## Independent Auditor's Report

To the Participants and Plan Administrator of the  
Callon Petroleum Company Employee Savings and Protection Plan  
Houston, Texas

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of Callon Petroleum Company Employee Savings and protection Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (liquidation basis) as of May 7, 2025 and December 31, 2024, and the related statements of changes in net assets available for benefits (liquidation basis) for the period of January 1, 2025 to May 7, 2025 and for the year ended December, 31 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103f the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 7, 2025 and December 31, 2024, and for the period of January 1, 2025 to May 7, 2025 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting***

As further discussed in Note 1 to the financial statements, Callon Petroleum Company, the Plan’s sponsor, made the decision to terminate the Plan on April 1, 2024 and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2025 and 2024 financial statements. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor’s Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplementary Information Required by ERISA***

The supplementary information listed in the table of contents as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Employee Savings and Protection Plan

### Notes to Financial Statements

#### Note 1. Description of the Plan

The following description of the Callon Petroleum Company Employee Savings and Protection Plan (the Plan) is provided only for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

##### General

Employees of Callon Petroleum Company (the Company) become eligible to participate in the Plan on the first eligibility date of their employment and attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 1, 2024, the Company, APA Corporation (APA) and Astro Comet Merger Sub Corp, a direct, wholly owned subsidiary of APA (Merger Sub) completed and closed the transactions contemplated by the Agreement and Plan of Merger (Merger Agreement), dated as of January 3, 2024, by and among the Company, APA, and Merger Sub. On the closing date, in accordance with the Merger Agreement, Merger Sub merged with and into Callon, with Callon continuing as the surviving corporation and a direct, wholly owned subsidiary of APA (the APA Merger). Effective one day immediately prior to the closing of the APA Merger (the Termination Date), the Company's Board of Directors terminated the plan, having previously frozen the plan as of March 23, 2024 (the Freeze Date). Consequently, all participants' plan eligibility was terminated on the close of the APA Merger, effective as of the Termination Date.

##### Plan Trustee and Recordkeeper

Fidelity Management Trust Company serves as trustee of the Plan (FMTC or the Plan Trustee). The Plan Trustee holds all of the Plan's investment assets and executes all of the Plan's investment transactions. Fidelity Investments Institutional Operations Company, Inc. (FIIOC) is the recordkeeper.

##### Contributions

*Employee contributions/deferrals:* Each participant may make voluntary before-tax or after-tax (Roth) contributions of 1% to 85% of his or her qualified annual earnings as defined by the Plan, subject to Internal Revenue Code (IRC) limitations for the current year. Employees expected to attain age 50 before the close of the taxable year are permitted to make catch-up contributions, of his or her qualified annual earnings up to a prescribed maximum in addition to the voluntary before-tax and after-tax (Roth) maximums.

For newly eligible participants and active participants without a contribution election on record, the Plan adopted an automatic enrollment feature whereby, unless those participants affirmatively elect otherwise, they are automatically enrolled in the Plan with pre-tax contributions equal to 2% of the employee's eligible compensation.

Employee contributions not received by the Plan by the end of each year are recorded as receivables within the statement of net assets available for benefits.

*Employer contributions:* The Company makes matching contributions in cash in an amount equal to 100% of participant deferrals up to 6% of each participant's eligible compensation. The Company may make non-matching contributions in such amounts as may be determined by the Company's Board of Directors, or its delegate, each plan year allocated to eligible participants whether or not the participant makes a contribution, subject to statutory limitations. Each non-matching contribution percentage is in relation to each participating employee's eligible compensation. For the years ended May 7, 2025 and December 31, 2024, the Company's Board of Directors elected to make a non-matching contribution of up to 2% of the employee's eligible compensation.

## Employee Savings and Protection Plan

### Notes to Financial Statements

Employer contributions not received by the Plan by the end of each year are recorded as receivables within the statement of net assets available for benefits.

#### **Rollover Contributions**

At the discretion of the Plan administrator, a participant in the Plan who is currently employed may be permitted to deposit into the Plan distributions received from other plans and certain IRAs. Such a deposit is called a "rollover". This rollover is accounted for in a "rollover account," and is 100% vested by the depositing participant. The participant may withdraw amounts in the "rollover account" only when an otherwise allowable distribution is permitted under the Plan.

#### **Participant Accounts**

Each participant's account is credited with the participant's salary deferral, the Company's matching and discretionary contributions, and earnings, expenses, gains and losses attributable thereto. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

#### **Investment Options**

Contributions are directed by participants into any of the investment options offered. Participants may change their investment options at any time.

Effective January 1, 2022, the Company eliminated the Company stock fund as an option for new investments within the Plan. Effective March 31, 2022, the Company eliminated the Company stock fund as an investment alternative available under the Plan. Prior to liquidation, participants had the opportunity to redirect contributions or transfer investments in the Company stock fund to other plan investments. Immediately following the liquidation date, the remaining shares of the Company's common stock held by participants in the Plan were liquidated. As a result, the shares of the Company's common stock that were previously held by participants in the Plan were reallocated to pre-determined lifecycle funds, giving participants access to initiate all transactions under the normal Plan rules.

#### **Vesting**

Participants are immediately vested in all contributions to the Plan made on their behalf including their voluntary contributions plus actual earnings thereon and in the Company's contributions and earnings thereon.

