INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Vesuvius Retirement Plan for Hourly Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Vesuvius Retirement Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Plan Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

1. Description of the Plan

The following description of the Vesuvius Retirement Plan for Hourly Employees (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a participant directed defined contribution plan covering all eligible employees of Vesuvius USA Corporation and its affiliates (the Company or Employer). Eligible employees include all hourly employees that are eligible to participate in the Plan as of their employment commencement date. The Plan is sponsored and administered by Vesuvius USA Corporation (the Plan Administrator) and is part of the Vesuvius USA Corporation Master Savings Trust (the Master Trust). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 19, 2024, the Plan adopted a defined contribution pre-approved plan sponsored by Fidelity Management & Research Company (FMRC). Certain vesting provisions were revised in accordance with the Plan restatement. FMRC is the appointed trustee of the Plan, and acts at the direction of the Plan Administrator.

Contributions

Participants contribute to the Plan through voluntary payroll deductions. Participants may also elect to make Roth contributions. Participants may elect to defer up to 50% of their pretax compensation not to exceed the IRS limitation on net contributions. At December 31, 2024 and 2023, the limitation totaled \$23,000 and \$22,500, respectively. At December 31, 2024 and 2023, the limitation for catch-up contributions for individuals age 50 or older was \$7,500. The Plan has a 6% automatic enrollment policy, wherein unless an active participant elects otherwise, they are deemed to have elected to make an automatic pre-tax contribution of 6% in the Plan. The automatic pre-tax contribution is effective as soon as administratively possible after 60 days from the first day of employment. Participants who are automatically enrolled in the Plan, will have their pre-tax contribution rate increased by 1% each December until their pre-tax contribution rate reaches 10% of their compensation.

Certain union employees receive an employer match only based on their collective bargaining agreement with the Company. The Company may make discretionary profit-sharing contributions to the Plan as determined by the Board of Directors, subject to the limitations on deductions under Section 404 of the Internal Revenue Code (IRC). Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year to be eligible for Employer discretionary contributions.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

For Cleveland Union participants, the employer makes a matching contribution equal to 100% of the participant's elective deferrals up to 1% of compensation, plus 50% of elective deferrals in excess of 1% up to 6% of the participant's compensation. In addition, for Cleveland Union participants, the employer contributes 4% of the Participant's compensation (Additional 4% Contribution) at year end.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and their allocation of the Plan's earnings (losses) including administrative revenue (expenses). Plan earnings (losses) and administrative revenue (expenses) are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions (including rollover contributions) and actual earnings thereon. Effective August 19, 2024, participants are not vested in the Employer's matching contribution and Additional 4% Contributions until the completion of 3 years of service at which point they become 100% vested. Participants become fully vested in the Employer's discretionary contributions and the allocation of Plan earnings (losses) as follows: 25% after 2 years, 50% after 3 years, 75% after 4 years, and 100% after 5 years. Prior to August 19, 2024, participants vested 100% in employer matching and discretionary contributions and earnings after two years of service and after three years of service for Cleveland Union participants.

Participant Notes Receivable

Under certain circumstances, participants may borrow from their account balance. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of 50% of the participant's vested balance or \$50,000. Loan terms range from 1 to 5 years, or up to 10 years for the purchase of a primary residence for Cleveland Union participants. Interest charged is set at prime (7.50% and 8.50% at December 31, 2024 and 2023, respectively) plus 1%. Loan repayments are made primarily through payroll withholdings and participants can only have one loan outstanding at any given time, except for Cleveland Union participants who can have two loans outstanding at any given time.

Payment of Benefits

Upon attainment of age 59½, termination from the Company or under certain financial hardships, participants may elect to receive periodic installment payments or withdraw all or part of their vested account balance. A full or partial withdrawal prior to age 59½ results in an excise tax based on the amount of the withdrawal, assuming such amount is not rolled over into another qualified plan. A participant is required to begin receiving benefits no later than the first day of April of the calendar year following the later of the calendar year in which the participant attains the age of 73 or terminates.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

The Plan allows participant vested account balances that are \$7,000 or less upon termination to be automatically distributed from the Plan. If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance.

