## Independent Auditor's Report

Plan Administrator and Participants  
Viceroy Hotel Management, LLC 401k Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of the Viceroy Hotel Management, LLC 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2024 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the 2024 audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) and Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Other Matter – Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 27, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Viceroy Hotel Management, LLC 401k Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Viceroy Hotel Management, LLC 401k Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 2001, by Viceroy Hotel Management, LLC, and participating employers (the “Company”) under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The purpose of the Plan is to encourage employees to accumulate savings for their retirement.

Substantially all employees of the Company, who have completed six months of service with at least 500 total hours of service, as defined, in a six month period, or 1,000 total hours of service in a twelve month period, are eligible to participate, provided they are at least 21 years of age, excluding leased employees, independent contractors, and collectively bargained employees not previously participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations of the Plan, provide for prudent investment of Plan assets, and maintain accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. Reliance Trust Company (“Reliance”) and Transamerica Trust Company (“Transamerica”) were the Plans custodians for the year ended December 31, 2023. Effective January 1, 2024, custodial and record keeper services were transferred to the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”). The transition from Reliance and Transamerica was finalized through the transfer of plan assets to Principal in 2024. The Custodians of the plan for 2024, therefore included Principal, Reliance and Transamerica.

Recent Accounting Pronouncements

In July 2025, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2025-05, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*. The amendments simplifies the estimation of expected credit losses for current accounts receivable arising from revenue transactions under Accounting Standards Codification (“ASC”) 606, such as participant and employer contribution receivables. This amendment provides (1) all entities with a practical expedient to assume that current conditions as of the statement of net assets available for benefit date do not change for the remaining life of the assets and (2) entities other than public business entities with an accounting policy election to consider collection activity after the statement of net assets available for benefit date, but before financial statement issuance, when estimating expected credit losses. ASU 2025-05 is effective for the fiscal years beginning after December 15, 2025, with early adoption permitted, and requires prospective application.

The Plan is currently evaluating the impact of this recent pronouncement will have in its financial statements.

Contributions

Each year, participants may contribute up to 90 percent of eligible compensation, as defined in the Plan, subject to certain IRC limitations. The Plan permits pre-tax deferral and after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Viceroy Hotel Management, LLC 401k Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company makes safe harbor matching contributions equal to 100% of the participant's deferral, up to the first 3% of eligible compensation, as defined, and 50% of the participant's deferrals up to the next 2% of eligible compensation. The Company may make discretionary matching and non-elective matching contributions to the Plan each year to be determined annually by the Company to eligible participants, as defined by the Plan. For the years ended December 31, 2024 and 2023, the Company made safe harbor matching contributions of \$428,084 and \$476,712, respectively. No discretionary and non-matching contributions were made for either of these years.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses and distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodians, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and the Company's safe harbor matching contributions, plus earnings vested thereon. Vesting of discretionary employer contributions plus earnings on these contributions, is based on years of vesting service, as defined by the Plan. A participant is 100 percent vested after five years of credited service. Participants who leave the Company before they are vested in the Company's contributions forfeit their non-vested portion. The Plan allows for immediate vesting in any non-elective matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum equal to the lesser of 50 percent of their vested balance less any outstanding loans or \$50,000. Participants may only have two loans outstanding at a given time. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years. The loans are secured by the balance in the Participant's account and bear interest between 4.25 percent and 9.50 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Upon termination of employment, the Plan will make a mandatory distribution if the participant's account balance is less than \$1,000. All vested participant accounts exceeding \$1,000 but not exceeding \$7,000 may be rolled into an Individual Retirement Account. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Viceroy Hotel Management, LLC 401k Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Amounts forfeited by participants prior to becoming fully vested are used to pay administrative expenses or reduce the Company's matching contribution. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$- and \$491, respectively. For the years ended December 31, 2024 and 2023, forfeitures of \$491 and \$-, respectively, were used to reduce employer contributions from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles.

Administrative Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company. Plan expenses paid by the Company are not included in these financial statements. Management fees and operating expenses charged to the Plan for investments in the various mutual funds and common/collective trusts are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of such investments.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The allowance for credit losses was immaterial as of December 31, 2024 and 2023.

