INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Pipeliners' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Pipeliners' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pipeliners' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pipeliners' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pipeliners' Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pipeliners' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pipeliners' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024 and assets (held at end of year) as of December 31, 2024 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pipeliners' Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

Pipeliners' Retirement Plan (the "Plan") was established on January 1, 1991. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Mears Installation, LLC (the "Company") who are members of the United Steelworkers Union, Local 348-08 (Successor to the Paper, Allied Industrial, Chemical and Energy Workers International Union). All employees, age 18 years or older, except foremen, are eligible to participate upon specified entry dates, when they have completed twelve months of employment and 1,000 hours of service. Foremen are eligible the first of the month following the completion of sixty days of service. Effective June 30, 1998, upon expiration of the union contract, employees of Mid-Atlantic Pipeliners, Inc. ("Mid-Atlantic") were no longer eligible for participation in the Plan. Account balances of some of the former Mid-Atlantic participants still remain in the Plan. However, no Company contributions have been made by Mid-Atlantic since June 30, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and amendments.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0.

Effective January 1, 2025, the Plan was amended to allow participant loans. Under the new loan program, eligible participants may borrow from their vested account balances subject to the terms and limitations outlined in the Plan's loan policy. The loan program includes provisions for loan eligibility, maximum loan amounts, repayment terms, interest rates, and default procedures.

Contributions

Each year, participants may contribute to the Plan a percentage of their compensation, not to exceed certain dollar limitations established by the Internal Revenue Code ("IRC"). The Company may contribute a discretionary match amount based on the participants' contributions. The matching formula is: (1) 50% of the first 8% of compensation deferred under the Plan for employees (other than foreman) who have completed one or more years of service; (2) foreman, who have no waiting period received 50% of the first 10% of compensation deferred under the Plan. In addition, the Company contributed \$1.30, for each hour of service worked by all eligible participants after one year of service based on the union contract. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participant forfeitures are used to reduce the Company's total contribution.

Pipeliners' Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant account is credited with the participant's voluntary contribution, the Company's contributions, and earnings thereon. The account is charged for benefit and withdrawal payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may choose to direct their contributions and account balances among the Plan's various investment alternatives. Participants are allowed to change their investment options daily.

Vesting

Participants are immediately vested in voluntary contributions plus actual earnings thereon. In addition, participants vest immediately in the Company's non-elective contributions based on hours of service under union contracts, plus earnings thereon. Participants become fully vested in the matching contributions made by the Company after three years of service.

Forfeitures

Forfeited non-vested account balances may be used to pay administrative expenses, or to reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$677 and \$13,720, respectively. Forfeitures used to pay expenses or contributions totaled \$31,735 and \$117,448 during 2024 and 2023, respectively.

Payment of benefits

Upon retirement, death, disability or termination of employment, a terminating participant's account of less than \$1,000 may be distributed in a lump-sum without the consent of the participant. Account balances exceeding \$1,000 are paid in an annuity, lump-sum or installment payments, at the participant's discretion.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in accordance with GAAP requires Plan Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Pipeliners' Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Company's discretionary Employer matching contributions and discretionary Employer non-elective contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Benefits payments

Benefit payments are recorded when paid.

Expenses

The Company absorbs substantially all administrative expenses of the Plan. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements are available to be issued.

Pipeliners' Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

3. CERTIFICATION OF INVESTMENT INFORMATION (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from the Voya Retirement Insurance and Annuity Company (the "Trustee") that all of the investment information provided by the Trustee and included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) is complete and accurate. Information as to the investments in the accounts of the Trustee, investment income, interest and all information appearing in the accompanying statements and the supplemental schedule of Assets (Held at End of Year) are presented in reliance solely upon this certification.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in the inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

There were no changes in the methodologies used at December 31, 2024 and 2023. Following is a description of the valuation methodologies used for investments measured at fair value:

Pipeliners' Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 3,757,931</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,757,931</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 3,163,342</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,163,342</u>

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan holds unallocated insurance contracts with Voya Retirement Insurance and Annuity Company. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of these investments at December 31, 2024 and 2023, was \$4,537,714 and \$4,510,464, respectively.

The guaranteed investment contracts are designed to accrue interest based on a crediting rate established by the contract issuer. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Additionally, certain events might limit the ability of the Plan to transact at contract value with the contract issuer.

Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.

Pipeliners' Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANY (continued)

- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

6. TAX STATUS

In the Plan's latest opinion letter dated June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, is in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include mutual funds and investment contracts managed by Voya Retirement Insurance and Annuity Company ("Voya"). This party is the custodian as defined by the Plan and, therefore, transactions with Voya qualify as party-in-interest. Such transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations. 9. TERMINATION OF THE PLAN

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
