REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Barton Malow Profit Sharing and Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Barton Malow Profit Sharing and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets is (held at end of year) as of December 31, 2024 presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Barton Malow Profit Sharing and Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Barton Malow Profit Sharing and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan established March 31, 1952 and amended and restated effective January 1, 2023. The Plan's provisions cover eligible employees of Barton Malow Holdings LLC (the "Plan Sponsor") and its Related Employers (collectively, the "Company" or "Employer") who are not a collectively bargained employee, an intern, co-op student, temporary employee, or a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The plan changed its recordkeeper and trustee effective December 2, 2024 from Vanguard Fiduciary Trust Company ("Vanguard") to Fidelity Management Trust Company ("Fidelity"), collectively referred to as the ("Trustees"). The change resulted in an updated plan document and adoption agreement effective December 2, 2024.

Eligibility

Employees are eligible to participate in the Plan immediately upon date of hire. Employees hired after December 2, 2024 are automatically enrolled in the Plan 30 days after hire and are subject to an automatic payroll deduction equal to 6% of eligible compensation. In addition, the employee will be enrolled in the Plan's Annual Increase Program, with increases of 1% of eligible compensation up to a maximum of 15%. The employee can change the contribution rate, annual rate increase or stop automatic contributions at any time.

Contributions

Each Plan year, participants may make pre-tax and after-tax contributions to the Plan. The Company makes matching contributions equal to 50% of the first 6% of a participant's contribution up to a maximum of 3% of the participant's eligible compensation. The Company can make discretionary profit sharing contributions to the Plan. The discretionary, annual retirement plan contribution for 2024 was 3% of eligible compensation for participants employed as of the last day of the Plan year. This amount was remitted, net of forfeitures used, in 2025 and recorded as a receivable as of December 31, 2024. The matching contributions and discretionary profit sharing contributions are collectively referred to as ("Company contributions"). Participants may also roll over amounts representing distributions from other qualified employee benefit plans. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Investment Elections

Each participant may direct that their contributions be invested in one or more of the investment choices offered by the Plan. If a participant does not direct their contributions, the amount will be directed into an age-appropriate Target Date Retirement Fund. A participant may change allocation percentages at any time directly with the trustee and may transfer all or a portion of the value of their account among the investments as often as desired.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings and losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings and losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings and losses thereon.

Vesting in the Company's matching contribution portion of their account is based on years of continuous service and vest in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
At least 6 or more years	100%

Participants were 100% vested in the Company discretionary profit-sharing after 3 years of service. Upon changing service providers on December 2, 2024, the vesting schedule for discretionary profit-sharing was updated to agree to the Company's matching contribution schedule.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$859,584 and \$334,014, respectively. Forfeitures are used to offset Company contributions declared in the Plan year in which the forfeitures occur and in succeeding Plan years or to pay reasonable Plan administrative expenses. For the year ended December 31, 2024, Company contributions were reduced by \$222,278 from forfeited non-vested accounts.

Payment of Benefits

On termination of service due to death, disability or retirement, or general separation a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or monthly, quarterly, semi-annual or annual installments not to exceed the participant's vested balance. Hardship withdrawals are permitted for immediate and heavy financial need. In-service withdrawals are permitted by the Plan upon obtaining age 59½. Required minimum distributions begin when participants reach age 73. If a participant terminates employment with an account balance less than \$1,000, they will automatically receive a lump sum distribution. Participants with a balance between \$1,000 and \$7,000 will be rolled over to individual retirement account ("IRA") designated by the Plan Administrator.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan maturities must not be greater than five years but can be extended for the purchase of a primary residence to a term no longer than the term available for loans of a similar character from financial institutions. The loans are secured by the balance in the participant's account. A participant may have no more than three loans outstanding at any time. Interest on a loan shall be fixed by the Plan Administrator at a rate reasonably equivalent to the prevailing market interest rates. The principal and interest are paid ratably through payroll deductions. Interest rates ranged from 7.75% - 8.50% and 7.50% - 8.50% as of December 31, 2024 and 2023, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant policies followed in preparation of the accompanying financial statements are as follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator determined that the certifications received from the Trustees meet the requirement of ERISA Section 103(a)(3)(C). The Trustees certified that the following data included in the accompanying financial statements are complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 (Fidelity) and December 31, 2023 (Vanguard)
- Investment income, other income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period January 1, 2024 through November 29, 2024 (Vanguard) and December 2, 2024 through December 31, 2024 (Fidelity)
- Schedule H, part IV, line 4i - schedule of assets (held at end of year) (Fidelity).

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measures level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Invests in high-quality, short-term money market instruments, including certificates of deposit, banker’s acceptances, commercial paper, and other money market securities. The value is derived from observable market data and use quoted prices from active markets.

Collective trust fund: Vanguard Group Retirement Savings Trust is valued at the NAV of the fund. The NAV is calculated by the fund based on net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan’s fair value since this is the amount at which the Plan transacts with the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments, at fair value, as of December 31, 2024 and 2023:

December 31, 2024 and 2023

The tables below present additional information for the Plan's investments whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2023:

	As of December 31, 2023				
	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions
Retirement Savings Trust	\$ 16,667,744	\$ -	-	Immediate	None

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are investment funds managed by Vanguard or its affiliates and Fidelity or its affiliates. Vanguard and Fidelity were the Trustees of the Plan during the year; therefore, these transactions qualify as party-in-interest transactions. The Plan permits notes receivable from participants. These also qualify as party-in-interest transactions. These are exempt from prohibited transaction rules under ERISA. Certain administrative expenses of the Plan are paid by the Company that are excluded from these financial statements, which also qualify as party-in-interest transactions.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - TAX STATUS

Prior to the change in recordkeeper and trustee, the Company adopted a non-standardized profit sharing/401(k) plan document created by The Vanguard Group ("VG"). VG received an opinion letter from the IRS, dated June 30, 2020, which states that the non-standardized profit sharing/401(k) plan document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Because the Plan has adopted a non-standardized profit sharing/401(k) plan document that has received a favorable opinion letter from the IRS, the Plan can rely on the opinion letter as evidence that the Plan is qualified under IRC section 401(a) to the extent prescribed by the IRS in applicable revenue procedures. Although the Plan has been amended since the prototype plan received the advisory letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Effective December 2, 2024, the Company adopted a non-standardized preapproved profit sharing/401(k) plan document created by Fidelity Investments ("FMR LLC"). FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the non-standardized profit sharing plan document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Because the Plan has adopted a non-standardized preapproved profit sharing plan document that has received a favorable opinion letter from the IRS, the Plan can rely on the opinion letter as evidence that the Plan is qualified under IRC section 401(a) to the extent prescribed by the IRS in applicable revenue procedures.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the participants will become 100% vested in the Company contribution portion of their account balances.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

Effective July 1, 2025, discretionary profit sharing and matching employer contributions are immediately vested. No other subsequent events have occurred requiring adjustments to the financial statement or disclosures.
