INDEPENDENT AUDITOR'S REPORT

To the athenahealth, Inc. Retirement Plan Committee of
athenahealth, Inc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of athenahealth, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATHENAHEALTH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the athenahealth, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information. Copies are available from the Plan Administrator (athenahealth, Inc.).

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), covering all eligible employees who have attained age 21. The Plan is sponsored and administered by athenahealth, Inc. (the “Plan Sponsor” or the “Company”).

Contributions

Each year, participants may contribute a percentage of their pretax or post tax annual compensation, as defined in the Plan and subject to certain Internal Revenue Code (“IRC”) limitations. The Plan also offers after-tax contributions over and above the limit for tax-deferred or Roth contributions as well as in-plan Roth conversion of after-tax and pre-tax contributions to a Roth account. All newly eligible employees are automatically enrolled at 6% unless they affirmatively elect to opt out. Those participants who meet the eligibility requirements may contribute additional amounts (e.g., age 50 catch-up) and these additional contributions are eligible for a Company matching contribution. The Company’s matching contribution is 50% of the first 6% of all eligible compensation (up to the applicable IRC limit) including compensation after the participant has reached IRC limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may also elect to make discretionary contributions in any plan year, subject to authorization by the Company’s Board of Directors. There were no discretionary contributions made for the year ended December 31, 2024.

Payment of Benefits

Participants receive distributions upon attainment of normal retirement age, termination of service, total and permanent disability, or demonstration by the participant to the Plan Administrator that the participant is experiencing hardship, as defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the IRC or standards established by the Secretary of the Treasury or his/her delegate. Distributions due to attainment of normal retirement age, termination of service, or total and permanent disability may be deferred, however participants with an account balance of under \$5,000 must elect to either receive a lump-sum amount equal to the value of the participant’s account balance or rollover the balance in the account into an Individual Retirement Account or another qualified program.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant’s account is credited with the participant’s contributions, rollovers, and allocations of (1) Company matching and discretionary contributions, and (2) plan earnings, withdrawals and charges with an allocation of plan losses and expenses and transaction fees when applicable. Allocations are based on participant account balances. The benefit to which a participant is entitled is the vested benefit in the participant’s account.

ATHENAHEALTH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Investments

The Plan's investments are held by Fidelity Management Trust Company ("Fidelity") in various mutual fund securities and common collective trust funds. Participants have the option to allocate their contributions and Company contributions in their individual accounts among the various investment alternatives and to make transfers as specified in the plan document.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Company matching and discretionary contributions and earnings are 25% vested after one year, 50% vested after two years, 75% vested after three years and fully vested subsequent to four years of vesting service. A participant will be fully vested upon attainment of age 59½, death, or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of their vested account balances. The loans are secured by the balances in the participants' accounts and bear interest rates commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range between 4.25% and 9.50% and have maturity dates through 2034 as of December 31, 2024. Participants may only apply for one loan each plan year and may only have one loan outstanding at any given time. Loans must be repaid in payment terms described below over a five-year period or up to ten years for the purchase of a primary residence. In limited circumstances, loans with extended terms are included in the loan portfolio balance, which were added as part of plan acquisitions in previous years. Principal and interest are paid bi-weekly through payroll deductions. The Plan permits monthly remittances of loans due after termination of employment.

Forfeited Accounts

If a participant terminates employment, any unvested portion of his or her account is forfeited to the Plan. Forfeitures may be used to pay for plan administration expenses and may be used to reduce Company-matching contributions. At December 31, 2024 and 2023, forfeited non-vested accounts balance totaled \$88,595 and \$18,752, respectively. For the year ended December 31, 2024, forfeitures amounted to \$2,031,699. The Plan used \$1,889,597 of forfeitures during 2024 to reduce Company-matching contributions and an additional \$72,259 to fund plan administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America “US GAAP”.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investments, Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year. Investment management fees for investments are included as a reduction of investment return and not reflected separately in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Contributions

Employee contributions are recorded when withheld. Employer matching contributions are recorded in the plan year for which earned.

December 31, 2024 and 2023

Administrative Expenses

Administrative expenses of the Plan are paid by the Participants to the extent they are not paid by the Plan or the Plan Sponsor, as provided in the Plan document. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to offset the Plan's administrative expenses applicable to certain funds are credited directly back to the participants who are invested in them. For the year ended December 31, 2024, there was \$6,009 of revenue credited back to participants. Future plan expenses can be paid from any excess remaining revenue sharing amounts.

Payment of Benefits

Benefit payments to participants are recorded when paid.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ATHENAHEALTH, INC. 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Common Collective Trusts: Investments in Common Collective Trusts (“Funds”) are valued using the NAV provided by Fidelity. The value of the underlying assets of the Funds is based on information from the Fund’s audited financial statements. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. These investments measured at net asset value per share have not been classified in the fair value hierarchy. Participant transactions may occur daily. The fair value amounts presented in the table below are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$86,969,854	\$ -	\$ -	\$86,969,854
Common Collective Trusts (a)	-	-	-	730,884,188
Total investments, at fair value	<u>\$86,969,854</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$817,854,042</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using NAV per share as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by Fidelity Investments Institutional Operations Company, Inc. (“FIIOC”). Fees incurred by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain operating expenses and management fees are returned to the Plan based on revenue sharing arrangements with FIIOC. FIIOC is affiliated with Fidelity, the trustee of the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. After May 17, 2024, FIIOC is only managing one investment fund held by the Plan.

The Plan issues loans to participants, which are secured by the vested balances in participants’ account.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

7. FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype plan sponsored by Fidelity, which has been determined by the Internal Revenue Service, in an opinion letter dated June 30, 2020, to be in accordance with the applicable sections of the IRC. The Plan has since been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for the prior three years; however, there are currently no audits in progress for any tax periods.

8. RISKS AND UNCERTAINTIES

The Plan utilizes various investment securities, including common collective trusts and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.
