INDEPENDENT AUDITORS' REPORT

To the Trustees
Window Solutions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Window Solutions 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter - Plan Merger

As described in Note 1 to the financial statements, in 2024, the plan sponsor approved merger of the plan into The Architect Retirement PEP. As a result, substantially all net assets of the plan were transferred into The Architect Retirement PEP in February 2025.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Window Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Window Solutions 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2024 through October 10, 2025, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Window Solutions, Inc. is the plan sponsor, employer and plan administrator. Mid Atlantic Trust Company ("Mid Atlantic") is the custodian that holds the plan's investment assets. MAP Retirement USA LLC ("MAP") is the plan's third party administrator that maintains plan documents, tax counsel that performs various compliance tests and record keeper that maintains plan and participant records. American Trust Retirement is used by MAP as a sub-service provider for the plan's recordkeeping. CliftonLarsonAllen Wealth Advisory, LLC ("CLA") is the plan's investment advisor. Two officers of the plan sponsor act as the plan's trustees.

Plan merger - During 2024, the plan sponsor approved the merger of the plan into The Architect Retirement PEP. As a result, substantially all net assets of the plan were transferred into The Architect Retirement PEP in February 2025.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold, and held during the years is reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following are descriptions of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset values ("NAVs") and are deemed to be actively traded.

Window Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

CliftonLarsonAllen Wealth Advisory portfolio funds ("portfolio funds") - The plan invests in various proprietary portfolio funds managed by CLA. The portfolio funds consist of underlying mutual fund investments as determined by CLA based on their proprietary portfolio asset allocation models. The portfolio funds are valued at the NAVs based on the units of the underlying mutual fund investments held in the portfolio funds. The NAVs are used as a practical expedient to estimate fair values. The NAVs are generally based on the fair values of the underlying investments held by the portfolio funds less their liabilities. The practical expedient would not be used if it is determined to be probable that the portfolio funds would sell the investments for amounts different than the reported NAVs.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$6,609,780	\$ -	\$ -	\$6,609,780
Investments in the fair value hierarchy	\$6,609,780	\$ -	\$ -	6,609,780
Investments measured at NAV (a)				2,921,203
Total investments at fair value				\$9,530,983

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,248,194	\$ -	\$ -	\$5,248,194
Investments in the fair value hierarchy	\$5,248,194	\$ -	\$ -	5,248,194
Investments measured at NAV (a)				3,535,656
Total investments at fair value				\$8,783,850

- (a) In accordance with GAAP, certain investments that are measured using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair values are measured using the NAVs as practical expedients. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

- (a) The objectives of these funds are to provide capital appreciation and/or income by investing in various equity and fixed income mutual funds in accordance with the asset allocation consistent with the risk and return of the portfolio fund selected.

Reclassifications - Certain reclassifications were made to the 2023 statement of changes in net assets available for benefits to conform to the 2024 presentation.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on January 1, 2016 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have completed 90 days of service. An employee is allowed to enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages, subject to certain limitations (elective deferral contributions). The plan also allows Roth elective deferral contributions. Employees that meet the eligibility requirements are automatically enrolled in the plan and have 3% of compensation withheld as elective deferral contributions. Such employees have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Participants may make rollover contributions to the plan from other qualified plans.
- c. Matching contributions may be made equal to a discretionary percentage of the employee's deferral contributions as determined by the employer's board of directors. The discretionary percentage was 100% of the first 3% of the employee's compensation contributed to the plan as elective deferral contributions in 2024 and 2023 which are made coinciding with each pay period. .
- d. Additional employer non-elective contributions may be made at the discretion of the employer's board of directors. There were no non-elective contributions in 2024 or 2023.

Notes to Financial Statements

December 31, 2024 and 2023

Participant accounts - Earnings, including the fair value appreciation or depreciation of investments, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions, rollover contributions and an allocation of the employer contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants began vesting in employer contributions and related earnings upon one year of service, at which time they are 25% vested. The participant then vests at a rate of 25% for each year thereafter. Upon death, disability or attainment of normal retirement age while still employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age while employed. Distributions can be made in the form of a single lump sum, installments or partial payments. In-service withdrawals are allowed after an employee reaches age 59 ½. Hardship withdrawals are permitted under certain circumstances.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. There were no forfeitures used to reduce employer contributions in 2024. Forfeitures used to reduce employer contributions were \$31,000 in 2023. Forfeitures used to pay plan expenses were \$25,000 in 2024. There were no forfeitures used to pay plan expenses in 2023. Unapplied forfeitures were \$123,000 and \$47,000 as of December 31, 2024 and 2023.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer and not included in these financial statements. Certain other administrative expenses are paid by the plan from plan assets and recorded as administrative expenses in these financial statements. Such expenses include participant directed charges for distribution processing fees and nonparticipant directed charges for administrative and investment management fees. Non-participant directed fees, not paid using forfeiture amounts, are generally allocated to the participants on an account value basis.

Notes receivable from participants - Loans to participants are not permitted under the plan.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in any unvested employer contributions and related earnings.

4. INCOME TAX STATUS

The plan adopted a CCH Incorporated non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2024 and 2023. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Mid Atlantic also provides certain administrative services to the plan pursuant to a services agreement between the plan sponsor and Mid Atlantic. Mid Atlantic receives revenue in the form of indirect compensation from mutual fund service providers for services it provides to the funds. This revenue is used to offset amounts that would otherwise be owed to Mid Atlantic by the plan for its administrative services to the plan.

CLA manages certain plan investments and also provides certain services to the plan, as further defined in Note 1. As such, any transactions between the plan and CLA qualify as party-interest transactions. Fees paid to CLA were \$28,000 in 2024 and \$25,000 in 2023. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. INFORMATION CERTIFIED BY MID ATLANTIC

Management has obtained certifications from Mid Atlantic, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2024 and 2023;
- b. Dividends from investments and net appreciation (depreciation) in fair values of investments during 2024 and 2023; and
- c. Contributions to, withdrawals from, purchases and sales of investments and interfund transfers between accounts during 2024 and 2023.
