## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Best Best & Krieger  
Profit-Sharing and Employee Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Best Best & Krieger Profit Sharing and Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

H A L L I D A Y  
& C O M P A N Y

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedules Required by ERISA**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**BEST BEST & KRIEGER PROFIT-SHARING  
AND EMPLOYEE SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of the Best Best & Krieger Profit-Sharing and Employee Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees, associate attorneys, nonequity partners, of counsel, and senior of counsel at Best Best & Krieger LLP (the Partnership) upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Empower) serve as the custodians and recordkeepers of the Plan.

Employees of the Partnership may participate in employee contributions and profit-share contributions upon the date of hire. Participants belonging to the eligible employee class will become eligible for matching contributions upon completing 500 hours of service and six months of employment.

Administrative expenses of the Plan are paid by the Partnership and by the Plan. Certain investment management fees and other charges are included in fund performance in the net appreciation in fair value of investments in the statement of changes in net assets available for plan benefits and are not, therefore, separately reflected as administrative expenses.

Contributions

Each year, participants may contribute a percent of annual compensation as defined in the Plan, not to exceed the maximum allowable amount as defined by the Internal Revenue Code (IRC). Participants may make pre-tax contributions and or Roth contributions to the Plan and participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership may make matching and safe harbor contributions for eligible participants. Additional profit-sharing contributions may also be offered at the option of the Partnership.

Vesting

Participants are immediately vested in their contributions, the Partnership's matching and safe harbor contributions plus earnings thereon. Vesting in the Partnership's discretionary profit-sharing contribution is earned at twenty percent per year beginning on the completion of a participants second year of service with full vesting on the completion of the participants sixth year.

Investment Options

Participants may direct all contributions as desired in any of several investment options offered by the Plan and may also utilize self-directed brokerage options. Participants may change their investment options daily.

**BEST BEST & KRIEGER PROFIT-SHARING  
AND EMPLOYEE SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

Participant Accounts

An account is maintained for each participant. Each participant's account is credited with the participant's contributions, the Partnership's matching and safe harbor contributions, and allocations of (a) the Partnership's discretionary profit-sharing contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or compensation, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus one percentage point. Interest rates range from 4.25 percent to 9.5 percent on loans outstanding at the Plan year-end. Notes receivable from participants are repayable in equal monthly installments of principal and interest made through payroll deductions within five years from the loan date, unless the loan is for the purchase of a participant's primary residence.

Distributions

A participant who attains normal retirement age of 65, or completes six years of service, or who retires because of disability shall have a vesting percentage of 100 percent. These participants shall be entitled to receive a distribution of the entire value of their participant's account as a single lump sum. Participants who terminate employment shall be entitled to a distribution of their vested accrued benefits in the same manner. If an active participant dies prior to attaining normal retirement age, their vesting percentage shall be 100 percent. Hardship distributions are available under the plan pursuant to IRC requirements. If a participant becomes an equity partner in the Partnership, then his or her interest in the Plan is transferred to the Best Best & Krieger LLP Partners' Retirement and Savings Plan. The Plan may elect to distribute accounts of terminated participants with an aggregate value of \$5,000 or less if the participant has not made an election to distribute their balance within 180 days of termination.

Plan Termination

Although the Partnership has not expressed any intent to do so, it has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$210,279 and \$190,191, respectively. These accounts will be used to reduce future partnership contributions or to pay plan administrative expenses. During the year ended December 31, 2024, the Plan used \$101,762 of forfeitures to pay administrative expenses.

---

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies (mutual funds) and collective trust funds are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

The Plan maintains a fully benefit-responsive investment contract with Empower, the Key Guaranteed Portfolio Fund. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. For the year ended December 31, 2024 and 2023 the average yield for the Key Guaranteed Portfolio was 1.45% and 1.25%, respectively.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate is reset quarterly.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investment Valuation and Income Recognition

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Partnership or other Partnership events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Fair value of the investment contract prior to contract termination equals the contract value as presented in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded as a deemed distribution. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred for administering the Plan, if not paid by the Partnership, are paid by the Plan. Expenses that are paid by the Partnership are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) No. 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

**BEST BEST & KRIEGER PROFIT-SHARING  
AND EMPLOYEE SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)**

The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

*Registered investment companies (mutual funds):* Valued at the net asset value (NAV) of shares held by the Plan at year-end.

*Self-directed brokerage account:* Valued at the closing price reported on the active market on which the individual securities are traded and in limited cases valued based on similar assets available for sale on active markets.

*Collective trust funds:* Valued at the NAV of units of a collective trust fund. The value is computed based on fair value of underlying assets owned by the fund, minus its liabilities, then divided by the number of units outstanding. The value is computed daily, with redemption transacted at the day's computed NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The funds can be redeemed daily, there are no restrictions or penalties on redemption and there are no unfunded commitments. The collective trust funds are not required to be reported in the fair value hierarchy due to the fact that they utilize NAV as a practical expedient to report fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 4 – NONCERTIFIED INVESTMENTS**

The Plan maintains various investments that are not certified by the Custodians. These assets are held in accounts of individual participants, who are responsible for self-directing these investments.

At December 31, 2024 and 2023, assets held by the Plan within self-directed brokerage accounts that were noncertified totaled \$1,587,440 and \$1,363,034 , respectively. Net appreciation in the fair value of noncertified investments (including gains and losses on investment bought and sold, as well as held during the year) totaled \$171,806 for the Plan year ended December 31, 2024.

**NOTE 5 – INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN**

The Plan’s management has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan, have certified the completeness and accuracy of the following assets reflected on the accompanying statements of net assets available for Plan benefits as of December 31, 2024 and 2023, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reflected in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2024.

 <b>Notes receivable from participants</b>	 <b>\$ 983,453</b>	 <b>\$ 797,601</b>

The custodian also certified to the completeness and accuracy of \$7,950,232 of net appreciation in fair value of investments, \$655,110 of interest and dividend income related to the aforementioned investments, and interest income on participant notes receivable of \$68,033 for the year ended December 31, 2024.

**NOTE 6 – TAX STATUS**

The Internal Revenue Service (IRS) has determined and informed the Partnership by letter that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

**NOTE 7 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Partnership may allocate certain general and administrative expenses to the Plan. For the year ended December 31, 2024, \$7,811 of expenses were allocated to the Plan.

Certain Plan investments are shares of mutual funds managed by Empower. Empower is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Certain fees are not paid directly by the Plan but rather reduce the amount of investment earnings allocated to individual participant accounts. Fees for recordkeeping services, the administration of loans and distributions are paid by the Plan to the recordkeeper Empower. Notes receivable from participants and the related interest income are also considered related party transactions. Fees paid by the Plan for the Investment management and recordkeeping services amounted to \$118,974 for the year ended December 31, 2024.

**NOTE 9 – SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.
