Independent Auditor's Report

The Plan Administrator
Nan Ya Plastics Corporation, America
Employees Pension Plan
Livingston, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nan Ya Plastics Corporation, America Employees Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of The Nan Ya Plastics Corporation, America Employees Pension Plan (the Plan) is provided for general information purposes only. Participants of the Plan should refer to the comprehensive Plan document for a complete description of the Plan's provisions.

General

The Plan was adopted effective October 1, 1990 and is a defined contribution money purchase pension plan covering all eligible employees of Nan Ya Plastics Corporation, America (the Company or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended and restated as of July 11, 2022 to incorporate current and prior amendments and certain legislative and regulatory requirements.

Trustee and Administration of the Plan

The recordkeeper of the Plan is Fidelity Workplace Services LLC and the trustee and custodian of the Plan is Fidelity Management Trust Company (Fidelity). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Plan's Benefits Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility Requirements

The eligible employee must be a full-time salaried or hourly employee that is not a leased employee. An eligible employee shall become a participant in the Plan as of the first day of the month coinciding with or immediately following their hire date. Temporary employees with a minimum of 1,000 hours of service in one year, as defined, are eligible to participate in the Plan effective on the enrollment date immediately following the completion of that one-year period.

Contributions

Each year, the Company will contribute to the Plan a percentage of each eligible participant's eligible compensation, as defined. Participants who have completed less than 15 years of service and those who have completed 15 or more years of service as of January 1 of the following year will be credited with 2.5% and 3.0% percent of eligible compensation, respectively. Contributions are not to exceed 25% of eligible compensation. Annual additions, as defined, to each participant's individual account are also limited under the Plan in order to satisfy the current rules of Section 415(c) of the Internal Revenue Code (IRC). No employee contributions or loans are permitted.

Participant Accounts

Each participant's account is credited with the Employer's contribution and an allocation of net Plan earnings or losses. Income and expense allocations are based on account balances or specific participant transactions, as defined in the Plan document. The benefit to which participants are entitled is the vested portion of their accounts. All participant accounts are non-participant directed.

Notes to Financial Statements

Vesting and Forfeitures

Participants become 100% vested in their accounts upon completion of three years of credited service. Non-vested amounts are forfeited upon separation from service after a five-year break in service. Forfeitures are used to reduce future Employer contributions or pay Plan expenses. Unallocated forfeiture balances as of December 31, 2024 and 2023 are \$109,262 and \$214,592, respectively. During 2024 and 2023, the Company utilized \$130,595 and \$106,974, respectively, to reduce employer contributions to the Plan and \$57,160 and \$36,375, respectively, to pay Plan expenses.

Benefit Payments

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments in the form of an annuity. Participants may elect to rollover their vested balance to another qualified retirement plan or Individual Retirement Account (IRA).

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. A terminated participant's vested account balances greater than \$1,000 but less than \$7,000 will be automatically rolled over into an IRA unless otherwise elected.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivable

Employer contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Revenue Credits

The Plan's trust agreement with Fidelity provides for a revenue credit arrangement, whereby the trustee allocates quarterly deposits to the Plan which may be used to pay Plan expenses or be allocated to Plan participants as directed by the Company. Unallocated revenue credits as of December 31, 2024 and 2023 are \$34,307 and \$12,417. During 2024 and 2023, the Plan received credits of \$42,449 and \$47,241, respectively. Administrative expenses are presented net of revenue credits in the statements of changes in net assets available for benefits.

3. Tax Status

The Plan adopted a pre-approved Plan document sponsored by Fidelity Management & Research. Fidelity Management & Research received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the pre-approved Plan document, as then designated, satisfies the applicable sections of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan and the trust agreement subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

5. Party-in-Interest and Related Party Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or its subsidiaries and affiliates. Distribution processing fees are paid to Fidelity Workplace Services LLC by participants. The Plan also receives revenue credits from Fidelity. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments and dividend income for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

7. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

There have been no changes in the methodologies used as of December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund - Valued at the daily closing price as reported by the fund.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust (CCT) - Common/collective trust is valued at the NAV of units held. The NAV, as provided by the trustee of the CCT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCT will sell for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 34,307	\$ -	\$ -	\$ 34,307
Mutual funds	30,003,198	-	-	30,003,198
	<u>\$ 30,037,505</u>	<u>\$ -</u>	<u>\$ -</u>	30,037,505
Common/collective trust*				<u>232,849</u>
Total Investments, at fair value				\$ 30,270,354

December 31, 2023

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 12,417	\$ -	\$ -	\$ 12,417
Mutual funds	27,789,448	-	-	27,789,448
	<u>\$ 27,801,865</u>	<u>\$ -</u>	<u>\$ -</u>	27,801,865
Common/collective trust*				<u>333,628</u>
Total Investments, at fair value				\$ 28,135,493

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) as the practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023.

December 31,

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Stable Value Fund	\$ 232,849	\$ 333,628	N/A	Daily	Daily

The Putnam Stable Value Fund (the Fund) is a CCT comprised mainly of investments in fully benefit-responsive high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions to provide a stable fixed income vehicle. The Fund is a direct filing entity.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

9. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to or disclosure in the financial statements.
