Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the VetCor 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VETCOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the VetCor 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by VetCor Management LLC (formerly VetCor Professional Practices LLC) and its subsidiaries and affiliates d/b/a VetCor (the "Company" or "Employer"). The Plan was amended and restated effective February 6, 2017 and is subject to applicable provisions of the Internal Revenue Code ("IRC"). The Plan covers all eligible employees of the Company who have attained 21 years of age and completed a 90-day probationary period, except nonresident aliens with no U.S. source income, leased employees and collectively bargained employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

Participant Contributions

Participants may make tax deferred contributions up to an annual maximum of 90% of their Plan compensation, as defined in the Plan agreement, or up to the applicable Internal Revenue Service ("IRS") limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. An active participant may, at the discretion of the Plan administrator, contribute to the Plan distributions from other qualified plans or individual retirement accounts, if the contributions satisfy the tax law requirements for a qualified rollover ("Participant Rollovers").

Employer Matching Contributions

Each year, the Employer will make a matching contribution equal to 50% of a participant's salary deferrals up to a maximum of the first 6% of Plan compensation. In no event will the Employer's total match for a participant be in excess of 3% of the participant's Plan compensation. A participant must work 1,000 hours during the Plan year and be employed on the last day of the Plan year unless separated due to death, retirement or total disability, in order to be eligible to share in the Employer matching contribution.

VETCOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings/losses, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings/losses thereon. Participants vest in the Employer matching contributions at a rate of 20% per year of employment and are fully vested after 5 years, unless separated from the Employer due to death, total disability or attainment of normal retirement age.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earlier of the end of five consecutive one-year breaks in service or if the participant receives a complete distribution of their vested accounts. Forfeited amounts are used to offset a portion of future Employer matching contributions and administrative expenses of the Plan. During 2024, \$20,427 was used to pay administrative expenses. At December 31, 2024 and 2023, forfeited non-vested account balances totaled \$322,401 and \$121,002, respectively. \$412,469 of forfeitures were used to reduce the 2024 plan year contribution funded in 2025.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance at an interest rate based on prime rate plus two percentage points. Loan terms range from one to five years (or longer for the purchase of a primary residence). Participants are allowed only one loan outstanding at any given time. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

In-service withdrawals from a participant's vested account are permitted only due to financial hardship or upon reaching age 59½. The amount of hardship distributions cannot exceed the amount to meet the immediate financial hardship. Upon termination of service, if a participant's account balance is greater than \$1,000, then the participant may elect to receive a lump-sum amount equal to the value of his or her account. If a former participant's vested account is less than \$1,000, the Plan administrator, after notification, may distribute his or her entire non-forfeited account balance to the former participant in the form of a lump-sum distribution. If a former participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

VETCOR 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

VETCOR 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the Statement of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued. No significant matters were identified for disclosure in the evaluation.

Note 3 - Information Certified by the Trustee and Custodian

Plan investments are held by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). Fidelity has certified to the fair value of all investments as of December 31, 2024 and 2023 and all investment transactions for the year ended December 31, 2024. Investment transactions include interest and dividend income and net appreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year) and notes receivable from participants have also been derived from information certified by Fidelity. Participants in the Plan may direct contributions to any of the investment options noted above.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs other than quoted prices within Level I that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

VETCOR 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds

The Plan has Common Collective Trust Funds that are composed primarily of indirect fully benefit-responsive investment contracts and are valued at the NAV of units of the bank collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value for all the common collective trusts. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. The practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(b) Fair value of the investment in the common collective trusts has been estimated using the NAV of the investment. The common collective trusts listed in the above chart can be redeemed for benefit payments and participant transfers to a noncompeting option on a daily basis. Withdrawals, other than for benefit payments, require advance written notice.

Note 6 - Fully Benefit-Responsive Investment Contract

Following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

Lincoln Stable Value Account

The Lincoln Stable Value Account is a guaranteed investment contract and provides a guarantee of principal and a guaranteed minimum rate of interest. Fair value is based on discounted cash flows. The Lincoln Stable Value Account has crediting rates based on an external index that are backed by the general account of the issuing company. The contract value is defined as the value of the contract owner account. It is the sum of contributions plus interest credited, less withdrawals. The crediting interest rate is based on a formula agreed upon with the issuer.

Note 6 - Fully Benefit-Responsive Investment Contract (Continued)

Lincoln Stable Value Account (Continued)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. For the years ended December 31, 2024 and 2023, the crediting interest rate was 2.05% and 1.85%, respectively. The average yield was 2% for the year ended December 31, 2024.

Participant-initiated periodic elective withdrawals may be limited to a percentage of the Stable Value Account assets or subject to the 90-day equity wash provision. The standard provision for a 90-day wash means that there are no transfers allowed to a competing fund. Any other transfers to noncompeting funds must remain in the noncompeting fund for 90 days before being subsequently transferred to the competing fund.

The Plan's ability to receive amounts due is dependent on Lincoln's ability to meet its financial obligations. Lincoln's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The stable value account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following are the contract values of the Plan's fully benefit-responsive investment contract at December 31:

Notes to Financial Statements

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 9 - Excess Contributions Refundable

At December 31, 2024 and 2023, the Plan had a liability of \$2,196,569 and \$1,925,784, respectively, which represented the return of excess contributions required to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions were returned to participants by March 12, 2025 and February 3, 2024, respectively.

Note 10 - Tax Status

The trust established by the Plan to hold the Plan's assets qualifies as tax-exempt under Internal Revenue Code ("IRC") Section 401(a). The Plan has adopted the Fidelity Volume Submitter Profit Sharing Plan with CODA ("Cash or Deferred Arrangement"). The Plan document received a favorable opinion letter from the IRS on June 30, 2020, stating that the Plan and related trust, as designed, were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 - Related-Party Transactions and Exempt Party-In-Interest Transactions

Certain Plan investments include a guaranteed investment account and mutual funds managed by the following the Plan's custodian, Fidelity. Fidelity Management Trust Company is the trustee and a custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are paid through revenue sharing and direct payment. For the year ended December 31, 2024, fees paid to Fidelity totaled \$422,819. The Plan received revenue credits of \$10,177 from Fidelity and used the entire amount to pay Plan expenses. The revenue credits are reported as other income on the Statement of Changes in Net Assets Available for Benefits. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 12 - Reconciliation of Financial Statements to Form 5500

The accompanying Statements of Net Assets Available for Benefits, Statement of Changes in Net Assets Available for Benefits and the supplemental information have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third-party administrator. Although the net assets agree in total, certain items have been classified differently.

Note 13 - Delinquent Participant Contributions

Under U.S. Department of Labor Regulation Section 2510.3-102, 403(b) Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible. When this regulation is not satisfied, the Plan Sponsor has engaged in a prohibited transaction. During the years ended December 31, 2024 and 2023, contributions of \$24 and \$4,269, respectively, were not remitted to the Plan within the required time period. The Employer corrected the 2023 plan year contributions, including lost earnings, during the year ended December 31, 2024. The Employer will be making corrections on the 2024 plan year contributions, including lost earnings, to all affected participants in 2025.