If a participant's vested balance exceeds \$1,000 and is equal to or less than \$7,000, the amount will be rolled over to an individual retirement account designated by the Company unless otherwise directed by the participant.

Effective January 1, 2024, the Plan adopted certain provisions of the Setting Every Community Up for Enhancement (SECURE) Act 2.0, including an increase in the automatic cash-out threshold from \$5,000 to \$7,000. Additional SECURE Act 2.0 provisions may also apply based on plan design and future regulatory guidance.

Forfeitures

When terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$29,848 and \$17,099, respectively. Forfeitures are generally used to reduce future employer contributions and pay administrative expenses. During 2024 and 2023, there were no administrative expenses that were paid from forfeited non-vested accounts. During 2024 and 2023, employer contributions were reduced by \$25,723 and \$31,776 from forfeited non-vested accounts, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

The Plan's investments are included in the Master Trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan's interest in the Galliard Stable Value Fund is valued at the net asset value (NAV) practical expedient of the underlying investments reported by the issuer of the common collective trust at year end. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fair value of the Plan's investments and interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Contributions

Contributions from employee compensation deferrals are recorded weekly when the Company remits payroll deductions for investment into the Plan. Employer matching contributions are recorded weekly. Discretionary contributions and Additional 4% Contributions are recorded at the end of the year.

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Revenue (Expenses)

Certain administrative expenses of the Plan are paid by the Company, unless the Company directs that such expenses shall be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statements of Changes in Net Assets Available for Plan Benefits. Administrative revenue arises when investment managers return a portion of the investment fees to the recordkeeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expenses can be paid or allocated to participant accounts. The Plan held unallocated administrative revenues of \$20,599 and \$13,814 at December 31, 2024 and 2023, respectively.

NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held two mutual funds that accounted for approximately 38% and 40% of the Plan's interest in the Vesuvius USA Corporation Master Savings Trust as of December 31, 2024 and 2023, respectively. Additionally, the common collective trust fund accounted for approximately 16% and 18% of the Plan's interest in the Vesuvius USA Corporation Master Savings Trust as of December 31, 2024 and 2023, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entities' non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Valued at the closing price reported on the active market on which the individual securities are traded. This account consists of common stock, mutual funds, corporate bonds, federal bonds and money markets.

Common Collective Trust Fund: The fair value of the common collective trust has been valued at NAV as a practical expedient to measure fair value at year end as reported by the issuer of the common collective trust.

Total investments at fair value	<u>\$ 216,125,015</u>	<u>\$ 27,392,350</u>	12.7%

(a) In accordance with Subtopic 820-10, the common collective trust fund was measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

As of December 31, 2024 and 2023, the Plan held an investment in a common collective trust fund for which NAV was employed to estimate fair value with a daily redemption frequency and no redemption notice period.

4. Plan Termination

The Company expects to continue the Plan indefinitely. However, the Company reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

5. Income Tax Status

The Plan was an adoption of a volume submitter plan document sponsored by The Angell Pension Group, Inc. until August 18, 2024. As of August 19, 2024, the Plan adopted a pre-approved defined contribution plan sponsored by FMRC. FMRC has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Fidelity Management Trust Company (Fidelity):

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for employer contributions receivable;

Plan interest in Vesuvius USA Corporation Master Savings Trust net investment income and interest income from participant notes receivable on the Statements of Changes in Net Assets Available for Plan Benefits for the years ended December 31, 2024 and 2023; and

Investment information provided on the Supplemental Schedule, Schedule of Assets (Held at End of Year) at December 31, 2024.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2024 and 2023, the Plan made direct payments to Fidelity for administrative services in the amount of \$14,325 and \$21,140, respectively. Participant notes receivable also qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Fidelity Investments Retirement Plan Service Agreement (FIRSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

If revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the FIRSA, Fidelity remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024 and 2023, the amounts allocated to participant accounts was \$33,445, net of \$6,490 administrative expenses and \$29,440, net of \$3,615 administrative expenses, respectively. Additionally, during 2024 and 2023, the Plan made indirect payments of \$52,185 and \$54,508, respectively.

