The Armand Hammer United World College of the American West Retirement Plan
Albuquerque, New Mexico

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of The Armand Hammer United World College of the American West Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Armand Hammer United World College of the American West Retirement Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2024 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of The Armand Hammer United World College of the American West Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Armand Hammer United World College of the American West Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the The Armand Hammer United World College of the American West Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Armand Hammer United World College of the American West Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

The 2023 financial statements of The Armand Hammer United World College of the American West Retirement Plan were audited by other auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. The predecessor auditors' report dated November 14, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of The Armand Hammer United World College of the American West Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the United World College of the American West (UWC), which was formalized and adopted by the UWC effective August 1, 1982. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective July 1, 2025, which changed the name of the Plan from The Armand Hammer United World College of the American West Retirement Plan to United World College-USA Retirement Plan.

Eligibility

Employees of the UWC may become a participant of the Plan as soon as administratively feasible on or after the employee's first day of employment. Participants are eligible to receive employer matching contributions after completing one year of service (1,000 hours) and having attained the age of 21. Enrollment in employer match contributions occurs on the first day of each month coinciding with or next following the date requirements are met.

Contributions

Each year, participants may contribute up to the federal statutory limit. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions). UWC offers a matching contribution equal to the sum of 100% of the participant's elective deferral up to 8% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and UWC's matching contributions as well as allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the UWC's matching contributions plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the custodians. All investments are participant directed.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants and Plan Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' account and bear interest of prime plus 1%. Amortization periods may not exceed five years, except for loans for the purchase or construction of a principal residence, which may be amortized up to 10 years. Principal and interest is paid ratably through bi-weekly payroll deductions.

Participants may also borrow amounts from Variable Annuity Life Insurance Company (VALIC) using the assets of the Plan as collateral for the loans. General guidelines are that the minimum loan amount is \$1,000, while the maximum is equal to the lesser of \$50,000 or the 50% of their vested account balance. These loans are direct loans between the participant and VALIC, the insurance company. The outstanding loan balance is collateralized by the participant's account and this portion of their account is transferred at the time of the loan and maintained in the VALIC Loan Collateral Fund within the participant's account. The loans bear interest at variable rates. Principal and interest is paid directly to the insurance company. In the event of a default, foreclosure on the participant's account balance will not occur until a distributable event occurs in the Plan.

At December 31, 2024 and 2023, outstanding plan loans totaled \$34,709 and \$40,862, respectively. At December 31, 2024, there were six participants with a plan loan(s) outstanding, four of which have a plan loan(s) in default.

Benefit Payments

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for distributions at age 59½, while the participant is still currently employed. The total vested portion of a participant's account balance is distributed in the form of a lump sum payment, installments or an annuity. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

Forfeitures

The plan has no forfeited amounts as all contributions are immediately 100% vested.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**THE ARMAND HAMMER UNITED WORLD COLLEGE OF THE AMERICAN WEST
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians and insurance companies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Excess Contribution Payable

Amounts payable to participants in excess of amounts allowed by IRS are recorded as a liability with a corresponding reduction to contributions. There were no amounts accrued at December 31, 2024 and 2023.

**THE ARMAND HAMMER UNITED WORLD COLLEGE OF THE AMERICAN WEST
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Administrative expenses for maintaining the Plan are paid by the Plan and UWC. Those expenses paid by the Plan, typically consisting of investment management, recordkeeping and custodian fees, are allocated among the accounts of all participants in proportion to their account balances. Those expenses paid directly by UWC are excluded from these financial statements.

Contributions

Contributions from participants and employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect participant's account balances, and the amounts reported in the statements of net assets available for benefits.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements in order to maintain consistency and comparability between periods presented. These reclassifications do not affect net assets available for benefits as previously reported.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued. Management believes that there are no material subsequent events that have arisen that would require accrual or disclosure in the accompanying financial statements, other than those discussed in Note 1 "General" and Note 11.

NOTE 3 INFORMATION CERTIFIED BY THE INSURANCE COMPANIES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, The Variable Annuity Life Insurance Company has supplied the Plan administrator with a certification and TIAA has supplied the Plan administrator with a certification on behalf of (i) TIAA and CREF, insurance carriers and issuers of certain annuity contract investment assets of the Plan and (ii) TIAA, as recordkeeper, for certain investments that TIAA Trust, N.A., a national trust bank, held as directed trustee or custodian, as to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

NOTE 4 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the amounts reflected in the Department of Labor Form 5500 at December 31:

	2024	2023
Net Assets Available for Benefits per Financial Statements	\$ 10,234,676	\$ 9,702,744
Defaulted Participant Loans	(22,782)	-
Net Assets Available for Benefits per Form 5500	\$ 10,211,894	\$ 9,702,744

The following is a reconciliation of the net increase in assets available for benefits per the financial statements to the amounts reflected in the Department of Labor Form 5500 for the year ended December 31, 2024:

Net Increase in Net Assets Available for Benefits per Financial Statements	\$ 531,932
Defaulted Participant Loans	(22,782)
Net Increase in Net Assets Available for Benefits per Form 5500	\$ 509,150