Risks and Uncertainties

The Plan provides for investments with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Viceroy Hotel Management, LLC 401k Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties (Continued)

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the quoted market price at year-end. Units held in common/collective trusts are valued at net asset value based on information reported to the Plan by the investment manager as a practical expedient for fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statements of changes in net assets available for benefits.

The Putnam Stable Value Fund ("Stable Value Fund") is a collective trust established and maintained by Putnam Fiduciary Trust Company. The Stable Value invests primarily in guaranteed and security-backed investment contracts with life insurance companies, banks and other financial institutions, fixed income securities, and money market funds. The Stable Value Fund seeks to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the constant net asset value of \$1 per unit with generally no advance notice requirement. There are no reserves for credit risk of the contract issuer or otherwise. If the Plan initiates a full redemption of the Stable Value Fund, the trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Federated Hermes Capital Preservation Fund ("Preservation Fund") is a collective trust established and maintained by Federated Investors Trust Company. The Preservation Fund invests primarily in guaranteed and security-backed investment contracts with life insurance companies, banks and other financial institutions, fixed income securities, and money market funds. The Preservation Fund seeks to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the constant net asset value of \$1 per unit with generally no advance notice requirement. There are no reserves for credit risk of the contract issuer or otherwise. If the Plan initiates a full redemption of the Preservation Fund, the trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

Viceroy Hotel Management, LLC 401k Plan  
NOTES TO FINANCIAL STATEMENTS

4. TAX STATUS

The Company adopted a Non-Standardized Pre-Approved 401(k) Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (“IRS”), on June 30, 2020 which stated that the Plan, as then designed was in accordance with applicable sections of the IRC.

Effective January 1, 2024, the Company adopted the Principal Financial Group Pre-Approved Savings Plan – Plus (Basic Plan Document No. 4). The Plan’s provisions were not significantly changed by the amended and restated Plan document. The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Revenue Procedure 2017-41) that the Plan meets the qualification requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan, subject to liquidation costs and expenses.

6. INFORMATION CERTIFIED BY THE PLAN’S CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2024	2023
Investments:		
Mutual funds	\$ 11,775,251	\$ 10,843,201

7. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2024 and 2023 there were no significant transfers in or out of levels 1, 2 or 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts:* Valued based on the net asset value ("NAV") of units of the common/collective trusts. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the trust less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Each common/collective trust has (1) no unfunded commitments, (2) a daily redemption frequency, and (3) a redemption notice period of up to 12 months as of December 31, 2024 and 2023. Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at NAV with the common/collective trusts or that also limit the ability of the Plan to transact at NAV with the participants. The NAV is not a publicly quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 11,775,251	\$ -	\$ -	\$ 11,775,251

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

8. REPORTABLE TRANSACTIONS

During the years ended December 31, 2024 and 2023, there were no loans in default or uncollectible, investment assets acquired and disposed of within the Plan year, or non-exempt transactions with parties-in-interest, which would require supplemental presentation under United States Department of Labor regulations.

9. PROHIBITED TRANSACTIONS

During the years ended December 31, 2024, 2022 and 2020, the Plan inadvertently failed to deposit \$11,517, \$1,194 and \$8,838 of participant deferrals and loan repayments within the required time frame as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which are reportable each year until fully corrected. As such, these amounts are presented in the supplemental schedule of delinquent participant contributions included in these financial statements.

NOTES TO FINANCIAL STATEMENTS

11. RECENT LEGISLATION

In December 2022, Securing a Strong Retirement Act (“SECURE 2.0”) was passed into law. This package of laws builds on the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. SECURE 2.0 covers numerous changes to retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers’ cost of offering and funding retirement savings plans. The provisions include both required and optional elements and the Plan Administrator will determine the optional provisions to elect. The United States Department of the Treasury and the Internal Revenue Service continue to issue guidance and regulations implementing provisions of SECURE 2.0. Many of the provisions in SECURE 2.0 were effective in 2023 and 2024, but it will not be completely implemented until 2028. The deadline for amending plan documents has been extended to December 31, 2026, as such, the Company is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and its participants.

12. PLAN AMENDMENT AND RESTATEMENT

Effective January 1, 2024, the Plan changed custodians and recordkeepers from Reliance and Transamerica to Principal and adopted the Principal Financial Group Pre-Approved Savings Plan – Plus (Basic Plan Document No.4). The terms and provisions of the Plan did not significantly change by the amended and restated Plan document.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.