9. Interest in Master Trust

The Plan investments are held in trust by the Vesuvius USA Corporation Master Savings Trust, which was established for the investment of assets of the Plan and certain other defined contribution plans of Vesuvius USA Corporation. Each participating plan has an undivided interest in the Master Trust. The record keeper and trustee of the assets of the Master Trust is Fidelity.

The assets of the Master Trust are allocated to the Plan based on the number of units of interest of each investment option held in trust by the Master Trust for the Plan. See Note 3 for the net assets available for plan benefits of the Master Trust.

The income and expenses of the Master Trust are allocated to the Plan daily based on the number of units of interest of each investment option held in trust by the Master Trust for the Plan. For the years ended December 31, 2024 and 2023, the Plan's interest in the net investment income of the Master Trust averaged approximately 11.8% and 11.6%, respectively. Contributions and benefit distributions to Plan participants directly increase or decrease the assets of the Master Trust allocated to the Plan.

The net investment income allocated to the Plan for the years ended December 31, 2024 and 2023 was \$3,725,795 and \$3,945,126, respectively, as follows:

	2024	2023
Net appreciation in fair value of investments	\$ 2,017,058	\$ 3,081,911
Interest and dividends	1,708,737	863,215
Total	\$ 3,725,795	\$ 3,945,126

10. Transfers

During 2023, assets were transferred from the Plan to the Vesuvius Retirement Plan for Salaried Employees in the amount of \$293,418. During 2024, no assets were transferred from the Plan to the Vesuvius Retirement Plan for Salaried Employees.

11. Non-exempt transactions

During 2024, the Employer failed to remit participant contributions of \$57,310 and loan repayments of \$13,816 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. The Employer remitted all participant contributions and loan repayments due to the Plan during 2024. The Employer is currently working with its third-party administrator to calculate and remit any lost earnings associated with these late remittances.

During 2021, the Plan Administrator failed to remit participant contributions of \$23,353 and loan repayments of \$7,634 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Administrator's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Plan Administrator. The principal was transmitted during the year ended December 31, 2021. Lost earnings were remitted during the 2022 Plan year. The Plan Administrator filed for relief under the Voluntary Fiduciary Correction Program (VFCP) and remitted additional lost earnings during 2024.

12. Subsequent Events

Effective January 1, 2025, the Plan adopted a provision of the SECURE Act 2.0, which allows certain eligible participants to make increased catch-up elective deferrals, referred to as "super catch-up" contributions. Under this provision, the maximum catch-up deferral amount for participants between the ages 60 and 63 increased from \$7,500 to \$11,250. Additional SECURE Act 2.0 provisions may also apply based on plan design and future regulatory guidance.

Management has evaluated subsequent events through October 8, 2025, which is the date these financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Vesuvius Retirement Plan for Hourly Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Vesuvius Retirement Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Plan Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

1. Description of the Plan

The following description of the Vesuvius Retirement Plan for Hourly Employees (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a participant directed defined contribution plan covering all eligible employees of Vesuvius USA Corporation and its affiliates (the Company or Employer). Eligible employees include all hourly employees that are eligible to participate in the Plan as of their employment commencement date. The Plan is sponsored and administered by Vesuvius USA Corporation (the Plan Administrator) and is part of the Vesuvius USA Corporation Master Savings Trust (the Master Trust). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 19, 2024, the Plan adopted a defined contribution pre-approved plan sponsored by Fidelity Management & Research Company (FMRC). Certain vesting provisions were revised in accordance with the Plan restatement. FMRC is the appointed trustee of the Plan, and acts at the direction of the Plan Administrator.

Contributions

Participants contribute to the Plan through voluntary payroll deductions. Participants may also elect to make Roth contributions. Participants may elect to defer up to 50% of their pretax compensation not to exceed the IRS limitation on net contributions. At December 31, 2024 and 2023, the limitation totaled \$23,000 and \$22,500, respectively. At December 31, 2024 and 2023, the limitation for catch-up contributions for individuals age 50 or older was \$7,500. The Plan has a 6% automatic enrollment policy, wherein unless an active participant elects otherwise, they are deemed to have elected to make an automatic pre-tax contribution of 6% in the Plan. The automatic pre-tax contribution is effective as soon as administratively possible after 60 days from the first day of employment. Participants who are automatically enrolled in the Plan, will have their pre-tax contribution rate increased by 1% each December until their pre-tax contribution rate reaches 10% of their compensation.