#### **Notes Receivable from Participants**

Notes receivable from participants (loans) are available to participants at a minimum amount of \$1,000. The maximum amount of any new loans, when added to the outstanding balance of existing loans from the Plan, is limited to the lesser of (a) \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the preceding twelve-month period or (b) one-half of the participant's vested interest in qualifying investments within the Plan. The Plan has allowed participants to have up to two regular loans or one regular loan and one residential loan.

Effective February 1, 2023, the number of outstanding loans for a participant was reduced to one loan. A participant with one or more existing loans may not apply for another loan until the current number of outstanding loans have been paid off. This change did not impact or change any previously outstanding loans.

In addition to the reduction to one outstanding loan, a 30 calendar day waiting period will apply after all outstanding loans have been paid off before a new loan application is permitted.

## Employee Savings and Protection Plan

### Notes to Financial Statements

Loans bear interest at a fixed rate, which is comprised of the U.S. Prime Interest Rate plus a 1.0% adjustment factor. At May 7, 2025 and December 31, 2024, the U.S. Prime Interest Rate was 7.50%. Participants have up to five years to repay the loan unless it is for a principal residence, in which case the repayment period is up to 10 years. Repayment is made through incremental payroll deductions, and the outstanding balance may be paid off in its entirety at any time without penalty. Each loan is collateralized by the borrowing participant's vested account balance.

#### **Payment of Benefits**

Benefits in the form of distributions are paid from the vested portion of a participant's balance (1) upon termination, (2) normal retirement, (3) disability, (4) death of the participant, or (5) under certain, limited circumstances, in-service withdrawals, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and all requirements must be met before requesting a hardship withdrawal. Upon termination of service, a participant may elect to (a) receive a lump sum equal to the value of the participant's vested interest in his or her account, (b) receive installments over a period not to exceed the participant's or beneficiary's assumed life expectancy, or (c) receive a partial withdrawal.

#### **Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plans subject to the provisions of ERISA. See Note 8, Plan Termination for discussion of the Company's merger with APA and resulting termination of the Plan.

## **Note 2. Summary of Significant Accounting Policies**

#### **Basis of Presentation**

The accompanying financial statements of the Plan have been prepared on the liquidation basis of accounting in accordance with Generally Accepted Accounting Principles in the United States (GAAP) and reflect all adjustments, including normal recurring adjustments, necessary to fairly present the financial results for the periods indicated.

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 6, *Fair Value Measurements*, for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

# **Callon Petroleum Company**

## **Employee Savings and Protection Plan**

### Notes to Financial Statements

#### **Contributions**

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

#### **Notes Receivable from Participants**

Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the period of January 1, 2025 to May 7, 2025, and for the year ended December 31, 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Administrative Expenses**

Certain expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Transactional fees and service fees related to the administration of the Plan are charged to the participant's account and may include processing fees for loans and benefit payments, general advisory fees, and real time trading fees. Participants incurred administrative expense of \$11,604 and \$63,225 for the period of January 1, 2025 to May 7, 2025 and for the year ended December 31, 2024 respectively. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

#### **Note 3. Tax Status of Plan**

Effective December 1, 2016, the Plan adopted a pre-approved defined contribution profit sharing plan with IRC Section 401(k) Cash or Deferred Arrangement (CODA), which received a favorable opinion letter from the IRS dated March 31, 2014. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. Effective May 25, 2022, the Plan adopted an amended and restated pre-approved defined contribution profit sharing plan within IRC Section 401(k), which received a favorable opinion letter from the IRS dated June 30, 2020. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Employee Savings and Protection Plan

### Notes to Financial Statements

#### Note 4. Party-in-Interest Transactions

The investments in mutual funds and the collective investment trust are monitored by our investment manager and plan administration consultant, Regions Bank. Since FMTC and FIIOC provide services to the Plan as the Plan Trustee and record keeper, the transactions in these investments, as well as investments in employer securities and notes receivable from participants, qualify as exempt party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Fees paid by the Plan to FMTC and Regions for certain administrative services totaled \$11,604 and \$63,225 for the period of January 1, 2025 to May 7, 2025, and for the year ended December 31, 2024 respectively.

#### Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

#### Note 6. Fair Value Measurements

Fair value measurements are classified according to a hierarchy that prioritizes the inputs underlying the valuation techniques. This hierarchy consists of three broad levels:

- Level 1 Inputs consist of unadjusted quoted prices for identical instruments in active markets and have the highest priority.
- Level 2 Inputs consist of quoted prices that are generally observable for the instrument.
- Level 3 Inputs are unobservable and have the lowest priority.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at May 7, 2025 and December 31, 2024.

*Mutual funds:* Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price (Level 1).

*Collective investment trust:* Investments in the collective trust are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

## Employee Savings and Protection Plan

### Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 7, 2025 and December 31, 2024:

	May 7, 2025	December 31, 2024
Level 1:		
Mutual funds	\$ -	\$ 29,472,941
Common/collective trust measured at NAV	-	2,225,501
	\$ -	\$ 31,698,442

#### **Note 7. Certified Investments**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at May 7, 2025 and December 31, 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the period of January 1, 2025 to May 7, 2025 and for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC, the trustee/custodian of the Plan.

#### **Note 8. Plan Termination**

##### **Change in Ownership of Plan Sponsor and Plan Termination**

Effective April 1, 2024, the Company was acquired by APA Corporation, which resulted in a change in ownership and all contributions were previously discontinued, effective as of the Freeze Date, including elective deferral contributions made on behalf of participants. All participants in the Plan became 100 percent vested in their respective Company contribution account balances and sources. The Plan assets were fully liquidated and distributed to participants in May 2025.
