteria because participants are not allowed immediate full access to the fixed guaranteed contract balance at contract value in all situations. Participant-initiated transfers between funds always occur at contract value, but only up to 20% of the contract value, may be withdrawn at one time. However, because the withdrawals when allowed are always made at contract value, contract value is the most reasonable estimate of fair value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F – INCOME TAX STATUS

The Internal Revenue Service ("IRS") ruled on June 30, 2020, that the non-standardized plan document used by the Plan is qualified, in its present form, under section 401(a) of the Internal Revenue Code (the "Code") and the underlying trust is, therefore, exempt from federal income tax under section 501(a) of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

NOTE F – INCOME TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Since the inception of the Plan, the Company has absorbed some of the administration expenses of operating the Plan.

Certain Plan investments in pooled separate accounts and fixed guaranteed contract are managed by Nationwide Insurance Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. In addition, administrative expenses paid to service providers are party-in-interest transactions.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE I – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2025 which is the date the financial statements were available to be issued and has determined that there are no additional adjustments or disclosures required.
