INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Heartland Catfish/Tackett Farms 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Heartland Catfish/Tackett Farms 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Heartland Catfish/Tackett Farms 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Heartland Catfish/Tackett Farms 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heartland Catfish/Tackett Farms 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Heartland Catfish/Tackett Farms 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heartland Catfish/Tackett Farms 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HEARTLAND CATFISH/TACKETT FARMS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Heartland Catfish/Tackett Farms 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. *General* - The Plan, which became effective January 1, 1999, is a defined contribution plan covering substantially all full-time employees of Heartland Catfish and its affiliate, Tackett Fish (collectively referred to as "the Company"), who have completed one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. *Contributions* - Each year, participants may make contributions to the Plan in the form of salary reductions equal to the lesser of \$23,000 in 2024 and \$22,500 in 2023 (plus an additional \$7,500 for 2024 and 2023, if over 50) or 100% of defined compensation. The Company contributes 100% of the first 3% of salary deferrals and 50% of salary deferrals between 3% and 5% of the participant's compensation. Participants may elect to make voluntary contributions under the Plan in amounts determined by the Plan administrator with the consent of the Custodian.
- c. *Participant Accounts* - For each participant, accounts are established for salary reduction contributions, matching contributions and voluntary contributions. Each participant's account is credited with the participant's salary reduction contributions, voluntary contributions and investment earnings and allocation of the Company's contributions and forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Each participant designates how salary reduction contributions and matching contributions are invested among the investment funds made available under the Plan by the Custodian. Any other contributions are invested in accordance with instructions of the Custodian. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.
- d. *Vesting* - Participants are immediately vested in their salary reduction contributions, voluntary contributions, and basic matching contributions plus actual earnings thereon. Vesting in discretionary profit sharing and matching contributions is based on years of service. A participant is twenty percent vested after one year of service, with a twenty percent increase each succeeding year until being fully vested after the fifth year of service.
- e. *Notes Receivable from Participants* - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the fair market value of the participant's vested account balance. A participant may only have one (1) note currently outstanding from the Plan. The note transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Notes periods range from one to five years and are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates range from 5.25% to 10.50%. Principal and interest are paid ratably through the participants applicable payroll period deductions.
- f. *Withdrawals from Accounts* - The Plan allows participants to make in-service withdrawals from their accounts under conditions of hardship or upon attaining age 59½. Participants are permitted to borrow amounts from the Plan. The total of any outstanding note balances, including accrued interest, cannot exceed the value of the vested portion of the participant's accounts.

HEARTLAND CATFISH/TACKETT FARMS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN (Cont'd)

- g. *Payment of Benefits* - On termination of service, a participant may elect to receive a lump sum payment equal to the value of his or her account. Other methods of payment are permitted by the Plan. At December 31, 2024 and 2023, account balances for terminated participants amounted to \$235,313 and \$241,732.
- h. *Forfeited Accounts* - At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$56,236 and \$51,220, respectively. Forfeited amounts, if any, will supplement future Company contributions or administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant does not make note repayments and the plan administrator considers the note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

With the exception of the annuity and common collective trust, the Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The GIC is stated at contract value, while the common collective trust is stated at net asset value using the practical expedient. See Notes 12 and 14.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are deducted from Plan assets.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Retirement (the trustee of the Plan). The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2024	2023
Investments at fair value:	\$ 8,268,472	\$ 7,155,909
Mutual funds		
Investments at NAVPE:		
Common/collective trusts	143,456	71,803
Investments at contract value:		
Guaranteed investment contracts	722,160	717,582
	<u>\$ 9,134,088</u>	<u>\$ 7,945,294</u>
Investment income or loss (-)	<u>\$ 539,757</u>	<u>\$ 708,903</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair market value in the accompanying statement of net assets available for benefit. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

In accordance with ASC 820, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

NOTE 5 - INVESTMENTS

The Plan's investments (including investments bought, sold and held during the year) appreciated, depreciated (-) in value during 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Mutual Funds	<u>\$ 539,757</u>	<u>\$ 708,903</u>
Net Change in Fair Value	<u>\$ 539,757</u>	<u>\$ 708,903</u>

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce, suspend or discontinue contributions to the Plan at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 8, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

HEARTLAND CATFISH/TACKETT FARMS 401(k)
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2025, the date the financial statements were available for issue, and has determined that no events have occurred subsequent to the statement of net assets available for benefits date that would require adjustment to, or disclosure in, the financial statements.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 10 – ADMINISTRATIVE EXPENSES

Plan administrative expenses amounted to \$52,293 and \$750 for December 31, 2024 and 2023, respectively. Plan administrative expenses are deducted from Plan assets. Mutual fund fees were charged against fund appreciation. In October of 2023, an asset-based fee of 0.1875% was implemented. Due to timing of implementation, this resulted in the large fee discrepancy from 2023 to 2024.

NOTE 11 – CONCENTRATIONS

The industries in which the employers in Note 1 operate are primarily concentrated in a small geographical area within Mississippi.

NOTE 12 – GUARANTEED INVESTMENT CONTRACTS

The Plan has entered a benefit responsive contract with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. The Plan does not consider this a fully benefit-responsive contract because the Plan has a provision to limit the immediate and full payout of the contract value for plan-initiated transactions.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The average yield earned by the Plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average interest rate is 1.41% for 2024 and 1.23% for 2023. Interest is credited quarterly. A new quarterly rate is established each quarter.

See Note 4 for fair value measurements. Because the contract is considered benefit-responsive, the fund has been recorded at contract value in the statement of net assets available for benefits.

HEARTLAND CATFISH/TACKETT FARMS 401(k)
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 12 – GUARANTEED INVESTMENT CONTRACTS (Cont'd)

The entire general account assets of Empower Annuity Insurance Company of America back these guarantees. Reserves are booked at Empower Annuity Insurance Company of America to cover these assets. The investments are primarily investment grade quality, fixed income bonds.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 13 – PARTY-IN-INTEREST

Fees paid to LPL Financial LLC, the investment advisor, amounted to \$0 and \$13,286 for the years ended December 31, 2024 and 2023, respectively.

Fees paid to T.E. Lott & Company, the contract administrator, amounted to \$17,938 and \$22,060 for the years ended December 31, 2024 and 2023, respectively.

Taylor, Powell, Wilson & Hartford, P.A. is paid out of the plan. The amount to \$0 and \$14,000 for the years ended December 31, 2024 and 2023, respectively.

Fees paid to Leaf House Financial Advisors, LLC, the investment advisor, amounted to \$1,704 and \$131 for the years ended December 31, 2024 and 2023, respectively.

Fees paid to Stephens Group Asset Management, the investment advisor, amounted to \$20,831 and \$5,222 for the years ended December 31, 2024 and 2023, respectively.

Fees paid to Empower Annuity Insurance Company, the recordkeeper, amounted to \$8,503 and \$0 for the years ended December 31, 2024 and 2023, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 14 – INVESTMENTS MEASURED AT NET ASSET VALUE

The common collective trust is valued at the net asset value using the practical expedient to estimate the fair value. The investment is State Street S&P 500 Index Non-Lending Series Fund Series End. The investment vehicle seeks to provide an investment return that approximates as closely as practicable, before expenses, the performance of the S&P 500 Index over the long term. The fund is a large blend fund that has a moderate risk factor and is comprised of large, medium and small companies with the heaviest weighting in large stocks. The investment has a risk of being sold at a different amount as the NAV per share. Participants may redeem shares at any time.
