INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Participants and Beneficiaries
Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, a qualified institution, as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter with Respect to Change in Accounting Principle

As discussed in Note 2 to the financial statements, effective January 1, 2023, Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan adopted new accounting guidance, Financial Accounting Standards Board Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments—Credit Losses (FASB ASC Topic 326): Measurement of Credit Losses on Financial Instruments*, as amended by subsequent ASUs. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplementary information, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOUTHWEST HAZARD CONTROL, INC.
EMPLOYEES' SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

1. Description of Plan

The following description of the Southwest Hazard Control, Inc. Employees' Savings and Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Southwest Hazard Control, Inc. (the Plan Sponsor) that are not covered by a collective bargaining agreement and who have satisfied the eligibility provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Nonexcluded employees who have reached 21 years of age and have completed six months of service are eligible to participate in the Plan. Participants may enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Each year, participants may contribute pre-tax elective deferrals and Roth elective deferrals of compensation, as defined by the Plan. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations imposed by the Internal Revenue Service. The Plan has a safe harbor provision. Therefore, the Plan Sponsor made safe harbor employer matching contributions equal to 100% of participant contributions up to 3% of eligible compensation, then 50% of participant contributions up to an additional 2% of eligible compensation. For the years ended December 31, 2024 and 2023, the Plan Sponsor made safe harbor employer matching contributions of \$141,695 and \$121,426, respectively. In addition to the safe harbor contributions, the Plan Sponsor can elect to make a discretionary matching contribution. The Plan Sponsor elected not to make a discretionary matching contribution in 2024 or 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of Plan Sponsor contributions, and Plan earnings (losses). Plan expenses directly attributable to a particular participant are allocated to and paid from that participant's account for all current and former participants with an account balance. Each participant's account is charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their pre-tax and Roth contributions plus actual earnings thereon. Participants are also immediately 100% vested in the Plan Sponsor's safe harbor employer matching contributions. Vesting in the Plan Sponsor's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service.

SOUTHWEST HAZARD CONTROL, INC.
EMPLOYEES' SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

1. Description of Plan, continued

Forfeited Accounts

Forfeited non-vested accounts totaled \$37,914 and \$10,926 at December 31, 2024 and 2023, respectively. Forfeitures may first be used to pay plan expenses. Any forfeitures left after paying plan expenses may be used to reduce future employer contributions. During the years ended December 31, 2024 and 2023, plan expenses in the amounts of \$2,033 and \$1,125, respectively were paid from forfeited non-vested accounts. During the years ended December 31, 2024 and 2023, employer contributions were reduced by \$-0- and \$15,252, respectively from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms may not exceed five years, except for a loan to purchase a personal residence, and only one loan can be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. The interest rates on the loans range from 4.25% to 9.50%. Interest income is recorded when payments are made, which approximates accrual basis. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other severance of employment. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of years not exceeding the participant's normal life expectancy or the normal joint life expectancy of the participant and designated beneficiary. Participants who terminate service due to other reasons and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions for participants with vested account balances greater than \$1,000 but not in excess of \$7,000 who terminate employment and fail to make a distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who terminate employment and have a vested account balance greater than \$7,000 may choose a lump-sum distribution or partial payments.

Participants may withdraw at any time any rollover contributions made. A participant may make withdrawals from his or her entire vested account balance once the participant reaches age 59-½. Subject to certain limitations as defined by the Plan and applicable regulations, participants may take hardship withdrawals, qualified reservist withdrawals, penalty-free withdrawals for certain emergency expenses, penalty-free withdrawals for cases of domestic abuse, and withdrawals in connection with qualified federally declared disasters.

Retirement Plan Provisions Under the Secure 2.0 Act of 2022

Recently enacted legislation, known as SECURE 2.0 Act of 2022 (SECURE 2.0), implemented or will implement changes for tax qualified retirement plans, with some changes being more significant than others. Certain provisions for SECURE 2.0 were effective in 2022 and 2023, whereas other provisions are effective for 2024 or later years. Furthermore, many provisions are optional, including some that the Plan may adopt, while others it will not adopt.

1. Description of Plan, continued

Retirement Plan Provisions Under the Secure 2.0 Act of 2022, continued

SECURE 2.0 provisions which have been adopted by the Plan and are currently operationally effective include RMD rules required for 2024, an increase of the mandatory distribution limit from \$5,000 to \$7,000, the addition of penalty-free withdrawals for cases of domestic abuse and certain emergency expenses, and special rules for the use of funds in connection with qualified federally declared disasters.