Certain union employees receive an employer match only based on their collective bargaining agreement with the Company. The Company may make discretionary profit-sharing contributions to the Plan as determined by the Board of Directors, subject to the limitations on deductions under Section 404 of the Internal Revenue Code (IRC). Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year to be eligible for Employer discretionary contributions.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

For Cleveland Union participants, the employer makes a matching contribution equal to 100% of the participant's elective deferrals up to 1% of compensation, plus 50% of elective deferrals in excess of 1% up to 6% of the participant's compensation. In addition, for Cleveland Union participants, the employer contributes 4% of the Participant's compensation (Additional 4% Contribution) at year end.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and their allocation of the Plan's earnings (losses) including administrative revenue (expenses). Plan earnings (losses) and administrative revenue (expenses) are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions (including rollover contributions) and actual earnings thereon. Effective August 19, 2024, participants are not vested in the Employer's matching contribution and Additional 4% Contributions until the completion of 3 years of service at which point they become 100% vested. Participants become fully vested in the Employer's discretionary contributions and the allocation of Plan earnings (losses) as follows: 25% after 2 years, 50% after 3 years, 75% after 4 years, and 100% after 5 years. Prior to August 19, 2024, participants vested 100% in employer matching and discretionary contributions and earnings after two years of service and after three years of service for Cleveland Union participants.

Participant Notes Receivable

Under certain circumstances, participants may borrow from their account balance. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of 50% of the participant's vested balance or \$50,000. Loan terms range from 1 to 5 years, or up to 10 years for the purchase of a primary residence for Cleveland Union participants. Interest charged is set at prime (7.50% and 8.50% at December 31, 2024 and 2023, respectively) plus 1%. Loan repayments are made primarily through payroll withholdings and participants can only have one loan outstanding at any given time, except for Cleveland Union participants who can have two loans outstanding at any given time.

Payment of Benefits

Upon attainment of age 59½, termination from the Company or under certain financial hardships, participants may elect to receive periodic installment payments or withdraw all or part of their vested account balance. A full or partial withdrawal prior to age 59½ results in an excise tax based on the amount of the withdrawal, assuming such amount is not rolled over into another qualified plan. A participant is required to begin receiving benefits no later than the first day of April of the calendar year following the later of the calendar year in which the participant attains the age of 73 or terminates.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

The Plan allows participant vested account balances that are \$7,000 or less upon termination to be automatically distributed from the Plan. If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance.

If a participant's vested balance exceeds \$1,000 and is equal to or less than \$7,000, the amount will be rolled over to an individual retirement account designated by the Company unless otherwise directed by the participant.

Effective January 1, 2024, the Plan adopted certain provisions of the Setting Every Community Up for Enhancement (SECURE) Act 2.0, including an increase in the automatic cash-out threshold from \$5,000 to \$7,000. Additional SECURE Act 2.0 provisions may also apply based on plan design and future regulatory guidance.

Forfeitures

When terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$29,848 and \$17,099, respectively. Forfeitures are generally used to reduce future employer contributions and pay administrative expenses. During 2024 and 2023, there were no administrative expenses that were paid from forfeited non-vested accounts. During 2024 and 2023, employer contributions were reduced by \$25,723 and \$31,776 from forfeited non-vested accounts, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

The Plan's investments are included in the Master Trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan's interest in the Galliard Stable Value Fund is valued at the net asset value (NAV) practical expedient of the underlying investments reported by the issuer of the common collective trust at year end. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fair value of the Plan's investments and interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Contributions

Contributions from employee compensation deferrals are recorded weekly when the Company remits payroll deductions for investment into the Plan. Employer matching contributions are recorded weekly. Discretionary contributions and Additional 4% Contributions are recorded at the end of the year.

