## Independent Auditor's Report

To the Administrative Committee of  
Onin Holdings, Inc. Employee Stock Ownership Plan  
Birmingham, Alabama

### **Opinion**

We have audited the accompanying financial statements of Onin Holdings, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for plan benefits of the Plan as of December 31, 2024 and 2023 and the changes in its net assets available for plan benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter**

#### Common Stock Valuation

As discussed in Notes 4 and 6, investments in Onin Holdings, Inc.'s common stock in the amount of \$40,740,840 (\$431.12 per share) as of December 31, 2024, has been valued by an independent appraisal firm which was retained by Onin Holdings, Inc. in the absence of readily ascertainable market values. We have reviewed the procedures used by the independent appraisal firm in arriving at its estimate of values of such securities and, in the circumstances, we believe the procedures are reasonable. However, because of the inherent uncertainty of the valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTE 1 - DESCRIPTION OF THE PLAN**

The following description of the Onin Holdings, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

***General***

Onin Holdings, Inc. (the "Company") established the Plan effective January 1, 2023. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7), and the regulations the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC" or the Code"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the ESOP Committee of the Plan. The GreatBanc Trust Company is the independent third-party Plan trustee.

In 2023, the Plan purchased 94,500 shares of the Company's common stock, on a note, at \$529.30 per share, from parties-in-interest selling their shares to the Company. The note is to be repaid over 35 years. As the Plan makes each payment of principal, an appropriate percentage of stock is be allocated to eligible employees' accounts in accordance with applicable regulations under the code and the Plan documents. As of December 31, 2024 there was 89,100 shares of common stock remaining to be allocated to employees.

***Eligibility***

Corporate employees are eligible to participate in the Plan if they have completed 1 year of service and are 18 years of age. Any participant who terminates employment but is reemployed by the Company before 1 year has elapsed from their termination date shall continue to participate in the Plan in the same manner as if such termination had not occurred effective as of the date of re-employment. Employees who are covered under a collective bargaining agreement, non-resident aliens, highly-compensated employees, and non-corporate employees are not eligible to participate. Predecessor employer service credit is granted to employees of any other staffing company purchased by the Company.

***Entry Date***

An eligible employee shall become a participant effective as of the earlier of the first day of the Plan year or the first day of the seventh month of such Plan year coinciding with or next following the date such employee met the eligibility requirements.

***Contributions***

Contributions to the Plan are made by the Company at the discretion of the Company. The contributions are allocated according to the pro rata share of each participant's compensation to total eligible compensation. Participants must meet eligibility requirements to receive an allocation of the contributions. Discretionary contributions of \$2,666,815 were made by the Company during the years ended December 31, 2024 and 2023, respectively.

The Plan holds 12.6% ownership interest in the Company. When the Company sells property or receives a tax distribution, the Plan is allocated a corresponding contribution based on its proportional ownership percentage.

***Voting Rights***

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the trustee prior to the time that such rights are to be exercised. The Trustee is required to follow the participant's instructions received to the extent required by regulations. The Trustee is permitted to vote any allocated shares for which participants did not provide instructions and any unallocated shares of Company stock at its discretion subject to its fiduciary duties under ERISA.

***Vesting***

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balance in their account based on total years of service with the Company. Effective January 1, 2023, the Plan adopted the following three-year graded vesting schedule.

Vesting Schedule	
Employer Discretionary Contributions	
<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3	100%

***Payment of Benefits***

Upon retirement, death, disability, or termination a participant is eligible to receive distributions of the vested portion of the terminated participant's account. Participants who are terminated due to death or disability become 100% vested in the Plan. Distributions which exceed the lump sum amount, as described in the Plan document, will be distributed over a five-year period in equal installments beginning the next plan year after termination.

***Forfeitures***

Forfeited non-vested accounts of terminated participants are allocated in the year they are forfeited. Forfeiture balances are used in the following order: (1) to reinstate previously forfeited accounts of former participants; (2) to satisfy any contributions to unknown participants and beneficiaries; (3) to pay any administrative expense of the Plan, and (4) to satisfy any other Company contributions. \$307,477 and \$0 of forfeitures were used during the years ended December 31, 2024 and 2023, respectively.

***Put Option***

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand the Company buy any shares of its stock distributed to participants for which there was no market. The put price is representative of the current appraised value of the stock. The Company could pay for the purchase with interest over a period of five year. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

***Diversification***

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock to investments that are more diversified.

