INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Avocado Green Brands 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Avocado Green Brands 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended, December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Avocado Green Brands 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Avocado Green Brands 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Avocado Green Brands 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Avocado Green Brands 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Avocado Green Brands 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (continued)

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan #001

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of the Avocado Green Brands 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all full-time employees of Avocado Green Brands, LLC (“the Company”) who have attained the age of 21, completed 3 consecutive months of service with the Company and who are not covered by a collective bargaining agreement, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The entry date for participants is the first day of the month after you meet all of the applicable age and service requirements.

The Plan also entitles plan participants to make elective deferrals to Roth 401(k) accounts. These deferrals are included in the participant’s taxable income and, once deferred, are irrevocably designated as Roth elective deferrals.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, not to exceed annual dollar limitations imposed by the Internal Revenue Services (“IRS”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or defined contribution plans (“rollovers”).

Annually, the Company will make required safe harbor contributions to the Plan for eligible participants equal to 3% of their compensation and 50% match on the next 2% of their compensation, as limited by the Internal Revenue Code (“IRC”). The Company may also contribute a discretionary profit sharing contribution at such amounts allocated to eligible participants, pro rata, by class, based on compensation. In addition, the Company may make a matching contribution on behalf of eligible participants in an amount equal to either a percentage of compensation or a dollar amount as it directly relates to elective deferrals made during the year by eligible participants. Participants direct the investment of their contributions and those provided to them by the Company into various investment fund options offered by the Plan. Total safe harbor contributions for the year ended December 31, 2024 were \$389,085. There were no employer matching or profit sharing contributions for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and any Company contributions on their behalf, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The

Note 1 - Description of Plan (continued)

Participant Accounts (continued)

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral, safe harbor and rollover contributions, plus actual earnings thereon. With respect to the Company's discretionary portions, a participant is 25% vested after 1 year of continuous service increasing to 100% after four years. Additionally, a participant becomes 100% vested automatically upon retirement, death, disability or upon attaining age 65 while employed or if the Plan is terminated.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in the plan. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 8.0% through 8.5% per annum, maturing through November 2029. Interest on the notes is charged based on the prime rate of lending (as specified in the Wall Street Journal). Principal and interest are paid ratably through payroll deductions over the term of the notes. Any outstanding loans are due and payable upon termination of employment.

Payment of Benefits

Upon termination of service due to death, disability or retirement or normal retirement age of 65, a participant or beneficiary may elect to receive benefits in a lump sum or non-recurring partial payments. If a terminated participant's balance is between \$1,000 and \$5,000 they must take their vested balance from the Plan or the Plan administrator will roll it over to an individual retirement account ("IRA") that is established for the terminated participant. If a terminated participants' balance is less than \$1,000, an involuntary cash out distribution is paid and will distribute their account as a lump sum. Participants may request a distribution while still employed for financial hardships or after you reach 59 ½ years of age.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$4,838 and \$4,169, respectively. Forfeitures of non-vested account balance of terminated employees are used to offset Plan expenses or reduce the Company's contributions. There were no forfeitures utilized to reduce employer contributions during the year ended December 31, 2024.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 - Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and other fees from participants are charged directly to the participants’ accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing and matching contributions.

Note 4 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Trustee by a letter dated June 30, 2020 that its non-standardized pre-approved profit sharing plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and is exempt from income taxes. The Plan's administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 6 – Information Prepared and Certified by the Trustee (unaudited)

Certain information related to investments in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants held as of December 31, 2024 and 2023, net appreciation in fair value of the investments, dividend income and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Ascensus LLC acting as agent for Ascensus Trust Company (a wholly owned subsidiary), the ("Trustee") of the Plan.

Note 7 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Plan #001
Notes to Financial Statements
December 31, 2024 and 2023

Note 7 – Fair Value Measurements (continued)

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

- Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money market fund – Valued at the net asset value (“NAV”), which is the funds readily determinable fair value.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Note 7 – Fair Value Measurements (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 5,423,616	\$ -	\$ -	\$ 5,423,616
Money market fund	15,419			15,419
Investments at fair value	<u>\$ 5,439,035</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,439,035</u>

Assets at Fair Value as of December 31, 2023

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 4,117,945	\$ -	\$ -	\$ 4,117,945
Money market fund	124,222			124,222
Investments at fair value	<u>\$ 4,242,167</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,242,167</u>

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 are included in net appreciation in fair value of investments.

The Plan’s policy is to recognize transfers between level 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers between level 1 and 2 and no transfers into or out of level 3.

Note 8 – Related Party Transactions and Party-In-Interest Transactions

Plan investments as of December 31, 2024 include mutual funds and a money market account with Vanguard Group, Inc. who is the recordkeeper of the Plan. Ascensus LLC is the Trustee and custodian of the Plan. These transactions qualify as party-in-interest transactions. Investment management fees of \$7,776 were paid to Ascensus LLC for the year ended December 31, 2024. Ascensus LLC receives float revenue and collects all the fees and then passes them to Vanguard Group, Inc.
