We have audited the financial statements of JW Eye Associates, PA 401(k) Profit Sharing Plan and Trust (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2024, and we will issue our report thereon dated October 9, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated April 4, 2025. Professional standards also require that we communicate to you the following information related to our audit:

### Significant Audit Findings

#### *Qualitative Aspects of Accounting Practices*

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Plan management’s estimate of the fair value of investments held by the Plan and the related gain or loss is based on management’s review of valuation information provided by the custodian and the Plan’s investment advisor that is used as a basis for determining the investments’ fair value

Dallas | Fort Worth | Frisco | Southlake  
972-404-1010 | Fax: 972-404-1122 | E-mail: [hmpc@hmpc.com](mailto:hmpc@hmpc.com) | [www.hmpc.com](http://www.hmpc.com)

and related gain or loss. We evaluated the key factors and assumptions used to develop the estimate of the fair value of the Plan's investment assets in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of fair value measurements in Note 4 to the financial statements which describes the valuation methodologies used for investments measured at fair value.

The financial statement disclosures are neutral, consistent, and clear.

#### *Form 5500 Procedures*

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of plan management.

#### *Disagreements with Management*

For purposes of this letter, a disagreement with plan management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, which could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

#### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with plan management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### *Other Matters*

Our responsibility for the ERISA-required supplemental information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental information, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of administrative committee and plan management and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
JW Eye Associates, PA 401(k) Profit Sharing Plan & Trust

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JW Eye Associates, PA 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Plan Management for the Financial Statements**

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Other Matter - Supplemental Information Required by ERISA**

The supplemental information as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

1. DESCRIPTION OF PLAN

The following description of the JW Eye Associates, PA (the “Company”) 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company, who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offering and monitors investment performance. On January 7, 2024, the Company was acquired by Surgery Partners, Inc. Following the acquisition, Surgery Partners, Inc. management approved the merger of the Plan into the Surgery Partners, Inc. 401(k) Plan. See Note 12 for further discussion.

Plan Amendments

Effective February 1, 2023, RC Eye Associates, P.A. 401(k) Profit Sharing Plan was merged with the Plan. Under the Plan, participants from RC Eye Associates, P. A. 401(k) Profit Sharing Plan will have their previous service credited for purposes of eligibility, will be 100 percent vested on safe-harbor contributions, and will become 100 percent vested after three years of credited service on their discretionary nonelective contributions. The transfer of the Plan’s assets resulted in no tax gain or loss to either of the plans.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation and their contributions are invested in a designated fund until changed by the participant. The automatic enrollment percentage increases by one percent annually, not to exceed 10 percent. The Company contributes a match percentage equal to 25 percent of a participant’s deferral contribution limited to four percent of their eligible compensation. Additional non-elective contributions are discretionary and determined annually by the Company’s management. For the year ended December 31, 2024, the Company did not make any additional non-elective contributions. Contributions are subject to certain Internal Service Revenue (“IRS”) limitations.

Participant Accounts

Each participant's account is credited with the participant’s contributions and the Company’s matching contributions, as well as allocations of the Company’s non-elective contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.50 percent, which is commensurate with local prevailing rates as determined by plan management. Principal and interest are paid ratably through payroll deductions.

### Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant (or named beneficiary) whose vested balance is in excess of \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants whose vested balance is less than \$5,000 are subject to mandatory cash out provisions as defined by the plan document.

### Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts total \$2,380 and \$6,118, respectively. These accounts may be used to pay plan expenses and then to reduce future employer contributions. For the year ended December 31, 2024, employer contributions were reduced by \$16,200 from forfeited non-vested accounts.

## 2. SUMMARY OF ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee of the Plan determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

### Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding decrease to participant contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

### Payment of Benefits

Benefits are recorded when paid.

### Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments and in administrative expenses.

### Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
BROKERAGELINK	\$ 3,008,177	\$ 2,323,404
VANG TOT STK MKT ADM	\$ 2,991,407	\$ 2,113,656
VANG TARGET RET 2040	\$ 2,414,851	\$ 1,871,863
VANG TARGET RET 2035	**	\$ 1,890,911

\*\* Value does not represent ten percent or more of the Plan's net assets available for benefits as of the respective date.

### 3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company ("Fidelity"), the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2024 and 2023, and for the year ended December 31, 2024.

	<u>2024</u>	<u>2023</u>
Investments at fair value	<u>\$ 19,563,532</u>	<u>\$ 16,584,857</u>
Notes receivable from participants	<u>\$ 218,396</u>	<u>\$ 117,981</u>
Net appreciation in fair value of investments	<u>\$ 2,133,850</u>	
Dividends	<u>\$ 480,328</u>	
Interest income from notes receivable from participants	<u>\$ 11,701</u>	
Interest	<u>\$ 27,742</u>	

### 4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standard Board ("FASB") Accounting Standard Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued at the daily closing price reported in the active market on which the investment is traded.

Self-directed brokerage accounts: Accounts primarily consist of registered investment companies that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 16,521,076	\$ -	\$ -	\$ 16,521,076
Self-directed brokerage accounts	3,008,176	-	-	3,008,176
Interest bearing cash	34,280	-	-	34,280
Total	<u>\$ 19,563,532</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,563,532</u>

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,228,807	\$ -	\$ -	\$ 14,228,807
Self-directed brokerage accounts	2,323,404	-	-	2,323,404
Interest bearing cash	32,646	-	-	32,646
Total	<u>\$ 16,584,857</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,584,857</u>

## 5. SELF-DIRECTED BROKERAGE ACCOUNTS

The plan document allows participants of the plan to invest their retirement funds in self-directed brokerage accounts. The fair value of investments in self-directed brokerage accounts totals \$3,008,176 and \$2,323,404 as of December 31, 2024 and 2023, respectively. Net appreciation in fair value of the self-directed brokerage accounts totals \$401,341 for the year ended December 31, 2024, and is included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

## 6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan transactions and records are administered by Fidelity. Fidelity is the custodian, record keeper, and third-party administrator as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for custodial, recordkeeping and administrating services are included in both administrative expenses and net appreciation in fair value of investments.

Investment related services are provided by MMA Securities, LLC (“MMA”). MMA is the Plan’s investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for these services are included in administrative expenses.

## 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

## 8. TAX STATUS

Plan management adopted a prototype plan offered by Fidelity Management and Research Co. (“Fidelity Management”). The IRS has determined and informed Fidelity Management by a letter signed June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since Fidelity Management received the determination letter, plan management and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

## 10. OPERATIONAL ERROR

During the 2023 audit, it was determined that the 2023 true-up match contribution was not remitted to the Plan as a result of a certain operational error. Plan management believes it meets the eligibility requirements for self-correction under the IRS Employee Plans Compliance Resolution System’s Self-Correction Program. Plan management estimated the true-up match contribution to total \$9,500 and recorded a corresponding accrual which was reflected as an employer contribution receivable in the accompanying statements of net assets available for benefits as of December 31, 2023. Plan management funded this match contribution during the year ended December 31, 2024.

#### 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2024, and the increase in net assets per the financial statements to the net income per the Form 5500 for the year ended December 31, 2024:

	<u>2024</u>
Net assets available for benefits per financial statements	\$ 19,781,880
Deemed distributed loans	<u>(67)</u>
Net assets available for benefits per Form 5500	<u>\$ 19,781,813</u>
Net increase in net assets per financial statements	\$ 3,087,317
Deemed distributed loans	<u>(67)</u>
Net income per Form 5500	<u>\$ 3,087,250</u>

#### 12. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

On February 28, 2025, all assets of the Plan were transferred to the Surgery Partners, Inc. 401(k) Plan. The Plan was effectively terminated upon completion of the asset transfer.
