Independent Auditor's Report

To the Trustees and Participants of
Northwest Financial Associations' Employee Benefit Plan:

Opinion

We have audited the accompanying financial statements of Northwest Financial Associations' Employee Benefit Plan, which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Northwest Financial Associations' Employee Benefit Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northwest Financial Associations' Employee Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northwest Financial Associations' Employee Benefit Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northwest Financial Associations' Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northwest Financial Associations' Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j - Reportable Transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Northwest Financial Associations' Employee Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Northwest Financial Associations' Employee Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Northwest Financial Associations' Employee Benefit Plan (the "Plan") was established on September 17, 2001, under an agreement and declaration of trust to provide welfare benefits for eligible employees and their dependents. Participants covered under the Plan include employees of employers that have executed a participation agreement with the Plan. Participating employers engage in financial services including banks, trust companies, credit unions, finance companies, savings and loan associations, and similar organizations. The Plan qualifies as a multiple-employer welfare arrangement ("MEWA").

The current Plan provides life insurance, accidental death and dismemberment, hospital, medical, surgical, major medical, legal, dental, vision, prescription drug and other voluntary benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participating employers set the eligibility requirements and benefit options for their employees within parameters established by the Plan. Participants should refer to the summary Plan description for more complete information.

Delta Dental and Oregon Dental Service provide dental benefits under "experience-rated" contracts. Premium payments that exceed claims experience during the time periods established in the contracts are held in reserves on behalf of the Plan to offset future "negative" claims experience or to be refunded to the Plan upon termination of the contracts.

Continuation of health care benefits to participants who would otherwise lose those benefits due to certain events, as mandated by the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), normally applies to all employers employing 20 or more employees during a calendar year. It is each participating employer's responsibility to determine whether they need to comply with COBRA.

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash

Cash consists of monies held in demand-deposit checking and savings accounts.

Contributions Receivable

Contributions due and not paid prior to year-end are recorded as contributions receivable. Management has evaluated contributions receivable and believes all amounts are fully collectible. Therefore, an estimate for current expected credit losses is not provided.

Northwest Financial Associations' Employee Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

Deferred Employer Contributions

Deferred employer contributions represent contributions received prior to year-end that relate to the subsequent month.

Reserve Held by Insurance Carriers

Insurance contracts may allow the insurance company to hold a premium surplus in reserve to be applied against future experience-rating deficits or used to reduce future premium payments. The insurance reserves are recorded as assets of the Plan until such amounts are applied against experience-rating reserves or premiums.

Benefit Obligations

Premium's payable are estimated based on participant eligibility earned as a result of work performed by participants through December 31 and paid by the Plan subsequent to year-end. The Plan has no obligation to provide benefits to retirees; therefore, post-retirement benefit obligations are not recorded on the financial statements.

Subsequent Events

In preparing these financial statements, management of the Fund has evaluated subsequent events and transactions that occurred after December 31, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 10, 2025, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Certificates of Deposit: Certificate of Deposit Account Registry Service ("CDARS") are carried at cost plus accrued interest which approximates fair value. (Level 2)

As of December 31, 2024, the Plan's investments consisted of \$2,360,048 in Certificates of Deposit valued at Level 2. The Plan did not hold any investments as of December 31, 2023.

Northwest Financial Associations' Employee Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

4. Priorities Upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy, or make provisions to satisfy, the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for, or diverted to, purposes other than the exclusive benefit of the participants.

5. Tax Status

The Plan obtained a favorable tax-exemption letter, dated February 20, 2009, in which the Internal Revenue Service stated that the Plan is exempt from federal income taxes under Section 501(c)(9). The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statements date.

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Funding Policy

The Plan is financed by employer and participant contributions and from participants electing COBRA coverage. The monthly contribution rate, including the rate for COBRA coverage, is determined by the coverage type selected by the employer in their participation agreement. Participant contributions include contributions that are being deducted from participant wages when the employer contribution rate is less than 100% of the monthly contribution rate and COBRA contributions.

7. Concentrations of Credit Risk

The Plan invests in CDARS. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan maintains two accounts at one financial institution, which are insured by the Federal Deposit Insurance Corporation ("FDIC"). At times, the Plan's cash at the financial institution may exceed the FDIC limit.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to or for participants per the financial statements to the Form 5500 for the year ended December 31, 2024:

Benefits paid to or for participants per the financial statements	\$ 20,683,311
