## Independent Auditor's Report

To the Plan Administrator  
Toledo Technologies Hourly Pension Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the financial statements of Toledo Technologies Hourly Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2023 and the related statement of changes in accumulated plan benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator  
Toledo Technologies Hourly Pension Plan

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

### ***Auditor's Responsibilities for the Audits of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator  
Toledo Technologies Hourly Pension Plan

**Supplemental Schedules Required by ERISA**

The supplemental schedules of assets held at end of year as of December 31, 2024 and reportable transactions for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Note 1 - Plan Description

The following description of Toledo Technologies Hourly Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined benefit pension plan sponsored by GT Technologies, Inc. (the "Company"). The Plan participated in the GT Technologies, Inc. Master Trust (the "GTT Master Trust"), which was established to hold the assets of the Plan and assets of other defined benefit pension plans sponsored by the Company. Effective April 1, 2023, the Company elected to terminate the GTT Master Trust, at which time the attributable assets of the Plan were spun off to a new trust. For the period from January 1, 2023 to March 31, 2023, the GTT Master Trust had investment income of approximately \$2,463,000 from net realized and unrealized gains on investments. Investment income and administrative expenses relating to the GTT Master Trust were allocated to the individual plans based upon average monthly balances invested by each plan. The administrative committee of the Plan and the plan administrator control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

#### **Eligibility and Vesting**

Generally, all hourly employees represented by either the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America Local Toledo Stamping Division No. 12 and Precision Components Division Local Union No. 12 (collectively, UAW Local 12) or UAW Local No. 4444 (UAW Local 4444) are eligible to participate in the Plan.

Any employee of UAW Local 12 hired or rehired after April 1, 2007 shall not be eligible to participate in the Plan and earn additional credited years of service. In addition, any employee of UAW Local 4444 hired after May 1, 2008 shall not be eligible to participate in the Plan.

Employees are fully vested for normal retirement benefits after five years of service. There is no partial vesting of benefits.

#### **Pension Benefits**

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, death, and disability benefits. The individual pension benefit is equal to credited service times a monthly pension basic benefit. Special provisions for retirement at other than the normal retirement age, as well as death and disability provisions, are described in the Plan and union agreements. Employees with at least 10 years of vesting service and who are age 55 may elect early retirement at a reduced monthly retirement benefit payable immediately after attaining age 55 in accordance with the plan document.

For participants included in the UAW Local 4444 union and UAW Local 12 union, the monthly pension basic benefit rate that is multiplied by participants' credited years of service is \$38 and \$32, respectively.

Participants in UAW Local 12 with less than 30 years of credited service receive their pension supplement benefit on the first day following the later of their 58th birthday or their retirement date through the participants' 62nd birthday.

December 31, 2024 and 2023

### Note 1 - Plan Description (Continued)

#### ***Payment of Benefits***

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested value of the participant's accumulated plan benefits if less than \$5,000 or in various installment annuities.

#### ***Party-in-interest Transactions***

Certain plan assets are in investment funds managed by John Hancock Trust Company LLC. John Hancock Trust Company LLC is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. The Company also paid certain administrative fees on behalf of the Plan.

### Note 2 - Summary of Significant Accounting Policies

#### ***Investment Valuation***

The Plan's investments are stated at fair value. The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which are based on the fair value of the funds' underlying assets. The interest-bearing cash is valued at fair value based on its outstanding balance. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

#### ***Benefit Payments***

Benefits are recorded when paid.

#### ***Actuarial Present Value of Accumulated Plan Benefits***

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to the following:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

Benefits are calculated based on active employees' credited years of service multiplied by a specified pension multiplier.

#### ***Actuarial Assumptions***

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

December 31, 2024 and 2023

### Note 2 - Summary of Significant Accounting Policies (Continued)

The significant actuarial assumptions used in the valuation of the Plan at December 31, 2023 are summarized as follows:

Actuarial cost method	Standard unit credit cost method
Interest rate	5.00 percent per annum
Mortality basis	Amounts-weighted aggregate rates from the Pri-2012 mortality study with blue collar adjustments projected generationally from 2012 with scale MP-2021
	Amounts-weighted aggregate disabled retiree rates from the Pri-2012 mortality study projected generationally from 2012 using scale MP-2021
Retirement	Normal retirement age of 65, but in no case earlier than age of 55

The increase in accumulated plan benefits due to changes in actuarial assumptions for the 2023 valuation was due to a change in the interest rate of 5.19 percent per annum to 5.00 percent per annum.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

#### ***Risks and Uncertainties***

Contributions to the Plan and the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

#### ***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 10, 2025, which is the date the financial statements were available to be issued.

### Note 3 - Certified Information

John Hancock Trust Company LLC (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions, including master trust information included in Note 1, are based solely on information certified by the Trustee.

**Note 4 - Fair Value Measurements**

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

**Level 1**

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

**Level 2**

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

**Level 3**

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024	
	Investments (at Fair Value)	Level 2

- (1) This class represents investments in actively managed common collective trust funds that are direct filing entities.
- (2) This class represents investments in actively managed common collective trust funds with investments in real estate. The investments may include real estate property or real estate investment funds.

