INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Winchester Thurston School

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Winchester Thurston School 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WINCHESTER THURSTON SCHOOL 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Winchester Thurston School 403(b) Retirement Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the Plan document or summary plan description for a more comprehensive description of the Plan's provisions.

General - The Plan is a defined contribution 403(b) plan adopted by Winchester Thurston School (the "School") on January 1, 2014. The Plan was established to facilitate the merger of six 403(b) plans previously maintained by the School into the Plan effective January 1, 2014.

Substantially all employees of the School who meet specified service requirements are eligible to participate in the Plan. The Plan is administered by the School, with oversight by the Board of Trustees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated effective January 1, 2024, to incorporate prior Plan amendments and to provide for participant elected Roth deferrals, and in plan Roth rollovers.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported changes in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan assets are composed of various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term could materially affect the assets available for benefits.

Contributions - Eligible employees may contribute up to 100% of compensation, as defined by the Plan, on a pretax or after tax basis (effective January 1, 2024) subject to certain limitations under the Internal Revenue Code. The Plan allows for discretionary employer contributions for employees who meet specific requirements. In addition, the Plan permits rollover contributions from other qualified plans.

Participant Accounts - Participants' accounts are credited with their contributions and the School's contributions. Plan earnings, as reduced by administrative expenses, are allocated to participant accounts as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participant contributions are fully vested and nonforfeitable at all times as are the School's contributions.

Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the interest in his or her account. Payment options include lump-sum distributions, without regard to amount, or annuity payments if required by the investment vehicle.

Investment Valuation and Income Recognition - Investments are carried at their fair value, except for the fully benefit responsive investment contracts, based on the methodologies described below. The Plan presents in the statements of changes in assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments. The unrealized appreciation (depreciation) of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation (depreciation) of investments is determined by the change in the current market value from the beginning of the year (if held since the beginning of the year) to the date of sale, or from the date of purchase to the date of sale. Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Dividends and interest are recorded as earned by the custodians and are reflected in the Plan's financial statements on the accrual basis.

Non-fully benefit-responsive guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the guaranteed investment contract. The statement of assets available for benefits presents the contract value of fully benefit-responsive investment contracts.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. The Plan is invested in various mutual and money funds maintained by TIAA-CREF including mutual funds, real estate investment vehicles, and group annuity contracts. Participants may elect to have their accounts invested in the above options by allocating their contributions evenly among the

investment options or by designating specific allocations among the options. Participants may change their investment options at any time with changes becoming effective immediately.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1 inputs).

Pooled Separate Accounts: Valued at the market value of the underlying real estate holdings or other real estate-related investments based upon external appraisals or other independent pricing sources (Level 1 inputs).

The Plan holds group annuity contracts. Non-fully benefit-responsive contracts are recorded at fair value and are classified as level 3 investments. Fully benefit-responsive contracts are reported at contract value which is based upon contributions, earnings, and withdrawals and is outside of the fair value hierarchy. The group annuity contract investments are not available for sale nor are they traded on any securities exchange (see Note 3).

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of

certain financial instruments could result in a different fair value measurement at the reporting dates.

Notes Receivable from Participants - The custodian of the Plan may make a loan to a participant from the trust fund. Participants may borrow as much as 50% of their account balance, less the participant's highest outstanding loan amount during the preceding twelve month period. Loans accrue interest at 1% over the prime rate and are secured by the participant's account balance. All loans must be repaid in their entirety within five years, unless the purpose of the loan is to purchase a principal residence. Notes receivable from participants of \$157,691 and \$146,052 were outstanding at December 31, 2024 and 2023, respectively, with interest rates ranging from 4.25% to 9.5%.

Administrative Expenses - Administrative expenses are principally paid by the Plan as provided for in the plan document.

Subsequent Events - Subsequent events have been analyzed for recognition and disclosure purposes through September 29, 2025, the date the financial statements were available to be issued.

2. INVESTMENTS

A summary of the Plan's investments at December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>

Total	<u><u>\$ 3,678,382</u></u>	<u><u>\$ 3,901,920</u></u>

3. **GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY**

The Plan holds both fully benefit-responsive and non-fully benefit responsive guaranteed investment contracts with TIAA-CREF.

For the portion that is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the guaranteed investment contract as the guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fully benefit-responsive portion of the guaranteed investment contract is presented on the face of the statements of assets available for benefits at contract value. The non-fully benefit-responsive portion is reported at fair value. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the fully benefit responsive portion at December 31, 2024 and 2023 was \$1,613,017 and \$1,664,432, respectively. The fair value of the non-fully benefit responsive portion at December 31, 2024 and 2023, was \$3,678,382 and \$3,901,920, respectively. The average yield was 5.6% and 6.5% for the years ended December 31, 2024 and 2023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Participant account balances are credited with a net credit ranking after deducting .20% for fees for administrative and recordkeeping services provided to the Plan. The net crediting rate on participant accounts is currently a 5.5% effective annual rate. The rate reset on July 1, 2024 and triannually thereafter.

Certain events limit the Plan's ability to transact at contract value with TIAA-CREF. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. PLAN TERMINATION

The School anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts are 100% vested and would be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

5. INCOME TAX STATUS

The Plan has been established to comply in form and operation with Section 403(b) of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements. The IRS has determined and informed the Plan sponsor by letter dated March 31, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since inception, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan administrator believes there is no liability related to uncertain tax positions at December 31, 2024 or 2023. The Plan remains subject to tax examinations by tax authorities for all periods after 2021.

6. CERTIFIED FINANCIAL INFORMATION

TIAA-CREF, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2024 and 2023.
- Net investment activity, as shown in the statements of changes in assets available for benefits for the years ended December 31, 2024 and 2023.
- The schedule of assets held for investment purposes at December 31, 2024 as shown on the accompanying schedule.

7. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

TIAA-CREF, the custodian, provides access to certain investments and, therefore, is considered a party-in-interest. Fees expensed by the plan for the custodian management services were \$31,454 and \$25,223 for the year ended December 31, 2024 and 2023, respectively.

Employees of the School do not receive any compensation from the Plan.
