## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the  
Pathways, Inc. 401(k) Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pathways, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pathways, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pathways, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pathways, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pathways, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pathways, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets Held at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

On or about September 30, 2014, the Organization was informed that it would no longer be eligible to participate in the Kentucky Public Employees' 401(k) Deferred Compensation Plan. The Organization formed the Pathways, Inc. 401(k) Profit Sharing Plan to cover substantially all of the Organization's employees. The Plan became effective January 1, 2015. On July 31, 2015, assets in the amount of \$18,174,433 were transferred from the Kentucky Public Employees' 401(k) Deferred Compensation Plan to the Pathways, Inc. 401(k) Profit Sharing Plan. All active employees were grandfathered into the Plan on January 1, 2015 and did not have to meet eligibility requirements.

**General.** The Plan is a defined contribution plan covering employees of the Organization who are employed in an "eligible class". The Plan is regularly updated to comply with tax legislation. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The assets of the Plan are maintained by Empower Trust Company, LLC ("Empower"). The Plan is a prototype plan sponsored by Empower. Brokers' commissions associated with investment transactions and investment management fees are paid by the Plan.

**Participant Contributions.** Each year, participants are able to contribute a percentage of their pay to the Plan, up to the maximum allowable contribution, as defined in Federal legislation. This amount is then deposited in the participant's account as a 401(k) contribution. Participants may elect to make pre-tax 401(k) contributions and/or Roth 401(k) contributions to the Plan. Once participants have designated a 401(k) contribution as either pre-tax or Roth 401(k) contribution, participants may not change its designation. There are no eligibility requirements to enroll and defer into the Plan; the employee may defer immediately upon hire.

**Discretionary Profit Sharing.** Each year Pathways, Inc. can elect to make a discretionary profit-sharing contribution. Contributions are calculated at calendar year-end using one of the four defined profit-sharing classes. Employees are placed in one of the four profit sharing classes as defined by the Plan document. During 2024, employee profit sharing classes received the following contributions: Class A – 7.00%, Class B – 3.00%, Class C – 2.33%, Class D – 0.00%. Profit sharing contributions are subject to vesting. To be eligible, the employee must have reached age 21 and have one year of service. A year of service means 1,000 hours of service credited during the 12 consecutive months beginning on original date of hire and ending on the anniversary date. Once the employee has satisfied the eligibility conditions, the employee will become eligible for the discretionary profit sharing on the first day of the quarter (January 1, April 1, July 1, or October 1) coinciding with or next following the date the eligibility requirements are met.

**Rollover Contributions.** Participants are able to rollover amounts from other eligible retirement plans to the Plan. The amounts transferred will be allocated to the participant's rollover contribution account. Such amounts and any earnings or losses are fully vested at all times.

**Employer Safe Harbor Matching Contribution.** Effective January 1, 2016, the Plan is referred to as a safe harbor 401(k) plan. The employer will make a matching contribution to the participant's account of 100% of the participant's salary deferrals up to 4.00% of the participant's compensation. Compensation

earned before first becoming eligible for the employer safe harbor matching contribution is excluded in determining the amount of the match. To be eligible, the employee must have reached age 21 and have one year of service. A year of service means 1,000 hours of service credited during the 12 consecutive months beginning on original date of hire and ending on the anniversary date. Once the employee has satisfied the eligibility conditions, the employee will become eligible for the employer safe harbor matching contribution on the first day of the quarter (January 1, April 1, July 1, or October 1) coinciding with or next following the date the eligibility requirements are met.

**Participant Accounts.** Each participant's account is credited with the participant's contributions, the Organization's contributions, and earnings thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Forfeited Accounts.** At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$21,230 and \$10,638, respectively, and have been used to reduce 2024 and 2023 employer contributions receivable.

**Vesting.** Participants are immediately vested in their voluntary contributions and the safe harbor matching contributions plus actual earnings thereon. Vesting in the Organization's Profit-Sharing portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

**Participant Loans.** Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 9.50%. Principal and interest is paid ratably through bi-weekly payroll deductions. Outstanding loans at December 31, 2024 and 2023 were \$562,634 and \$426,886, respectively.

**Investment Options.** Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investment options available to the Plan through Empower. Participants may change the allocation percentages at any time.

**Payment of Benefits.** On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum or in a monthly form of benefit (as allowed for in the Plan document).

Normal retirement age is 65. Early retirement is permitted upon the later of the attainment of age 59 1/2, or the completion of five years of service.

## **NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared using U.S. generally accepted accounting principles and the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

The change in the difference between fair value and the cost of investments is reflected in the statement of changes in net assets available for benefits as unrealized appreciation (depreciation) in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### **Participants Loans**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Expenses**

Certain expenses incurred maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

#### **NOTE C - TAX STATUS**

The Plan is a prototype plan offered by Empower Trust Company, LLC. Empower Trust Company, LLC obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

## **NOTE D - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by Empower Trust Company, LLC, the trustee of the plan, which includes the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

## **NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Pathways, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged.

As of December 31, 2024, certain Plan investments are held in funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

As of December 31, 2024, Empower Trust Company, LLC is the Plan recordkeeper. Therefore, any transactions with Empower Trust Company, LLC qualify as party-in-interest transactions. The Plan paid administrative fees of \$81,408 to Empower Trust Company, LLC for the year ended December 31, 2024.

As of December 31, 2023, certain Plan investments were held in funds managed by Unified Trust Company, N.A. Unified Trust Company, N.A. was the trustee as defined by the Plan, and therefore these transactions qualified as party-in-interest transactions.

As of December 31, 2023, Unified Trust Company, N.A. was the Plan recordkeeper. Therefore, any transactions with Unified Trust Company, N.A. qualified as party-in-interest transactions. The Plan paid administrative fees of \$4 and \$169,850 to Unified Trust Company, N.A. for the year ended December 31, 2024 and 2023. The Plan also paid contract termination fees of \$755,331 to Unified Trust Company, N.A. for the year ended December 31, 2023 to exit the Metlife UTC Stable Value Fund. Contract termination

fees are incurred when a plan exits a stable value fund and the market value of the underlying assets of the fund are below contract value.

#### **NOTE F – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Organization has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

#### **NOTE G - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### **NOTE H – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* – A mutual fund is valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Investment Fund* – A collective investment fund is priced daily at the fund's net asset value (NAV). The assets of the Collective Investment Fund consist of exchange traded securities whose NAV values are aggregated and combined with stated fees through these procedures to arrive at the Fair Market Value.

*Collective Investment Fund - Stable Value* - A stable value fund that primarily invests in fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly manner. There are no other significant redemption restrictions and no unfunded commitments as of December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

Investments at fair value				<u>\$ 24,850,488</u>

(a) In accordance with FASB 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Investment Fund - Stable Value	\$ 9,661,060	N/A	Daily	90 days

Investments in Collective Investment Funds are maintained by Empower Trust Company, LLC, who files a Form 5500 as a direct filing entity. As a result, the Plan has not disclosed the investments' significant investment strategies.