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Revenue (Expenses)

Certain administrative expenses of the Plan are paid by the Company, unless the Company directs that such expenses shall be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statements of Changes in Net Assets Available for Plan Benefits. Administrative revenue arises when investment managers return a portion of the investment fees to the recordkeeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expenses can be paid or allocated to participant accounts. The Plan held unallocated administrative revenues of \$20,599 and \$13,814 at December 31, 2024 and 2023, respectively.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held two mutual funds that accounted for approximately 38% and 40% of the Plan's interest in the Vesuvius USA Corporation Master Savings Trust as of December 31, 2024 and 2023, respectively. Additionally, the common collective trust fund accounted for approximately 16% and 18% of the Plan's interest in the Vesuvius USA Corporation Master Savings Trust as of December 31, 2024 and 2023, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entities' non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Valued at the closing price reported on the active market on which the individual securities are traded. This account consists of common stock, mutual funds, corporate bonds, federal bonds and money markets.

Common Collective Trust Fund: The fair value of the common collective trust has been valued at NAV as a practical expedient to measure fair value at year end as reported by the issuer of the common collective trust.

Total investments at fair value	<u>\$ 216,125,015</u>	<u>\$ 27,392,350</u>	12.7%

(a) In accordance with Subtopic 820-10, the common collective trust fund was measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

As of December 31, 2024 and 2023, the Plan held an investment in a common collective trust fund for which NAV was employed to estimate fair value with a daily redemption frequency and no redemption notice period.

4. Plan Termination

The Company expects to continue the Plan indefinitely. However, the Company reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

5. Income Tax Status

The Plan was an adoption of a volume submitter plan document sponsored by The Angell Pension Group, Inc. until August 18, 2024. As of August 19, 2024, the Plan adopted a pre-approved defined contribution plan sponsored by FMRC. FMRC has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Fidelity Management Trust Company (Fidelity):

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for employer contributions receivable;

Plan interest in Vesuvius USA Corporation Master Savings Trust net investment income and interest income from participant notes receivable on the Statements of Changes in Net Assets Available for Plan Benefits for the years ended December 31, 2024 and 2023; and

Investment information provided on the Supplemental Schedule, Schedule of Assets (Held at End of Year) at December 31, 2024.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2024 and 2023, the Plan made direct payments to Fidelity for administrative services in the amount of \$14,325 and \$21,140, respectively. Participant notes receivable also qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Fidelity Investments Retirement Plan Service Agreement (FIRSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

If revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the FIRSA, Fidelity remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024 and 2023, the amounts allocated to participant accounts was \$33,445, net of \$6,490 administrative expenses and \$29,440, net of \$3,615 administrative expenses, respectively. Additionally, during 2024 and 2023, the Plan made indirect payments of \$52,185 and \$54,508, respectively.

9. Interest in Master Trust

The Plan investments are held in trust by the Vesuvius USA Corporation Master Savings Trust, which was established for the investment of assets of the Plan and certain other defined contribution plans of Vesuvius USA Corporation. Each participating plan has an undivided interest in the Master Trust. The record keeper and trustee of the assets of the Master Trust is Fidelity.

The assets of the Master Trust are allocated to the Plan based on the number of units of interest of each investment option held in trust by the Master Trust for the Plan. See Note 3 for the net assets available for plan benefits of the Master Trust.

The income and expenses of the Master Trust are allocated to the Plan daily based on the number of units of interest of each investment option held in trust by the Master Trust for the Plan. For the years ended December 31, 2024 and 2023, the Plan's interest in the net investment income of the Master Trust averaged approximately 11.8% and 11.6%, respectively. Contributions and benefit distributions to Plan participants directly increase or decrease the assets of the Master Trust allocated to the Plan.

The net investment income allocated to the Plan for the years ended December 31, 2024 and 2023 was \$3,725,795 and \$3,945,126, respectively, as follows:

	2024	2023
Net appreciation in fair value of investments	\$ 2,017,058	\$ 3,081,911
Interest and dividends	1,708,737	863,215
Total	\$ 3,725,795	\$ 3,945,126

10. Transfers

During 2023, assets were transferred from the Plan to the Vesuvius Retirement Plan for Salaried Employees in the amount of \$293,418. During 2024, no assets were transferred from the Plan to the Vesuvius Retirement Plan for Salaried Employees.