NOTE 5 FAIR VALUE MEASUREMENTS

The Plan applies ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

**THE ARMAND HAMMER UNITED WORLD COLLEGE OF THE AMERICAN WEST
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no other changes in the methodologies used at December 31, 2024 or 2023, except as discussed below for the Registered Separate Accounts.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Registered Separate Accounts – Registered separate accounts invest directly in an underlying mutual fund, though they are an independent investment entity. They are valued at the close of business each day based on the total assets in the registered separate account divided by the number of units held in the registered separate account. Actions taken by the underlying mutual fund or the registered separate account such as dividends, share splits or additional fees charged by the sub-account, can result in the registered separate account unit value differing from the share price of the underlying mutual fund.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

Fixed Annuity Contracts – Through TIAA, Plan participants have the option to invest in the TIAA Traditional Annuity (Traditional Annuity). The Traditional Annuity is an allocated fixed-rate guaranteed annuity contract. Contributions to the Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the investing participant.

The Traditional Annuity is reported at contract value and segregated into nonbenefit-responsive and fully benefit-responsive categories. Fair value approximates contract value for nonbenefit-responsive versions of the Traditional Annuity. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with the Traditional Annuity's historical crediting rates. The contract value of the Traditional Annuity equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfer in (if any), less any withdrawals and transfers out (if any).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

During the year ended December 31, 2024, certain investments previously classified as Level 1 mutual funds were reclassified to Level 2 registered separate accounts as management determined the accounts are not valued solely based on quoted prices of the underlying mutual fund. The change in valuation method has been retrospectively applied to the prior period presented. The change in valuation method did not impact the amounts recorded at fair value.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

Purchases	\$ 268,126
Issuances	-
Transfers In and/or Out of Level 3	-

In estimating fair value of the investments in Level 3, the Investment Committee (or equivalent) may use third-party pricing sources or appraisers.

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

	2024			
	Fair Value Estimate	Valuation Techniques	Unobservable Inputs	Estimated Range
TIAA Traditional Nonbenefit Responsive Annuity	\$ 397,816	Discounted Cash Flow	Risk-Adjusted Discount Rate Applied	RC - 3.90% - 6.75%
	2023			
	Fair Value Estimate	Valuation Techniques	Unobservable Inputs	Estimated Range
TIAA Traditional Nonbenefit Responsive Annuity	\$ 133,573	Discounted Cash Flow	Risk-Adjusted Discount Rate Applied	RC - 4.25% - 7.00%

NOTE 6 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

Each participant maintains an annuities contract with the insurance companies. As part of the contracts, the insurance companies maintain a portion of the contributions in a “guaranteed account,” which is called the traditional annuity. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by the insurance company. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The guaranteed minimum rate of interest is based on a formula established by the insurance company and is reviewed on a quarterly basis for resetting. The rate is between 1% and 3% for TIAA, and between 1% and 4.5% for VALIC. Any additional interest is not guaranteed. The traditional annuity does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant’s accumulation value shall be equal to the product of (a) the participant’s guaranteed account accumulation value of the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401 (a) of the IRC or the failure of the trust to be tax-exempt under Section 501 (a) of the IRC
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations.

NOTE 6 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

NOTE 7 TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). In recent guidance, the IRS stated that it does not intend to create a new determination letter program for 403(b) plans. This guidance, IRS Revenue Procedure 2013-22, established new procedures for IRS preapproval of the form of 403(b) plan documents. The Plan Sponsor restated the 403(b) plan effective January 1, 2018 onto TIAA's IRS-approved Volume Submitter document. The Plan administrator believes that the Plan is currently designed and being operated in conformity with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 ADMINISTRATION OF PLAN ASSETS

The Plan's assets are administered under a contract with the insurance companies. The insurance companies invest funds received from contributions, investment sales, interest and dividend income and make distribution payments to participants.

NOTE 9 RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the insurance companies of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services totaled \$77,369 for the year ended December 31, 2024.

UWC, which is a related party under ERISA, provides certain accounting and administrative services to the Plan at no cost. Additionally, UWC pays for the Plan's administrative expenses that are not directly paid by the Plan. Any such expenses are excluded from the accompanying financial statements.

NOTE 10 PLAN TERMINATION

Although it has not expressed any intent to do so, UWC has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 11 PLAN RESTATEMENT

The Plan was restated effective July 1, 2025 and amended to include the following:

- Change the name of the plan from The Armand Hammer United World College of the American West Retirement Plan to United World College-USA Retirement Plan.
- Allow for employee Roth deferrals and employer nonelective contributions.
- For terminated participants with balances less than \$5,000, the Plan will distribute the account without consent. If an election was not made to either receive or roll over the distribution, it will be rolled over to an IRA.
- Modify the form of distributions from the Plan to remove the option of an annuity.

Participants should refer to the July 1, 2025 restated Plan documents for a more comprehensive description of the Plan provision changes.

In conjunction with this plan restatement, the Plan also changed the plan recordkeeper and custodian to USI Advisors, Inc.
