Report of Independent Auditors

To the Administrator of Frank Brunckhorst Company Union 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Frank Brunckhorst Company Union 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Frank Brunckhorst Company Union 401(k) Retirement Savings Plan Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of Frank Brunckhorst Company Union 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all members of United Food & Commercial Workers Local 342 of Frank Brunckhorst Co., LLC (collectively, the "Company") employed at December 31, 1995 or have a minimum of six months of service after December 31, 1995. The Plan only provides for participant-directed investment programs. Effective January 1, 2023, employees are immediately eligible to participate in the plan on date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may, upon their discretion, make contributions to the Plan through payroll deductions up to a maximum of \$23,000 for 2024 and \$22,500 for 2023. Participants age 50 and over have the discretion to contribute an additional \$7,500 for 2024 and 2023. Participants may elect to rollover contributions into their participant account from another qualified plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of any earnings/losses on participant investments. Allocations are based on participant account balances, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Distributions

If the balance of a vested account exceeds \$1,000, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or a direct rollover to an eligible retirement plan, or, if meeting the terms of the Plan agreement for normal or early retirement, installment payments and annuities. Hardship distributions are permitted as specified by the Plan. If the balance of a vested account is \$1,000 or less and the participant has made no election, the Plan will pay the balance in a lump-sum as an involuntary distribution.

Notes Receivable from Participants

The Plan has a loan program under which it makes available loans to participants on a nondiscriminatory basis. Each participant is limited to a maximum of one loan. The loans cannot exceed \$50,000 or 50% of the participant's vested amount and must be paid back over a period not to exceed five years. If the purpose of the loan is to acquire a primary personal residence, then the term of the loan can be longer than five years. All loans bear a prime rate plus 1% prevailing interest rate (as defined in the Plan agreement). The outstanding notes receivable interest rates at December 31, 2024 ranged between 4.25% to 9.50%. Nationwide provides notices to participants regarding late, missing or insufficient payments relating to their outstanding loans.

December 31, 2024 and 2023

Administrative Expenses

The Company is the administrator of the Plan and pays administrative expenses related to recordkeeping fees charged by Nationwide Financial Services, Inc., maintenance of participant accounts, and fees associated with testing and reporting services, such as the annual non-discrimination testing. As these expenses are incurred and paid by the Company, they are not included in the accompanying financial statements of the Plan. The Administrative expenses listed on the Statement of Changes in Net Assets Available for Benefits relate to Related Party and Parties in Interest transactions that are paid by the participants and are further discussed in Note 7 to these financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with United States generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and such differences could be material.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as of December 31, 2024. See Note 4 for investment valuation information. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by third parties.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments, as well as interest and dividends earned.

3. Certified Financial Data

The following is a summary of investment balances and related investment information, including notes receivable from participants and related interest income, included in the accompanying financial statements and supplemental schedule which was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, the custodian (the "Custodian") of the non-fixed annuity contract investments, which includes mutual funds, and the Nationwide Life Insurance Company, the insurance company of the unallocated fixed annuity contract (the "Insurance Company") as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2024	2023

4. Fair Value of Financial Instruments

The Company follows FASB guidance on fair value measurements. That guidance creates a common definition of fair value for recognition and disclosure purposes under U.S. GAAP. The guidance also establishes a hierarchy for measuring fair value and enhances disclosures about fair value measures required under other accounting pronouncements but does not change existing guidance as to whether or not an instrument is carried at fair value.

The guidance also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The standard establishes three levels of inputs that may be used to measure fair value:

Frank Brunckhorst Company
Union 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

- Level 1 Quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth the Plan's investments measured at fair value at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,889,471	\$ -	\$ -	\$ 3,889,471
Unallocated fixed annuity contract	-	-	61,395	\$ 61,395
Total investments at fair value	<u>\$ 3,889,471</u>	<u>\$ -</u>	<u>\$ 61,395</u>	<u>\$ 3,950,866</u>

The following table sets forth the Plan's investments measured at fair value at December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,437,902	\$ -	\$ -	\$ 3,437,902
Unallocated fixed annuity contract	-	-	121,745	121,745
Total investments at fair value	<u>\$ 3,437,902</u>	<u>\$ -</u>	<u>\$ 121,745</u>	<u>\$ 3,559,647</u>

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as these instruments have active markets. The unallocated fixed annuity contract is a fixed return product with annual interest rate guarantees, after the first period.

Deposits are guaranteed in both principal and interest by Nationwide Life Insurance Company. These investments are not available in an exchange or active market. The unallocated fixed annuity contract has been reported at fair value at December 31, 2024 and 2023.

The following table presents the changes in assets classified in Level 3 of the fair value hierarchy for the year ended December 31, 2024:

	2024
Balance, beginning of year	\$ 121,745
Net appreciation in fair value of investments	9,411
Fees	(787)
Purchases	7,726
Sales	<u>(76,700)</u>
Balance, end of year	<u>\$ 61,395</u>

Frank Brunckhorst Company
Union 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

The Best of America Fixed Contract is an unallocated, non-fully benefit responsive contract and is reported at fair value. Fair value is equal to contract value less any Contingent Deferred Sales Charge, as defined in the contract, if applicable, and Market Value Adjustment. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. The Market Value Adjustment is based on current and future crediting rates and the interest rate swap curve. Crediting rates are reset annually, which may vary from the interest rate applied to account balances at the end of the prior period. These rates were 2.22% for 2024 and 2.20% for 2023. Exchanges or transfers in the non-fully benefit responsive contract will be made at contract value in any amount which is not more than 20% of the contract value, as determined on the date which the amount to be exchanged will be released from the contract. The 20% limit will be reduced by all exchanges and transfers which have been made at contract value during the twelve calendar months preceding the date of the exchange. Any exchanges or transfers that exceed the 20% limit will then be subject to an adjustment to fair value.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested in their accounts.

6. Tax Status

On December 31, 2014, the Plan adopted the prototype non-standardized profit-sharing plan with CODA. The prototype plan received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying plan documents is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the Plan is exempt from taxation. The Plan has been amended since its adoption; however, the Plan administrator believes that the Plan is currently designed and is operating in conformity with the Code.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examinations for years prior to 2021.

7. Related Party and Party in Interest Transactions

Plan investments include an unallocated fixed annuity contract and mutual funds that are managed by the Custodian and Insurance Company, and therefore these transactions qualify as party in interest transactions. Party in interest investments total \$667,000 and \$694,228 at December 31, 2024 and 2023, respectively. Notes receivable from participants of \$577,456 and \$454,757 qualify as party in interest transactions at December 31, 2024 and 2023, respectively. Fees paid for services rendered by related parties and parties in interest of \$38,832 for the year ended December 31, 2024 were based on customary rates for such services and were paid by the Plan.