11. Non-exempt transactions

During 2024, the Employer failed to remit participant contributions of \$57,310 and loan repayments of \$13,816 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. The Employer remitted all participant contributions and loan repayments due to the Plan during 2024. The Employer is currently working with its third-party administrator to calculate and remit any lost earnings associated with these late remittances.

During 2021, the Plan Administrator failed to remit participant contributions of \$23,353 and loan repayments of \$7,634 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Administrator's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Plan Administrator. The principal was transmitted during the year ended December 31, 2021. Lost earnings were remitted during the 2022 Plan year. The Plan Administrator filed for relief under the Voluntary Fiduciary Correction Program (VFCP) and remitted additional lost earnings during 2024.

12. Subsequent Events

Effective January 1, 2025, the Plan adopted a provision of the SECURE Act 2.0, which allows certain eligible participants to make increased catch-up elective deferrals, referred to as "super catch-up" contributions. Under this provision, the maximum catch-up deferral amount for participants between the ages 60 and 63 increased from \$7,500 to \$11,250. Additional SECURE Act 2.0 provisions may also apply based on plan design and future regulatory guidance.

Management has evaluated subsequent events through October 8, 2025, which is the date these financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Vesuvius Retirement Plan for Hourly Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Vesuvius Retirement Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Plan Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

1. Description of the Plan

The following description of the Vesuvius Retirement Plan for Hourly Employees (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a participant directed defined contribution plan covering all eligible employees of Vesuvius USA Corporation and its affiliates (the Company or Employer). Eligible employees include all hourly employees that are eligible to participate in the Plan as of their employment commencement date. The Plan is sponsored and administered by Vesuvius USA Corporation (the Plan Administrator) and is part of the Vesuvius USA Corporation Master Savings Trust (the Master Trust). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 19, 2024, the Plan adopted a defined contribution pre-approved plan sponsored by Fidelity Management & Research Company (FMRC). Certain vesting provisions were revised in accordance with the Plan restatement. FMRC is the appointed trustee of the Plan, and acts at the direction of the Plan Administrator.

Contributions

Participants contribute to the Plan through voluntary payroll deductions. Participants may also elect to make Roth contributions. Participants may elect to defer up to 50% of their pretax compensation not to exceed the IRS limitation on net contributions. At December 31, 2024 and 2023, the limitation totaled \$23,000 and \$22,500, respectively. At December 31, 2024 and 2023, the limitation for catch-up contributions for individuals age 50 or older was \$7,500. The Plan has a 6% automatic enrollment policy, wherein unless an active participant elects otherwise, they are deemed to have elected to make an automatic pre-tax contribution of 6% in the Plan. The automatic pre-tax contribution is effective as soon as administratively possible after 60 days from the first day of employment. Participants who are automatically enrolled in the Plan, will have their pre-tax contribution rate increased by 1% each December until their pre-tax contribution rate reaches 10% of their compensation.

Certain union employees receive an employer match only based on their collective bargaining agreement with the Company. The Company may make discretionary profit-sharing contributions to the Plan as determined by the Board of Directors, subject to the limitations on deductions under Section 404 of the Internal Revenue Code (IRC). Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year to be eligible for Employer discretionary contributions.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

For Cleveland Union participants, the employer makes a matching contribution equal to 100% of the participant's elective deferrals up to 1% of compensation, plus 50% of elective deferrals in excess of 1% up to 6% of the participant's compensation. In addition, for Cleveland Union participants, the employer contributes 4% of the Participant's compensation (Additional 4% Contribution) at year end.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and their allocation of the Plan's earnings (losses) including administrative revenue (expenses). Plan earnings (losses) and administrative revenue (expenses) are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions (including rollover contributions) and actual earnings thereon. Effective August 19, 2024, participants are not vested in the Employer's matching contribution and Additional 4% Contributions until the completion of 3 years of service at which point they become 100% vested. Participants become fully vested in the Employer's discretionary contributions and the allocation of Plan earnings (losses) as follows: 25% after 2 years, 50% after 3 years, 75% after 4 years, and 100% after 5 years. Prior to August 19, 2024, participants vested 100% in employer matching and discretionary contributions and earnings after two years of service and after three years of service for Cleveland Union participants.

