INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Utility Workers' Union of America
Deferred Compensation Plan

Opinion

We have audited the accompanying financial statements of the Utility Workers' Union of America Deferred Compensation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- 
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**UTILITY WORKERS' UNION OF AMERICA
DEFERRED COMPENSATION PLAN**

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Utility Workers' Union of America Deferred Compensation Plan (the Plan), in effect on December 31, 2024, is provided for general purposes only. For more information refer to the Plan document.

General - The Plan was established effective July 1, 2007 as a result of collective bargaining and is for members under the jurisdiction of the Utility Workers' Union of America Local 223. Employees may contribute a percentage of gross pay or dollars per pay period to the Plan. Employer contributions and matching contributions pursuant to collective bargaining agreements are also made. This Plan is a defined contribution pension plan covering all employees working under collective bargaining agreements which require contributions to the Plan. It is a multiemployer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Information about the Plan, the vesting and benefit provisions, is contained in the Summary Plan Description.

Participant Accounts - Effective July 1, 2014, the Board of Trustees (Trustees) approved an amendment to the Plan which transitioned it to a participant directed model. Under this model, salary-deferral contributions made by an individual participant and employer contributions, are added to the account established in each participant's name for each investment option they have selected. These participant-directed investment accounts also receive a proportionate share of the net income, gains and losses generated by each respective investment option. Participants may transfer amounts in their account between investment options at any time.

Contributions to the Plan are invested as directed by the participant in various mutual funds and an insurance company contract. Participants must evaluate their own investment goals and objectives and choose the investment option that is best suited to achieve those goals and objectives.

Vesting - Each participant is considered fully vested in all amounts credited to them under the Plan.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans - Effective September 1, 2019, participants could borrow from their funds account a minimum of \$1,000 up to a maximum of 50% of their vested account balance or, \$50,000 minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance. The loans are secured by the balance in the participant's account and bear an interest rate fixed by the Trustees and is reviewed at least annually by the Trustees. The term of the loan may not exceed 5 years, and only one outstanding loan is allowed at a time.

A participant's loan shall be in default upon the earliest occurrence of a defaulting event which includes:

1. Failing to make or cause to be made, any payment required under the terms of the loan within 90 days following the date on which such payment shall become due; and
2. There is an outstanding principal balance existing on a loan after the last schedule repayment date.

The plan administrator shall direct the Trustee to declare the loan to be in default and the entire unpaid balance of such loan, together with accrued interest, shall be immediately due and payable.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Plan Expense Reimbursement Accounts - The Plan had entered into an agreement with the prior investment custodian whereby the prior investment custodian reimburses the Plan for reasonable administrative expenses. The amount reimbursed was determined, in part, based on a percent of the Plan assets calculated quarterly.

Payment of Benefits - Benefits are recorded when paid.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable - Employer contributions receivable represent amounts received subsequent to year end for work performed through December 31. Employee contributions receivable represents amounts withheld prior to year-end but received by the Plan after year end. All amounts were received by the Plan subsequent to year end. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management of the Plan has concluded that any expected credit losses on balances outstanding at year end will be immaterial.

Participant Loans Receivable - Participant loans receivable are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter in February 2016 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code.

The Plan accounts for income taxes in accordance with the Accounting Standards Codification (ASC) Topic *Income Taxes*. These provisions which provides consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended December 31, 2024 and 2023, and determined that there were no matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status. As of December 31, 2024, the statute of limitations for tax years 2021 through 2023 remains open with the U.S. federal jurisdiction and the various states and local jurisdictions in which the Plan files returns.

NOTE 4. FUNDING POLICY

Employees may contribute a percentage of gross pay or dollars per pay period to the Plan. Employer contributions are based on rates specified in the collective bargaining agreements.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	2024			
	Total Investments Fair Value	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 95,477,853	\$ 95,477,853	\$ -	\$ -

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	2023			
	Total Investments Fair Value	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 75,537,656	\$ 75,537,656	\$ -	\$ -

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual funds: are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. INSURANCE COMPANY CONTRACT

The Plan maintains an investment contract with an insurance company. The Plan's investment in the insurance company contract is carried at contract value which represents the value that the participants can redeem their individual accounts and the portion of the net assets available for benefits that the contract represents. Contract value represents deposits and earnings at guaranteed crediting rates less withdrawals and fees. The investment contract provides participants with a guaranteed interest rate which is periodically reset by the insurance company. This rate was 1.55% for the period January 1, 2023 through June 30, 2023, 1.80% for the period July 1, 2023 through December 31, 2023, 2.15% for the period January 1, 2024 through June 28, 2024 and 2.20% for the period July 1, 2024 through December 31, 2024. The participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. The Plan's investments in insurance company contracts at contract value were \$3,766,060 and \$3,947,505 as of December 31, 2024 and 2023, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

NOTE 6. INSURANCE COMPANY CONTRACT (CONTINUED)

Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of the issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7. PROHIBITED TRANSACTIONS

Employers withhold elective deferrals from participant's payroll. During the year ended December 31, 2024, several instances occurred where the employers remitted the contributions to the Plan in a manner that did not meet the timeliness requirements as prescribed by the U.S. Department of Labor (DOL) regulations. These late payments constitute a prohibited transaction with a party-in-interest. During 2024, contributing employers failed to timely remit to the Plan employee contributions totaling \$28,938. Lost interest for the year ending December 31, 2024 has been added to the respective participants' accounts to make them whole for the lost interest resulting from the untimely remittances.

Upon receipt of late contributions from a delinquent employer, the amount of contributions plus interest is credited to the participants' account to compensate the participant for lost earnings resulting from the delay in contributions.

NOTE 8. PRIORITIES UPON TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. However, a participant's accrued benefits shall not be reduced by any Plan amendment. In the event of termination, all affected participant accounts will remain fully vested and non-forfeitable.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

The Plan pays certain administrative, investment and professional fees to various service providers. In addition, Empower Retirement, LLC was the investment custodian and recordkeeper for the Plan through June 30, 2024 at which time, these services were transferred to Lincoln Financial Group. These transactions are party-in-interest transactions under ERISA.

NOTE 10. SIGNIFICANT UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:
