INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Static Control Components, Inc. 401(k) Salary Reduction Plan
Sanford, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Static Control Components, Inc. 401(k) Salary Reduction Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA (“ERISA Section 103(a)(3)(C) audit”). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (“qualified institution”), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520. 103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution Empower Trust Company as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor’s Responsibilities for the Audits of the Financial Statements*** section of our report –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the ***Auditor’s Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we –

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matters –Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the December 31, 2023 Financial Statements

The 2023 financial statements of the Plan were audited by other auditors, and were subject to ERISA, as permitted by ERISA Section 103(a)(3)(C). Their report dated October 15, 2024, indicated their audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The assets held for investment were certified complete and accurate by the Trustee.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

A. DESCRIPTION OF PLAN

The following description of the Static Control Components, Inc. 401(k) Salary Reduction Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan’s provisions. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. The Plan uses Empower Trust Company, LLC (“Empower”) as the trustee and JP Morgan Investment Holdings, LLC (“JP Morgan”) as the record-keeper.

1. **General.** The Plan is a defined contribution Plan covering substantially all employees of Static Control Components, Inc. and Apex Semiconductors (USA) Company Limited (“the Employers”), who have ninety (90) days of eligible service and are age eighteen (18) or older. The Plan allows for quarterly entry into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

2. **Contributions.** Each year, participants may contribute up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan document. New participants are automatically enrolled in the Plan at 2% unless they elect to do otherwise. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan also provides for a discretionary Employer nonelective contribution and a discretionary Employer matching contribution. No discretionary Employer nonelective contributions were made to the Plan for the year ended December 31, 2024. During 2024, the employer matched 50% of the first 2% of participants’ deferrals, as defined by the Plan.

Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

3. **Participant Accounts.** Each participant’s account is credited with the participant’s contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

4. **Notes Receivable from Participants.** Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five (5) years except for the purchase of a primary residence. Participants are limited to one loan at any given time. The loans are secured by the balance in the participant’s vested account and bear reasonable interest rates based on prevailing interest rates. Principal and interest are paid through payroll deductions at least monthly for active employees and by personal check for participants on a leave of absence or who have been terminated.

5. **Payment of Benefits.** A participant’s account is distributed to him/her based on his/her election under the Plan if the participant has reached the normal retirement age of sixty-five (65), death, disability or termination of employment. The Plan allows for hardship distributions from participant deferral contributions only, and in-service withdrawals upon attainment of age fifty-nine and one-half (59.5) from all vested account balances. Distributions may be paid to qualified participants in a lump sum payment in the form of cash or a rollover to a qualified plan. Vested account balances below \$1,000 may be automatically paid to participants, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Employer.

A. DESCRIPTION OF PLAN *[cont'd]*

6. **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts, plus actual earnings thereon is based on years of continuous service. A year of service is defined as a Plan year in which 1,000 hours of service is performed.

Vesting of Employer contributions and earnings thereon is according to the following schedule.

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are 100% invested in Employer contributions upon death and disability.

7. **Forfeited accounts.** Forfeited non-vested amounts may be used to reduce future employer contributions or to pay expenses of the Plan. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$29,731 and \$25,090, respectively. During 2024, \$19,129 of forfeitures were used to reduce employer contributions.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment adviser and record-keeper. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B. SUMMARY OF ACCOUNTING POLICIES *[cont'd]*

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Excess Distributions Payable

Amounts payable to participants for distributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

C. CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution.

D. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three (3) levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held in the Plan are deemed to be actively traded.

Common/Collective Trust: Units held in the common/collective trust (“CCT”) are valued at the NAV. The NAV, as provided by Empower, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan holds units of the JP Morgan Chase Bank Stable Asset Income Fund, a direct filing entity. There are no unfunded commitments or trading restrictions related to this investment.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. FAIR VALUE MEASUREMENTS *[cont'd]*

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$16,050,832	\$ ---	\$ ---	\$ 16,050,832
Common/Collective Trust	---	---	---	418,595
Total investments at fair value	<u>\$16,050,832</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 16,469,427</u>

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 14,307,380	\$ ---	\$ ---	\$ 14,307,380
Common/Collective Trust	---	---	---	410,129
Total investments at fair value	<u>\$ 14,307,380</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 14,717,509</u>

E. RISKS AND UNCERTAINTIES

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

F. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

G. TAX STATUS

The Plan has received a favorable determination letter dated December 31, 2018, which indicated that the Plan is a tax-exempt plan under applicable provisions of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

As of December 31, 2024, management believes there are no uncertain tax positions.

As of December 31, 2024, and including the previous three (3) years considering extensions, the Plan's Form 5500 is open and subject to examination by tax authorities with relevant jurisdiction. Should such an examination take place, management does not anticipate any significant issues related to the open years.

Changes in excess distributions payable	<u>25,645</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 1,810,177</u>

I. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by JP Morgan. The Plan pays administrative fees to JP Morgan and an affiliated investment advisor. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also considered exempt party-in-interest transactions.