Participant Notes Receivable

Under certain circumstances, participants may borrow from their account balance. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of 50% of the participant's vested balance or \$50,000. Loan terms range from 1 to 5 years, or up to 10 years for the purchase of a primary residence for Cleveland Union participants. Interest charged is set at prime (7.50% and 8.50% at December 31, 2024 and 2023, respectively) plus 1%. Loan repayments are made primarily through payroll withholdings and participants can only have one loan outstanding at any given time, except for Cleveland Union participants who can have two loans outstanding at any given time.

Payment of Benefits

Upon attainment of age 59½, termination from the Company or under certain financial hardships, participants may elect to receive periodic installment payments or withdraw all or part of their vested account balance. A full or partial withdrawal prior to age 59½ results in an excise tax based on the amount of the withdrawal, assuming such amount is not rolled over into another qualified plan. A participant is required to begin receiving benefits no later than the first day of April of the calendar year following the later of the calendar year in which the participant attains the age of 73 or terminates.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

The Plan allows participant vested account balances that are \$7,000 or less upon termination to be automatically distributed from the Plan. If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance.

If a participant's vested balance exceeds \$1,000 and is equal to or less than \$7,000, the amount will be rolled over to an individual retirement account designated by the Company unless otherwise directed by the participant.

Effective January 1, 2024, the Plan adopted certain provisions of the Setting Every Community Up for Enhancement (SECURE) Act 2.0, including an increase in the automatic cash-out threshold from \$5,000 to \$7,000. Additional SECURE Act 2.0 provisions may also apply based on plan design and future regulatory guidance.

Forfeitures

When terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$29,848 and \$17,099, respectively. Forfeitures are generally used to reduce future employer contributions and pay administrative expenses. During 2024 and 2023, there were no administrative expenses that were paid from forfeited non-vested accounts. During 2024 and 2023, employer contributions were reduced by \$25,723 and \$31,776 from forfeited non-vested accounts, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

The Plan's investments are included in the Master Trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan's interest in the Galliard Stable Value Fund is valued at the net asset value (NAV) practical expedient of the underlying investments reported by the issuer of the common collective trust at year end. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fair value of the Plan's investments and interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Contributions

Contributions from employee compensation deferrals are recorded weekly when the Company remits payroll deductions for investment into the Plan. Employer matching contributions are recorded weekly. Discretionary contributions and Additional 4% Contributions are recorded at the end of the year.

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Revenue (Expenses)

Certain administrative expenses of the Plan are paid by the Company, unless the Company directs that such expenses shall be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statements of Changes in Net Assets Available for Plan Benefits. Administrative revenue arises when investment managers return a portion of the investment fees to the recordkeeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expenses can be paid or allocated to participant accounts. The Plan held unallocated administrative revenues of \$20,599 and \$13,814 at December 31, 2024 and 2023, respectively.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held two mutual funds that accounted for approximately 38% and 40% of the Plan's interest in the Vesuvius USA Corporation Master Savings Trust as of December 31, 2024 and 2023, respectively. Additionally, the common collective trust fund accounted for approximately 16% and 18% of the Plan's interest in the Vesuvius USA Corporation Master Savings Trust as of December 31, 2024 and 2023, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entities' non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Valued at the closing price reported on the active market on which the individual securities are traded. This account consists of common stock, mutual funds, corporate bonds, federal bonds and money markets.

Common Collective Trust Fund: The fair value of the common collective trust has been valued at NAV as a practical expedient to measure fair value at year end as reported by the issuer of the common collective trust.

(a) In accordance with Subtopic 820-10, the common collective trust fund was measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy.

VESUVIUS RETIREMENT PLAN FOR HOURLY EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

As of December 31, 2024 and 2023, the Plan held an investment in a common collective trust fund for which NAV was employed to estimate fair value with a daily redemption frequency and no redemption notice period.

