Independent Auditor's Report

To the Plan Administrator of
Innovation Associates 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Innovation Associates 401(k), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Innovation Associates 401(k)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator of
Innovation Associates 401(k)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

To the Plan Administrator of
Innovation Associates 401(k)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Innovation Associates 401(k)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovation Associates 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the Planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and

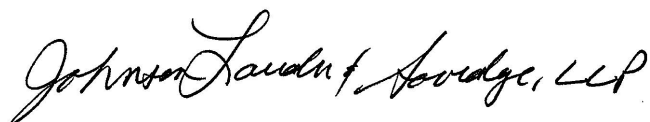

To the Plan Administrator of
Innovation Associates 401(k)

was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN

The following description of Innovation Associates 401(k) (the Plan) is provided for general purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Sponsor: iA, Inc.
Plan Name: Innovation Associates 401(k)
Plan No.: 001
Sponsor EIN: 16-1240697

General

The Plan is a defined contribution plan covering all full-time employees of the sponsor, iA, Inc. (the Company or Sponsor) who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan Sponsor and utilizes EPIC Retirement Plan Services as the record keeper and Charles Schwab Trust Bank as the trustee of the Plan's assets.

Eligibility

Employees are eligible to participate in the employee contribution 401(k) component of the Plan on the first of the month coinciding with or following their date of full-time employment. Furthermore, participants may receive employer contributions if they meet certain eligibility requirements as outlined below.

Contributions

Employees can defer their compensation (pre-tax or after tax) up to statutory amounts allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions as outlined by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. All full-time employees become eligible on the first of the month coinciding with or following the date of full-time employment or attainment of 1,000 hours.

The Sponsor will make tiered matching contributions throughout the year based on Plan compensation and participant deferral amounts each pay period. The Sponsor will match 50% of the employee's deferral up to a maximum deferral of 6% of Plan compensation during each payroll period. The maximum match for each pay period is 3% of Plan compensation.

INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Additionally, the Sponsor may make supplemental discretionary contributions each year. The same eligibility requirements apply for this employer contribution as well, with the added caveat that the employee must be employed at the end of the Plan year. This contribution is calculated and then allocated using a pro-rata formula for every participant and is subject to certain limitations. Supplemental discretionary contributions may be made, and the amounts are determined, at the option of the Sponsor's Board of Directors.

There were no supplemental discretionary contributions for either year ended December 31, 2024 or 2023. The funding policy of the Plan is to remit participant compensation deferrals, supplemental discretionary contributions, and loan payments withheld as soon as administratively feasible.

Participant Accounts and Investment Options

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings. Each participant's account is charged with allocations of Plan gains, losses, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are permitted to direct the investment of their contributions and all employer contributions and related earnings thereon. The Plan offers a variety of mutual funds and a common collective trust as investment options for all participants. If a participant does not elect a specific fund, their contributions will be allocated to a target retirement date fund.

Vesting

Participants are immediately vested in both their contributions and the matching employer contributions, plus actual earnings thereon. Any supplemental discretionary contributions are subject to a 6-year vesting schedule.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms typically range from 1 to 5 years. Longer terms are available for the purchase of a primary residence. Interest rates are comparable to similar loans available outside the Plan. Principal and interest is paid through weekly and bi-weekly payroll deductions.

INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Upon normal retirement, disability or death, or other means of termination of employment, the vested balance in the participant's account is paid to the participant or his or her beneficiaries as a lump-sum distribution. Withdrawals for hardship or attainment of age 59 ½ are permitted by the Plan, provided that the participant is still employed by the Sponsor at that time.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from elective deferral accounts. All hardship withdrawals must comply with specific Plan and Internal Revenue Service rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures

The Sponsor may use forfeited non-vested accounts to reduce future employer contributions or to pay administrative expenses. Forfeited balances were not significant at December 31, 2024 or 2023. Furthermore, forfeited balances used for contributions or expenses were not significant for either year ended December 31, 2024 or 2023.

Party-in-Interest

Charles Schwab Trust Bank, as trustee, holds the funds for the Plan and is responsible for managing the Plan's investment assets and executing all investment transactions. Certain investments of the Plan are managed by Charles Schwab Trust Bank and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions, as defined by ERISA. However, these transactions are specifically exempt from the Department of Labor's party-in-interest reporting requirements.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will be 100% vested in their accounts.

Cash and Cash Equivalents

The Plan considered all highly liquid instruments purchased with an original maturity date of three months or less to be considered cash equivalents. These instruments include money market funds the Plan is invested in, and they are valued at their cost which approximates fair value. Typically, cash is only held until certain receipts, such as contributions or rollovers can be properly allocated to the correct participant.

INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements, in accordance with U.S. GAAP, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, as well as disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments sold, as well as, held during the year.

Contributions

Participant contributions are recorded by the Plan when withheld from employees' paychecks. Employer contributions are recorded when earned by the participant.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Events Occurring After Reporting Date

The Plan has evaluated events and transactions that occurred between December 31, 2024 and October 13, 2025, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. No significant events or transactions were identified that would require adjustment to, or disclosure in, these financial statements.

INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative expenses (including legal, accounting and third-party administration) are paid by the Sponsor and excluded from these financial statements. Those costs were \$16,000 and \$15,000 for the years ended December 31, 2024 and 2023, respectively. Investment management fees and third-party administration fees are paid from the Plan's assets. Those costs were \$46,122 and \$47,861 for the years ended December 31, 2024 and 2023, respectively.

Certain administrative functions of the Plan are performed by officers or employees of the Sponsor. No such officers or employees receive compensation from the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: CONTRIBUTIONS RECEIVABLE

Occasionally, due to timing, true-up funding, or other reasons, there may be employee or employer contributions that are due to be received by the Plan but have not yet been received as the year end date. For both years ended December 31, 2024 and 2023, there were no such contributions, from employees, employer, or otherwise.

NOTE 4: FAIR VALUE MEASUREMENTS

The Plan utilizes the Charles Schwab Trust Bank to determine its securities' fair values. The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, that is, other than a forced liquidation sale. Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures (ASC 820), enables the reader of the financial statements to assess the inputs used to develop fair value measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. ASC 820 requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

- Level 1: Observable inputs based on quoted market prices for identical assets or liabilities within active markets.
- Level 2: Observable inputs other than Level 1 that are based on quoted market prices for similar assets or liabilities, based upon quoted prices within active markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

- Level 3: Unobservable inputs for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan administrator assesses the fair value methodologies applied by the trustee. The Plan administrator, together with the trustee, determines if the current valuation techniques used in the fair value measurement are appropriate.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023, respectively:

2024	Level 1	Level 2	Level 3	
Investment Category	Inputs	Inputs	Inputs	Total
Mutual funds	<u>\$26,093,979</u>	<u>\$ -</u>	<u>\$ -</u>	\$26,093,979
Common collective trust at net asset value				776,107
Total investments at fair value				<u>\$26,870,086</u>
2023	Level 1	Level 2	Level 3	
Investment Category	Inputs	Inputs	Inputs	Total
Mutual funds	<u>\$19,881,745</u>	<u>\$ -</u>	<u>\$ -</u>	\$19,881,745
Common collective trust at net asset value				777,548
Total investments at fair value				<u>\$20,659,293</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and the size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no such significant transfers between levels.

INNOVATION ASSOCIATES 401(K)
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective investment trust: Federated Capital Preservation Fund is valued at the net assets value (NAV) of the units held by the Plan at year end. The NAV, as provided by trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of the underlying investments is to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments.

Federated Investors Trust Company provides the following disclosure information:

- There were no unfunded commitments on the Federated Investors Trust Company comingled pools as of December 31, 2024 and 2023.
- Participant level transactions (like a withdrawal) take place daily and typically the liquidation would be requested on one day and processed the next business day.
- Plan level liquidations (like a deconversion to another recordkeeper) require notice to Federated Investor Trust Company and could result in the Plan's investment in the common collective trust being placed into an investment only account for up to 12 months.
- The fund files a Form 5500 as a direct filing entity with the Department of Labor.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INNOVATION ASSOCIATES 401(K)

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 5: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee as complete and accurate, except for comparing such information certified by the trustee to the information included in the Plan's financial statements and supplemental schedule.

The assets and changes in net assets of the Plan which has been certified by Charles Schwab Trust Bank are summarized as follows:

	2024	2023
Net assets:		
Common collective investment trust, at fair value	\$ 776,107	\$ 777,548
Mutual funds, at fair value	26,093,979	19,881,745
Notes receivable from participant	<u>437,156</u>	<u>185,586</u>
Total	<u>\$ 27,307,242</u>	<u>\$ 20,844,879</u>
Changes in net assets:		
Interest and dividends from investments	\$ 762,738	\$ 436,139
Net appreciation (depreciation) in fair value of investments	<u>3,151,650</u>	<u>2,797,898</u>
Total	<u>\$ 3,914,388</u>	<u>\$ 3,234,037</u>

The above investment information disclosed in the accompanying financial statements, including investments held at December 31, 2024 and 2023 and the Plan's net investment income for the years then ended was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee, Charles Schwab Trust Bank.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

INNOVATION ASSOCIATES 401(K)

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 7: TERMINATED PARTICIPANT INFORMATION

The value of terminated participant accounts at December 31, 2024 and 2023 was \$4,812,433 and \$2,407,590, respectively. The Plan allows the Sponsor to issue mandatory cash-outs for any terminated participant vested account balance under \$1,000.

NOTE 8: EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Plan were recorded as a liability and shown on the net assets available for benefits, with a corresponding distribution shown on the changes in net assets available for benefits. The amounts recorded were \$0 and \$179 for the years ended December 31, 2024 and 2023, respectively. The amounts were distributed subsequent to year end, but prior to the issuance of these financial statements.

NOTE 9: RELATED PARTIES

The trustees, administrators, and employees of the Plan, the officers of the Sponsor, and relatives of these various individuals are included in a category referred to as "parties-in-interest" (PII). Service providers to the Plan, as well as participants who obtain loans from the Plan, are considered PII.

NOTE 10: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated February 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving that advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provisions for income taxes have been included in the Plan's financial statements.
