INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Time Warner Cable Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Time Warner Cable Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - in liquidation as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits - in liquidation for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Time Warner Cable Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Time Warner Cable Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in Note 7 to the financial statements, the governing body of the Time Warner Cable Pension Plan approved a plan of liquidation effective December 31, 2023, and management determined liquidation is imminent. As a result, the financial statements are presented on a liquidation basis as of and for the years ended December 31, 2024 and 2023. Our opinion has not been modified for this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Time Warner Cable Pension Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Time Warner Cable Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Time Warner Cable Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and reportable transactions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Time Warner Cable Pension Plan
Notes to Financial Statements
December 31, 2024 and 2023
(dollars in thousands, except where indicated)

(1) Description of Plan

The following is an abbreviated description of the Time Warner Cable Pension Plan (the "Plan"). More complete descriptions are provided in the plan document and the summary plan description.

General

The Plan is a noncontributory defined benefit plan that covers certain employees who have completed one year of eligible service with Time Warner Cable Inc. ("TWC") and/or certain of its participating subsidiaries (each an "Employing Company" and, collectively, the "Employing Companies"). Employees covered by a collective bargaining agreement are eligible only if their agreement provides for coverage under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

TWC merged into Charter Communications, Inc. ("Charter," "Company" or "Plan Administrator") in 2016. Charter is the sponsor of the Plan. However, Charter is not an Employing Company under the Plan.

As of August 31, 2016, the Plan was frozen to future benefit accruals to all plan participants. Additionally, no future compensation increases or future service will be credited to participants of the Plan and new hires are not eligible to participate. All participants are 100% vested in their accrued benefit.

In June 2023, the Company purchased a buy-in group annuity contract ("GAC") from a highly rated insurer and in October 2023, the Company announced plans to fully terminate the Plan (see Note 7). The benefit obligation for the qualified pension plan assumes that a portion of eligible active and deferred vested participants will elect lump sum payments. Pension obligations will be distributed through a combination of lump sum cash payments to eligible participants who elect such and a transfer of remaining obligations to an insurer through a GAC.

Benefits

Benefits under the Plan are based on an employee's years of service and his or her eligible compensation, as defined in the Plan. As the Plan is frozen, current compensation is not considered for determining benefits (see Note 6).

Participants may elect to receive the value of their accumulated plan benefits in a number of different payment forms. The normal form of payment for a single participant is a single life annuity, while the normal form of payment for a married participant is a 50% joint and survivor annuity. Other optional forms include a 75% and 100% joint and survivor annuity, a 10-year certain and life annuity and a lump sum distribution. Additional optional forms of payment may be available to certain participants based on their employment history or original hire date. Survivor benefits are available to a vested participant's spouse or other designated beneficiary. The death benefit payable to the beneficiary is calculated as if the participant's employment terminated the day prior to death. Active employees who become totally disabled may receive a pension benefit.

Plan Administration

Bank of New York Mellon, the Trustee, as defined below, holds the Plan's investment assets and executes investment transactions. Certain administrative functions of the Plan have been delegated to third parties in accordance with the terms of the Plan.

Plan Amendments

Effective December 31, 2023, the Plan was amended and restated to reflect the termination of the Plan.

Investments

The investment policy for the Plan is to manage the assets with the objective to provide for pension liabilities to be met, seeking to maintain retirement income security for the participants of the plan and their beneficiaries. The investment portfolio is a mix of a GAC and pooled funds invested in fixed income securities, equity securities and certain alternative investments with the objective of matching plan liability performance, diversifying risk and achieving a target investment return. Pension assets are managed in a balanced portfolio comprised of two major components: a return-seeking portion and a liability-matching portion.

As a result of the Company's decision to terminate the Plan, the Company's investment strategy has transitioned to liquidating and winding down the portfolio's remaining return-seeking investments in a timely and orderly manner, while managing the liability-matching investments to hedge the interest rate risk of the liability for which the Company is still responsible (i.e., the liability not assumed by the GAC).

Contributions

The Company contributes to the Plan to provide assets intended to meet the benefit obligations to be paid to participants of the Plan. The Company's current funding policy is to make contributions in amounts at least sufficient to satisfy the Internal Revenue Code of 1986, as amended ("IRC"), and ERISA funding requirements. In 2024 and 2023, the Plan met the minimum funding standards of ERISA and no contributions were made by the Company.

(2) Summary of Significant Accounting Policies

Basis of Presentation

As disclosed in Notes 1 and 7, the Company announced plans to fully terminate the Plan. As a result, the accompanying financial statements have been prepared on the liquidation basis of accounting effective December 31, 2023. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets in liquidation during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Costs and expenses incurred for the purchase, sale or transfer of investments are considered a cost of the investment or a reduction in the proceeds of a sale, as appropriate. Investment management, trustee fees and certain administrative costs are netted against investment income and reflected in net appreciation (depreciation) in the Statements of Changes in Net Assets Available for Benefits. Certain administrative costs are charged to the Plan as permitted under ERISA, including, fees for

actuarial, auditing and recordkeeping services. Other administrative costs, for example, compensation of employees responsible for the ongoing administration of the Plan, are paid by Charter.

The Plan has accrued expenses expected to be incurred in liquidation related to Plan administration and management of Plan investments.

Payment of Benefits

Benefit distributions are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 10, 2025, the date the financial statements were available to be issued.

(3) Information Certified by the Trustee

The Plan Administrator has elected a method of annual reporting in compliance with ERISA. Accordingly, certain information related to investments disclosed in the accompanying Statements of Net Assets Available for Benefits, including investments held at December 31, 2024 and 2023, the Schedule of Assets (Held at End of Year) as of December 31, 2024, in the accompanying Statements of Changes in Net Assets Available for Benefits, including net investment gain (loss) for the years ended December 31, 2024 and 2023 and the Schedule of Reportable Transactions for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan and certified as complete and accurate by the Trustee.