Significant SECURE 2.0 provisions that are currently being evaluated for future implementation in accordance with regulations and guidance include:

- Beginning January 1, 2025, the catch-up contribution limit for participants aged 60 to 63 can be increased to \$11,250, which is the greater of \$10,000 or 150% of the regular catch-up amount for the applicable year. The increased amounts are indexed for inflation after 2025.
- Beginning January 1, 2026, age 50 of older catch-up contributions made by employees making more than \$145,000 per year (subject to indexing) must be made to Roth accounts. In Notice 2023-62, the Internal Revenue Service created an administrative transition period during which catch-up contributions by any Plan participant do not have to be made to Roth accounts until 2026.

The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of New Accounting Standard

In June 2016, the Financial Accounting Standards Board (FASB) issued guidance, Accounting Standards Update (ASU) No. 2016-13, Financial Instruments—Credit Losses (FASB ASC Topic 326): Measurement of Credit Losses on Financial Instruments, as amended by subsequent ASUs, which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in ASC Topic 326 are contributions receivable. The Plan adopted the standard effective January 1, 2023 using the modified-retrospective approach. There was no material impact to the financial statements as a result of the adoption of ASC Topic 326.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Cash and Equivalents

Cash equivalents represent money market funds or short-term investments with original maturity dates of three months or less from the date of purchase, except for those amounts which are invested for long-term purposes.

Investment Valuation and Income Recognition

Investments are reported at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and the insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions Receivable and Credit Loss Policy

Contributions receivable are financial assets held by the Plan that are subject to the guidance of FASB Topic ASC 326. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The Plan Sponsor has concluded that no allowance for current expected credit losses was necessary at December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses paid by the Plan include certain professional, administrative, and investment advisory fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Date of Management's Review

The Plan Sponsor has evaluated subsequent events and transactions that would impact the financial statements for the year ended December 31, 2024 through October 9, 2025, the date the financial statements were available to be issued. See Note 10 for a description of significant events that occurred after December 31, 2024.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary information, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation and/or depreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (FMTC, the Trustee).

The following information included in the accompanying financial statements and supplementary information was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2024	2023
Cash and equivalents	\$ 456,814	\$ 589,933
Investments measured at fair value – mutual funds	3,548,512	2,795,193
Total investments	\$ 4,005,326	\$ 3,385,126
Investment income	\$ 532,752	\$ 438,664

The Plan's independent certified public accountant did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The table below presents by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2024:

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,548,512	\$ -	\$ -	\$ 3,548,512
Total	\$ 3,548,512	\$ -	\$ -	\$ 3,548,512

The table below presents by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2023:

	Assets at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,795,193	\$ -	\$ -	\$ 2,795,193
Total	\$ 2,795,193	\$ -	\$ -	\$ 2,795,193

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are in proprietary investment options sponsored by FMTC, the trustee as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the Internal Revenue Code. Accordingly, the trust's net investment income is exempt from income taxes.

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Tax Status, continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has taken no uncertain tax positions requiring disclosure for the years ended December 31, 2024 and 2023.

8. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

9. Operational Errors

In September 2023, the Plan Sponsor identified an operational error in the administration of the Plan due to a Plan drafting error that resulted in an incorrect inclusion of an automatic increase feature for participants making automatic contributions to the Plan during the period from January 1, 2013 through December 31, 2023. Immediately upon discovery of the operational error, the Plan Sponsor engaged ERISA counsel to assist with correction of the operational error. On November 8, 2023, the Plan Sponsor amended the Plan document to remove the automatic increase feature, effective January 1, 2024.

On March 19, 2024, the Plan Sponsor submitted an application requesting a Compliance Statement pursuant to the Voluntary Correction Program (VCP) procedures of the Employee Plan Compliance Resolution System (EPCRS) administered by the IRS. The Plan Sponsor has proposed correction of the operational error by amending the Plan retroactive to January 1, 2013, to remove the automatic increase provision and align the Plan document with Plan operations. The proposed corrective approach is in line with both participant expectations and the principles of EPCRS Section 6.02. The Plan Sponsor does not anticipate that there will be any Plan cost associated with this correction. As of October 9, 2025, the date for which the Plan Sponsor has evaluated subsequent events, the application has been received and is under consideration by the IRS.

Plan management identified an operational error in the administration of the Plan during the year ended December 31, 2024. The operational error resulted in a missed employer safe harbor matching contribution for one impacted participant. As of October 9, 2025, plan management has remitted the required corrective contribution for the impacted participant and taken appropriate corrective action under the Employee Plans Compliance Resolution Program (EPCRS) administered by the IRS.

10. Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 9, 2025. SECURE 2.0 is addressed in Note 1. Corrective actions resulting from an operational error are addressed in Note 9. There are no additional subsequent events that require recognition or additional disclosure in these financial statements.