There were no unfunded commitments or redemption restrictions on the investments described above.

**Note 5 - Plan Termination**

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

**Note 6 - Tax Status**

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Surviving Spouse Benefit	It is assumed that 100% of males and 100% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit and Compensation Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2022 Plan Year	6.00%

## Schedule SB, line 22 – Description of Weighted Average Retirement Age

The average retirement age shown in line 22 has been calculated by assuming the following retirement rates and no decrements other than retirement for this calculation. All retirements are assumed to occur at mid-year, except for the 100% retirement age.

(a) Age	(b) Rate	(c) Weight	(d) Product (a) × (b) × (c)
55.5	2.00%	1.0000	1.11
56.5	2.00%	0.9800	1.11
57.5	2.00%	0.9604	1.10

## Schedule SB, line 23 — Information on Use of Multiple Sets of Mortality Tables

The 2024 generational mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(b) was used for healthy lives while the Revenue Ruling 96-7 Mortality Table was used for disabled lives. Currently there are two disabled lives in this population.

Surviving Spouse Benefit	It is assumed that 100% of males and 100% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit and Compensation Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.  A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2022 Plan Year	6.00%
2023 Plan Year	6.90%
2024 Plan Year	6.65%
Trust Expenses Included in Target Normal Cost	\$116,000 Based on the prior year actual plan administrative expenses (excluding PBGC premiums), plus the estimated PBGC premiums for the current year, rounded to the nearest \$1,000.
Actuarial Method	Standard unit credit cost method
Valuation Date	January 1, 2024

## Schedule SB, Part V – Summary of Plan Provisions

### UAW Local No. 12

Effective Date Amended and restated effective December 31, 2008.

Participation Members of UAW Local No. 12 on date that unit began participating or hired at a later date.

Participation in the plan was closed for new hires after April 1, 2007.

### Normal Retirement

Eligibility Age 65.

Benefit A monthly pension equal to a dollar amount multiplied by the number of years of credited service. The dollar amount is determined according to the following table:

Date of Retirement	Dollar Amount
<b>TSD Employees</b>	
After 4/1/2003	\$24.00
After 4/1/2004	\$26.00
After 4/1/2005	\$27.00
After 4/1/2010	\$28.00
After 4/1/2012	\$29.00
After 4/1/2016	\$30.00
After 4/10/2019	\$32.00
<b>PCD Employees</b>	
After 4/1/2003	\$20.00
After 4/1/2004	\$22.00

 EIN: 34-1526359 PN: 110

Disability Retirement

**Eligibility** Ten years of credited service and total and permanent disability.

**Benefit** The monthly disability retirement benefit is equal to the accrued normal retirement benefit. This amount is doubled until the participant becomes eligible for the unreduced Social Security benefit or reaches age 65, whichever occurs first.

Pension Supplement

**Eligibility** Early retirement or disability retirement.

**Benefit** A monthly pension payable from age 55 to age 62 (age 58 to age 62 if less than 30 years service) equal to a dollar amount multiplied by the number of years of credited service. The dollar amount is determined according to the following table:

Date of Retirement	Dollar Amount
<b>TSD Employees</b>	
Before 4/1/2004	\$16.00
After 4/1/2004	\$18.00
After 4/1/2010	\$19.00
After 4/1/2012	\$20.00
After 4/1/2016	\$25.00
<b>PCD Employees</b>	
After 4/1/2002	\$16.00
After 4/1/2004	\$17.00
After 4/1/2005	\$18.00
After 4/12/2016	\$25.00

Termination Benefit

**Eligibility** Five years of eligibility service.

**Benefit** The monthly termination benefit is equal to the accrued normal retirement benefit, payable after age 55 and reduced 6% for every year that benefit commencement precedes age 65.

Benefit	60% of the benefit the participant would receive had he retired on the day of his death, survived to age 55 and elected the 60% contingent annuitant option.

Medicare Supplement

Eligibility	Retired and age 65.
Benefit	
TSD Employees	\$75 per month.
PCD Employees	\$75 per month.

Unreduced Form of Payment	Life annuity.
---------------------------	---------------

Normal Form of Payment

With Eligible Spouse	60% contingent annuitant option.
Without Eligible Spouse	Life annuity.

Optional Forms of Payment	None.
---------------------------	-------

Definitions

Credited Service	Any calendar year in which the employee has 1,600 or more hours of service is counted as a full year toward credited service. For a calendar year with less than 1,600 compensated hours, 1/12 year of credit is given for every 133 hours, with an additional 1/12 year if the remaining hours are 67 or more.
------------------	---

Eligibility Service	Eligibility service is credited only for each year in which the employee received compensation for 1,000 or more hours. If at retirement or termination eligibility service is less than credited service, eligibility service is set equal to credited service.

Definitions

Credited Service

Any calendar year in which the employee has 1,600 or more compensated hours is counted as a full year toward credited service. For a calendar year with less than 1,600 compensated hours, 1/12 year of credit is given for every 133 hours.

Eligibility Service

Eligibility service is credited a year for each year in which the employee received compensation for 1,000 or more hours. If at retirement or termination eligibility service is less than credited service, eligibility service is set equal to credited service.
