Independent Auditor's Report

To the Board of Trustees
Rayser Holdings, Inc. Employee Stock Ownership Plan
Cedar Rapids, Iowa

Opinion

We have audited the accompanying financial statements of Rayser Holdings, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rayser Holdings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rayser Holdings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rayser Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent Auditor's Report

Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Rayser Holdings, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rayser Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Item 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the single year Supplemental Schedule audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Rayser Holdings, Inc. Employee Stock Ownership Plan

Notes to the Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following brief description of the Rayser Holdings, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

Rayser Holdings, Inc. (the "Company") established the Plan effective January 15, 2004. The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975 (e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Rayser Holdings, Inc. with oversight from Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the Trustee). The stock certificates are held by an independent third party.

The Plan purchased shares of the Company's common stock using the proceeds of notes payable to the Company and its eight former stockholders. In 2021, the Company refinanced between the Plan and the Trust (Note 4) the notes payable with the former stockholders into one consolidated note payable. As the Plan makes each payment, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The unallocated shares of Company stock collateralize the borrowings. The lenders have no rights against the shares once they are allocated under the ESOP. Accordingly, the accompanying financial statements present separately the assets and liabilities and changes therein pertaining to a) the accounts of employees with rights in allocated stock (allocated) and b) stock not yet allocated to employees (unallocated). Shares are released from collateral and become allocated generally in the period in which debt service is actually paid in cash.

Eligibility

Substantially all employees who have reached 18 years of age and are scheduled to work at least 500 hours during the Plan year are eligible to participate in the Plan. Only employees who are actively employed on the last day of the Plan year are eligible to share in the discretionary Company contribution, as well as those employees whose termination prior to year-end was due to retirement, death, or disability. Previous to January 1, 2018, employees of the Company who were age 21 and over were eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during the Plan year.

Contributions

Company contributions are discretionary; however, each year the Company must contribute, at a minimum, an amount at least equal to the principal and interest payments on the notes payable.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Company contributions are allocated to each participant's account based upon the relation of the participant's compensation to total eligible compensation for the Plan year.

As of each valuation date, before allocation of Company contributions for the entire Plan year and after allocation of forfeitures, if any, earnings or losses (net appreciation or depreciation) of the trust fund are allocated to each participant's account in the same proportion that the participant's nonsegregated accounts (other than each participant's Company stock account) bears to the total of all participants' nonsegregated accounts (other than each participant's Company stock account) as of such date.

Rayser Holdings, Inc. Employee Stock Ownership Plan

Notes to the Financial Statements

December 31, 2024 and 2023

1. Description of Plan (Continued)

Participant Accounts (Continued)

Company stock acquired by the Plan with the proceeds of an exempt loan shall only be allocated to each participant's Company stock account upon release from the unallocated Company stock suspense account. Dividends or "S corporation distributions" received with respect to shares in the unallocated Company stock suspense account shall be allocated to each participant based upon the proportion that each participant's compensation for the Plan year bears to the total of all participants' compensation for the Plan year. Such dividend or other income may, at the discretion of the Company, be used to repay an exempt loan.

Vesting

Benefits are fully vested if a participant terminates under normal retirement, death, or disability. If a participant's employment with the Company ends for any other reason, the account will vest 20% after the second year of qualifying service, and vesting will increase at the rate of 20% per year thereafter until fully vested after six years of qualifying service.

Forfeited Accounts

Forfeitures may be made available to reinstate previously forfeited balances of former participants, if any, or may be used to satisfy any required contribution due or may be used to pay Plan administrative expenses. Any remaining forfeitures shall be allocated each year among the participants in the same proportion that each participant's eligible compensation for the year bears to the total eligible compensation of all participants for the year. Forfeitures allocated to participants totaled approximately \$99,000 and \$144,000 for the years ended December 31, 2024 and 2023, respectively.

Distributions

No distributions from the Plan will be made until a participant retires, dies, or otherwise terminates employment with the Company (except for diversifications). Distributions will be in a lump sum or installments over a certain period. The period over which such installment payments are to be made shall not extend beyond the earlier of the participant's life expectancy or five years. Plan provisions provide to pay out all vested account balances under \$7,000 for terminated participants even when a distribution election form is not completed. Distributions of a participant's benefit may be made in cash or Company stock, except as restricted in the Company charter/by-laws or by the administrator. The Company's charter/by-laws restrict the ownership of Company stock to participants or a qualified pension, profit sharing, or stock bonus trust. Because the Company is an S corporation, the administrator may distribute a participant's account entirely in cash without granting the participant the right to demand distribution in shares of Company stock or may subject a distribution in shares of Company stock to an immediate, mandated put to the Company or ESOP.