(4) Fair Value Measurement

The accounting guidance establishes a three-level hierarchy for disclosure of fair value measurements, based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date, as follows:

- Level 1: inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2: inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. The NAV expedient is used for certain investments as of December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash and equivalents. Consists of money market funds which are stated at cost which approximate fair value.

Corporate debt securities. Valued based on observable prices from the new issue market, benchmark quotes, secondary trading and dealer quotes.

Collective trust funds. Consists of bond funds with corporate and U.S. treasury debt securities, equity funds with global equity index, infrastructure and real estate securities and short-term investment strategies comprised of instruments issued or fully guaranteed by the U.S. government and/or its agencies and multi-strategy funds, which are valued using the net assets provided by the administrator of the fund. The value of each fund is based on the readily determinable fair value of the underlying assets owned by the fund, less liabilities, and then divided by the number of units outstanding.

Group annuity contract. Valued by the insurer at the purchase price and subsequently adjusted to fair value using changes to market conditions impacting the cash flow assumptions that were priced into the original contract.

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments included in the Statements of Net Assets Available for Benefits. The primary investment classes include alternative, fixed income and real estate funds. Certain investments report NAV per share on a month or quarter lag. There are no material unfunded commitments with respect to these investment classes.

There were no transfers between Level 1 and Level 2 fair value measurements in 2024 and 2023.

The following table represents a rollforward of the Level 3 assets as of December 31, 2024 and 2023:

(5) Transactions with Parties-in-Interest

Certain investments are managed by the Trustee. In addition, the Plan holds investments issued by the Trustee and certain investment managers. Transactions related to these investments qualify as party-in-interest transactions.

(6) Accumulated Plan Benefits

Accumulated plan benefits are the future pension benefit payments that have been earned by participants and have yet to be paid. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries and (b) current participants or their beneficiaries. The accumulated plan benefits for active participants are based on their years of service and their eligible average compensation during the five consecutive calendar years in which they received their highest eligible compensation prior to the Plan freeze. Benefits payable under all circumstances are included to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits has been determined by an independent actuary and represents the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of adjustments for events such as death, disability, termination or retirement) between the valuation date and the expected date of payment. The actuarial present values of accumulated plan benefits were computed using the traditional unit credit method and were based on the following significant underlying assumptions:

Discount rate	5.00% per annum for 2023 and 5.00% per annum for 2022
Lump sum discount rate	4.65% for 2023 and 5.46% for 2022
Retirement age	Actuarially determined based on probability of retirement at certain ages
Life expectancy	417(e) Applicable Mortality Table for 2023 and 2022

These actuarial assumptions are based on the presumption the Plan will continue. Different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits going forward given the Plan termination.

The actuarial present value of accumulated plan benefits as of December 31, 2023 was as follows:

Vested benefits:	
Participants currently receiving payments	\$ 624,039
Other participants	1,709,067
Total vested benefits	<u>2,333,106</u>
Nonvested benefits	2,453
Actuarial present value of accumulated plan benefits as of December 31, 2023	<u><u>\$ 2,335,559</u></u>

The change in the actuarial present value of accumulated plan benefits from December 31, 2022 to December 31, 2023 was as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2022	\$ 2,305,664
Increase for interest due to decrease in the discount period	111,495
Assumption changes	78,208
Actuarial gains, net	(6,400)
Benefits paid to participants	<u>(153,408)</u>
Actuarial present value of accumulated plan benefits as of December 31, 2023	<u><u>\$ 2,335,559</u></u>

(7) Plan Termination

In the event of termination, the net assets of the Plan shall be allocated among participants and beneficiaries in accordance with the provisions of Title IV of ERISA. Whether a participant's accumulated plan benefit will be paid when a plan is terminated depends on the amount of the net assets in a plan, the priority of the participant's benefits in relation to the claims of other participants and the level of the participant's benefits that are guaranteed by the Pension Benefit Guaranty Corporation at that time. Any assets remaining after satisfaction of the benefit obligations of the Plan shall revert to the Company.

In October 2023, the Company elected to terminate the Plan, effective December 31, 2023. The Company applied for and received approval for the termination from the IRS on April 16, 2025 (see Note 8). Participants not currently receiving payments may elect to receive their accumulated plan benefits as a lump sum distribution during a benefit election window. If a lump sum election is not made, the accrued benefit will be transferred to and assumed by the GAC.

(8) Tax Status

The Plan received a favorable determination letter from the IRS dated April 16, 2025, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Charter has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2024 there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in a variety of investment securities, which are exposed to various risks, such as interest rate, market, exchange and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is possible that changes in the values of the investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

(10) Reconciliation to Form 5500

The following is a reconciliation of certain line items on the Statement of Changes in Net Assets Available for Benefits per the financial statements for the year ended December 31, 2024 to Form 5500:

	Per Financial Statements	Reclass for Form 5500 Purposes	Per Form 5500
Net investment loss	\$ (47,488)	\$ 2,204	\$ (45,284)
Administrative expenses	\$ 54	\$ 2,204	\$ 2,258

As of December 31, 2024 and 2023, certain net assets of the Plan were allocable to terminated or retired participants entitled to receive a benefit and who were paid the benefit in the subsequent period. These amounts will be recorded as benefits payable on the 2024 IRS Form 5500 and related schedules and, to the extent applicable, were recorded as benefits payable on the 2023 IRS Form 5500 and related schedules and are reflected in the reconciliations below.