Participants that have attained age 55 and completed at least 10 years of participation in the Plan can elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, participants can diversify up to 25% of their allocated shares, less any shares previously diversified. In the sixth year, the percentage can change up to 50%.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Presentation***

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

***Allocation***

The financial statements of the Plan present separately the assets and liability and changes therein pertaining to (a) the accounts of employees with right in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

***Revenue and Expense Recognition***

Employer contributions are recorded in the Plan year to which they apply. Shares of the Company's common stock received by the Plan, in satisfaction of the Company's contribution, are recorded at the estimated fair value based on the most recent appraisal valuation.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis, and unrealized gains and losses are based on the fair value, or estimated fair value, at the end of the reporting period. Benefit payments are recorded when paid.

***Administrative Expenses***

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. The Company has the intention to pay the operating expenses of the Plan.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Subsequent Events***

The Company has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available for issuance, and noted no events which require adjustments to, or disclosure in the 2024 financial statements.

**NOTE 3 - TAX STATUS**

The Internal Revenue Service had determined and informed the Company by letter dated February 10, 2025 that the Plan is qualified, and the Trust established under the Plan is tax-exempt under Sections 401(a) and 4975(e)(7) of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Generally, the Plan's tax returns remain open for three years for federal and state income tax examinations.

**NOTE 4 - FAIR VALUE MEASUREMENTS**

Accounting standards framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are describe below.

- Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in an active market that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
  - o Quoted prices for similar assets or liabilities in active markets;
  - o Quoted prices for similar assets or liabilities in inactive markets;
  - o Inputs other than quoted prices that are observable for the asset or liability;
  - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are both unobservable and significant to the overall fair value measurement.

**NOTE 4 - FAIR VALUE MEASUREMENTS**

Fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Onin Holdings, Inc. Common Stock:** The Company’s common stock has been valued at an estimated fair value as determined by an independent appraiser as of December 31, 2024. The Company’s stock is not available for purchase in public markets. Accordingly, an independent appraisal was conducted taking into consideration historical financial data, current business operations, future prospect for the Company, projected and cash flows and other factors pertinent to the valuation of investments.

**Money Market:** Valued at a carrying value, which approximates fair value, based on the amount of net contributions plus any investment earnings allocated to the account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investment in Onin Holdings, Inc.				
Common stock	\$ -	\$ -	\$ 40,740,840	\$ 40,740,840
Money market	1,571,672	-	-	1,571,672
Total	<u>\$ 1,571,672</u>	<u>\$ -</u>	<u>\$ 40,740,840</u>	<u>\$ 42,312,512</u>

**NOTE 5 - ADMINISTRATION OF PLAN ASSETS**

The custodian of the Plan, GreatBanc Trust Company, holds the plan’s assets. Company contributions are held by the custodian and managed by the plan administrator, Principal Financial Group, which invests cash received and interest and dividend income, and makes distributions to participants. All of the administration and distribution of Plan assets is at the discretion of the ESOP committee.

Officers and employees of the Company or its subsidiaries, most of which constitute the ESOP committee of the Plan, perform certain administrative functions. No such officer or employee receives compensation from the Plan.

**NOTE 6 - INVESTMENTS**

The Plan's investments are held by the custodian. The Plans investments as of December 31, 2024 are present in the following table:

	<u>Allocated</u>	<u>Unallocated</u>
Number of shares	5,400	89,100
Cost	\$ 2,858,220	\$ 47,160,630
Estimated fair value	\$ 2,328,048	\$ 38,412,792
Money market	\$ 1,571,672	\$ -

The Plan's investment in common stock of the Company at December 31, 2024 is present in the following table:

Year Note Payable Originated	<u>Unallocated Company Common Shares Activity</u>			
	<u>Balance as of January 1</u>	<u>Unallocated Shares Acquired</u>	<u>Shares Allocated</u>	<u>Balance as of December 31</u>
2024	<u>91,800</u>	<u>-</u>	<u>(2,700)</u>	<u>89,100</u>

**NOTE 7 - NOTE PAYABLE**

Company stock acquired by the Plan throughout the year as a result of participant distributions are either contributed back to the Plan as allocated shares to participants or sold as unallocated shares to the Plan near the end of each year as all Company stock is to be owned by the Plan. For shares sold to the Plan, the Plan enters into a term loan with the Company to acquire the stock which is considered unallocated stock and serves as collateral for the loan. Shares are released from collateral and allocated to participants as payment of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future year's principal and interest payments.

During 2023 the Plan acquired 94,500 shares of the Company's common stock with a note bearing interest at 4.19%, requiring yearly payments of \$2,666,815, maturing in December 2057.

Future maturities of the note payable at December 31, 2024, are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2025	\$ 688,230
2026	717,067
2027	747,112