Diversification

Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company stock into investments, which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account if it exceeds \$500. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will receive a cash distribution or have the ability to roll over funds into a qualified defined contribution plan maintained by the Company.

Administrative Expenses

Substantially all administrative expenses, including audit, trust, and recordkeeping fees, are paid by the Company. Investment transaction fees are paid by the Plan.

Rayser Holdings, Inc. Employee Stock Ownership Plan

Notes to the Financial Statements

December 31, 2024 and 2023

1. Description of Plan (Continued)

Plan Termination

The Plan has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. Additionally, the Plan has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, assets of the Plan will continue to be used to provide benefits until no assets remain in the Plan.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights

The Trustee shall vote all Company stock held by it as part of the Plan assets, provided, however, that if any agreement entered into by the trust provides for voting of any shares of Company stock pledged as security for any obligation of the Plan, then such shares of Company stock shall be voted in accordance with such agreement. If the Trustee does not timely receive voting directions from a participant or beneficiary with respect to any Company stock allocated to that participant's or beneficiary's Company stock account, the Trustee shall vote such Company stock. Each participant is entitled to direct the Trustee as to the manner in which voting rights on shares of Company stock, which are allocated to his or her account, are to be exercised with respect to certain corporate matters, which involves the voting of such shares.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under GAAP.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates include the valuation of the Rayser Holdings, Inc. common stock. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan's investments consist of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in common stock and to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation

The investment in Rayser Holdings, Inc. (employer stock) is stated at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Net appreciation (depreciation) in the fair value of investment in employer stock is based on a valuation of the Company's stock. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

Income Recognition

The Plan recognizes contributions as they are declared by the Company. Investment gains and losses are recognized when investments are sold and upon changes in the unrealized appreciation or depreciation of investments held. Distributions of benefits are recorded when paid. Annual audit of the Plan and fees for appraisal of the Company's stock are paid by the Company. Administrative expenses related to participant distributions are paid by the Plan, whereas other administrative fees are paid by the Company.

Payment of Benefits

Benefit payments are recorded when paid.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the FASB fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2024 and 2023:

- The fair value of the Rayser Holdings, Inc. common stock was determined by an independent third-party appraisal. Methods for the valuation included discounted cash-flow, guideline public company, acquisition market data, and adjusted net asset methods.

The methods described above include significant estimates and may produce a fair value calculation which may change in the near term and which may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. Summary of Significant Accounting Policies (Continued)

Recently Issued Regulations

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reform that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 became effective in 2024. The Plan Administrator has determined which provisions of SECURE 2.0 applied to the Plan.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 13, 2025, the date which the financial statements were available to be issued.

3. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Rayser Holdings, Inc. common stock	\$ 25,455,920	\$ -	\$ -	\$ 25,455,920
Totals	\$ 25,455,920	\$ -	\$ -	\$ 25,455,920

December 31, 2023	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Rayser Holdings, Inc. common stock	\$ 19,286,661	\$ -	\$ -	\$ 19,286,661
Totals	\$ 19,286,661	\$ -	\$ -	\$ 19,286,661

The table below sets forth a summary of changes in fair value of the Plan's level 3 assets for the years ended December 31:

	2024	2023
Balance at beginning of year	\$ 19,286,661	\$ 16,523,474
Unrealized appreciation of investments	6,169,259	2,763,187

Notes to the Financial Statements

December 31, 2024 and 2023

4. Notes Payable

The Plan had a note payable to the Company with a balance of approximately \$305,000. The note was due in annual installments through 2033. The Plan prepaid a portion of the principal and made interest only payments through 2016, with regularly scheduled principal and interest payments starting in 2017. Interest on the note is subject to adjustment every five years based on the prime interest rate plus 1.5%.

During 2021, the note payable between the Company and the Plan along with the notes payable with former stockholders of the Company were amended and refinanced into one consolidated note payable between the Plan and the Trust. As a result, there is one note between the Company and the Trust. The refinanced note requires 40 annual payments of approximately \$95,000, which includes interest at 1.86%, and commenced on December 31, 2021. The note matures on December 31, 2060. The balance of the note was approximately \$2,478,000 and \$2,526,000 at December 31, 2024 and 2023, respectively. Unallocated shares of the Company stock collateralize the note.

Scheduled maturities and payments of these notes are as follows at December 31, 2024:

Years ending:	
2025	\$ 48,974
2026	49,885
2027	50,813
2028	51,639
2029	52,718
After 2029	2,223,981
Total	\$ 2,478,010

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan and trust are operating in a manner that did not jeopardize this tax status.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related-party and party-in-interest transactions. The Plan also has a number of service providers, and such providers are parties-in-interest under ERISA.