4. Plan Termination

The Company expects to continue the Plan indefinitely. However, the Company reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

5. Income Tax Status

The Plan was an adoption of a volume submitter plan document sponsored by The Angell Pension Group, Inc. until August 18, 2024. As of August 19, 2024, the Plan adopted a pre-approved defined contribution plan sponsored by FMRC. FMRC has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Fidelity Management Trust Company (Fidelity):

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for employer contributions receivable;

Plan interest in Vesuvius USA Corporation Master Savings Trust net investment income and interest income from participant notes receivable on the Statements of Changes in Net Assets Available for Plan Benefits for the years ended December 31, 2024 and 2023; and

Investment information provided on the Supplemental Schedule, Schedule of Assets (Held at End of Year) at December 31, 2024.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2024 and 2023, the Plan made direct payments to Fidelity for administrative services in the amount of \$14,325 and \$21,140, respectively. Participant notes receivable also qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Fidelity Investments Retirement Plan Service Agreement (FIRSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the FIRSA, Fidelity remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024 and 2023, the amounts allocated to participant accounts was \$33,445, net of \$6,490 administrative expenses and \$29,440, net of \$3,615 administrative expenses, respectively. Additionally, during 2024 and 2023, the Plan made indirect payments of \$52,185 and \$54,508, respectively.

9. Interest in Master Trust

The Plan investments are held in trust by the Vesuvius USA Corporation Master Savings Trust, which was established for the investment of assets of the Plan and certain other defined contribution plans of Vesuvius USA Corporation. Each participating plan has an undivided interest in the Master Trust. The record keeper and trustee of the assets of the Master Trust is Fidelity.

The assets of the Master Trust are allocated to the Plan based on the number of units of interest of each investment option held in trust by the Master Trust for the Plan. See Note 3 for the net assets available for plan benefits of the Master Trust.

The income and expenses of the Master Trust are allocated to the Plan daily based on the number of units of interest of each investment option held in trust by the Master Trust for the Plan. For the years ended December 31, 2024 and 2023, the Plan's interest in the net investment income of the Master Trust averaged approximately 11.8% and 11.6%, respectively. Contributions and benefit distributions to Plan participants directly increase or decrease the assets of the Master Trust allocated to the Plan.

The net investment income allocated to the Plan for the years ended December 31, 2024 and 2023 was \$3,725,795 and \$3,945,126, respectively, as follows:

	2024	2023
Net appreciation in fair value of investments	\$ 2,017,058	\$ 3,081,911
Interest and dividends	1,708,737	863,215
Total	\$ 3,725,795	\$ 3,945,126

10. Transfers

During 2023, assets were transferred from the Plan to the Vesuvius Retirement Plan for Salaried Employees in the amount of \$293,418. During 2024, no assets were transferred from the Plan to the Vesuvius Retirement Plan for Salaried Employees.

11. Non-exempt transactions

During 2024, the Employer failed to remit participant contributions of \$57,310 and loan repayments of \$13,816 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. The Employer remitted all participant contributions and loan repayments due to the Plan during 2024. The Employer is currently working with its third-party administrator to calculate and remit any lost earnings associated with these late remittances.

During 2021, the Plan Administrator failed to remit participant contributions of \$23,353 and loan repayments of \$7,634 to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Administrator's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Plan Administrator. The principal was transmitted during the year ended December 31, 2021. Lost earnings were remitted during the 2022 Plan year. The Plan Administrator filed for relief under the Voluntary Fiduciary Correction Program (VFCP) and remitted additional lost earnings during 2024.

12. Subsequent Events

Effective January 1, 2025, the Plan adopted a provision of the SECURE Act 2.0, which allows certain eligible participants to make increased catch-up elective deferrals, referred to as "super catch-up" contributions. Under this provision, the maximum catch-up deferral amount for participants between the ages 60 and 63 increased from \$7,500 to \$11,250. Additional SECURE Act 2.0 provisions may also apply based on plan design and future regulatory guidance.

Management has evaluated subsequent events through October 8, 2025, which is the date these financial statements were available to be issued.
