Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan
Parsippany, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan

The following description of Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plans’ provisions.

General

The Plan was established on January 1, 1982, and subsequently amended at various times including August 1, 2024. The Plan is a defined contribution plan covering all employees of Ferrero U.S.A., Inc. and Subsidiaries (the “Company” and “Plan Sponsor”). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Eligibility

Employees of the Company are eligible to participate in elective salary deferrals immediately with no minimum age requirement. Employees are eligible to receive employer contributions immediately with no minimum age requirement.

Certain employees who are covered by collective bargaining agreements are eligible to receive a profit-sharing contribution equal to 1.25% of compensation, as defined in each agreement. The employee must be an active employee as of the end of the year. Additionally, upon termination, death, disability or retirement, an employee is eligible for their portion of the profit-sharing amount for the year then ended.

Participant Contributions

The Plan provides each employee with an opportunity to make elective salary deferral contributions to the Plan, subject to the limitations of the Internal Revenue Code. Eligible employees are enrolled automatically with a 3% pre-tax deferral rate which automatically increases by 1% annually, not to exceed 6% of Plan compensation, as defined. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate or type, or change their elections at any time. Participants may also contribute amounts representing eligible rollovers from other qualified plans (rollovers).

Safe Harbor Contributions

The Plan is required to make safe harbor contributions equal to 100% of the participants’ salary deferral contributions up to the first 1%, plus 50% of the participants’ salary deferral up to the next 5% of eligible compensation, as defined. Employees are eligible to receive safe harbor contributions upon meeting the eligibility requirements of the Plan. For the year ended December 31, 2024, the safe harbor contributions were \$10,684,735. Safe harbor contributions are calculated on a pay period basis.

Discretionary Match

The Plan can make a discretionary matching contribution equal to 100% of the participants’ salary deferral contributions up to 6% of their eligible compensation limited to 4% of eligible compensation, as defined. Employees are eligible to receive discretionary matching contributions upon meeting the eligibility requirements of the Plan. For the year ended December 31, 2024, the Company did not make discretionary matching contributions. Discretionary matching contributions are calculated on a pay period basis.

Employer Profit Sharing Contributions

The Company, at its discretion, may make profit-sharing contributions. All eligible, active participants who have worked at least 1,000 hours during the Plan year share in the contribution and are employed as of the end of the year. For the year ended December 31, 2024, there were no profit sharing contributions.

Certain employees who are covered by collective bargaining agreements are eligible to receive a profit-sharing contribution equal to 1.25% of compensation, as defined in each agreement. The employee must be an active employee as of the end of the year. Additionally, upon termination, death, disability, or retirement, an employee is eligible for their portion of the profit-sharing amount for the year then ended. For the year ended December 31, 2024, the profit sharing contributions were \$707,230.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Effective January 1, 2020, for employer profit sharing contributions, participants vest 20% after one year of service and an additional 20% each subsequent year until fully vested after completing five years of service. Effective January 1, 2020, participants are fully vested in safe harbor contributions and earnings thereon after two years of service.

Effective January 1, 2020 any account balance that was subject to the six-year graded vesting schedule will have the vesting accelerated to the five-year graded vesting schedule. Notwithstanding any other provision in the Plan to the contrary, effective as of January 1, 2020 the service crediting method for determining vesting for participants who participated in the Fannie May Confections Brands, Inc. 401 (k) Plan was amended. To ensure that service credited to an employee under the Plan will not be less than would have been credited under the Plan without regard to the amendment. Any participant in the Plan will be credited with the sum of the following for purposes of determining vesting service: (a) The number of years of service credited under the elapsed time method, as defined, immediately before the Plan year during which the change occurs; plus (b) one additional year of service if the employee is actively employed by the employer on the change date, as defined, or (c) one additional year of service if the employee terminated employment with the employer prior to the change date and has been credited with at least 1,000 hours of service for the Plan year that includes the change date. Subsequent service will be determined using the 1,000 hours method beginning with 2020 Plan year.

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. Plan participants' forfeitures are applied to reduce the Company's safe harbor contributions, discretionary contributions and to pay Plan expenses for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. Forfeitures from employees, including earnings for the year ended December 31, 2024 were approximately \$111,000. Net forfeitures used to fund employer contributions was approximately \$433,000 for the year ended December 31, 2024. Expenses paid from forfeitures was approximately \$13,000 for the year ended December 31, 2024. At December 31, 2024 and 2023, the forfeiture balance approximated \$183,000 and \$518,000, respectively, which was available to be applied towards future employer contributions.

Notes to Financial Statements
December 31, 2024 and 2023

Participant Loans

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. A participant may have up to two loans outstanding at a time. Loan repayment terms are not to exceed five years; however, loans for the purchase of a primary residence can be repaid over a reasonable period of time that may be over five years. Loans are repaid through payroll deductions and are monitored by the plan administrator. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing rate as determined by the plan administrator. As of December 31, 2024, the interest rates on the outstanding loans range from 4.25% to 10.50%.

Payment of Benefits

Upon termination, death, disability, or retirement, vested plan benefits will be distributed to a participant or his/her beneficiary either in a lump-sum distribution or annuity payments. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship.

A participant who terminates employment with a vested balance greater than \$5,000 may elect to receive a distribution. As required by the Internal Revenue Code, no election may be made by a participant to postpone distribution beyond April 1 of the year following the year a participant reaches age 72 (73 if the participant reaches 72 after December 31, 2024). A participant, even if employed at the age of 59-1/2, may commence payment of benefits.

If a participant terminates employment with a vested balance less than \$5,000, the participant may elect to receive a lump sum distribution or roll the distribution to a qualifying retirement account. However, if the participant fails to make an affirmative election, the participant's vested balance will automatically roll over to an individual retirement account.

Administrative Expenses

A portion of the expenses incurred in the administration of the Plan are paid by the Company.

Note 2. Summary of Significant Accounting Policies

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or contract value as determined by the custodian (see Notes 3 and 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The sales and purchases of investment securities, and gains and losses on the sale of investments, are recognized at the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

Note 3. Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company and Empower Trust Company, LLC, qualified institutions, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Investment Contract with Insurance Company

The guaranteed interest account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Massachusetts Mutual Life Insurance Company (“Mass Mutual”). The contract is reflected in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses), because it is fully benefits-responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Mass Mutual. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

The guaranteed interest account does not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date.

Note 5. Fair Value Measurements

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Significant unobservable inputs, including the Company’s own assumptions in determining the fair value of investments.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023:

- Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2024 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at fair value				
Mutual funds	<u>\$ 169,361,595</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 169,361,595</u>

Investments at fair value as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at fair value				
Mutual funds	<u>\$ 134,116,863</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 134,116,863</u>

Note 6. Party-in-Interest Transactions

The Plan's investments are managed by Empower, the custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Empower by the Plan for administrative services were \$127,793 for the year ended December 31, 2024.

Note 7. Tax Status

On November 14, 2022, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements
December 31, 2024 and 2023

Note 8. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 9. Plan Termination

Although the Company has not expressed any intention to do so, it has the right to terminate the Plan in whole or in part at any time subject to the provisions set forth in ERISA. Upon termination, partial termination, or complete discontinuance of contributions under the Plan, all participants become fully vested in their individual accounts.

Note 10. Reconciliation of Financial Statements to Form 5500

The Form 5500 was prepared on the cash basis for the years ended December 31, 2024 and 2023, and the financial statements were prepared on the accrual basis.

The following is a reconciliation between the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
